1. Charging

1. Put the earphones in the charging case (included).
2. Connect the charging case to the AC adapter (not included) with the USB-C cable (included).

It will take approx. 3 hours from empty to full charge.

The earphones can be used for approximately 7 hours when the battery is fully charged.

- If necessary, use the included USB adapter (Type-C to Type-A connector) for connection.
- You can also charge it with a wireless charger (not included).

2. Pairing with Bluetooth device

1. Open the lid of the charging case.

The earphones will automatically turn on, and the pairing mode will be activated.

2. Activate Bluetooth function of the Bluetooth device to be connected.
3. Select the "DENON AH-C840NCW" appears on the Bluetooth device to be connected.

- To pair with other Bluetooth devices, put the earphones in the charging case, and press and hold button on the rear of the charging case for 2 seconds or more with the lid open. The LED on the charging case blinks slowly in white, and enters pairing mode.
- If you are requested to enter a PIN code (pass key), enter "0000" (four zeros).

3. Playback music

Tap the touch sensor of the right earphone to play/pause, forward and backward.

- Use the Bluetooth device to control the volume.

4. Conducting phone calls

When an incoming call is received, tap the touch sensor of the right earphone twice to answering an incoming call. During a call, tap the touch sensor of the right earphone twice to end the call.

- The above operation can be also performed with the touch sensor on the left earphone.

5. Downloading the app

The app allows you to customize earphones settings. Go to the Apple App Store or Google Play and search for "Denon Headphones" to download and install.
