Lamps

Change Your Life

Bulb specifications: E26*1

Voltage: 110V 60Hz

Application: indoor

Q Can the wall light be used outdoors?

A Please note that the lamps are for indoor use only and are not rainproof.

Q What are the installation methods and accessories?

A Please check the instruction diagram on the back for installation steps. And we will give you 1 extra set of accessories to avoid incomplete accessories (including screws and wiring caps).

Q What are the specifications of the bulbs used in the wall light?

A Only for E26 bulb, dimmable bulb, LED bulb, etc. are supported.

Q What types of wall switches are supported?

A Support normal switch control and dimmer switch control (dimmer switch requires dimmable bulbs).

Q What can I do if the light does not turn on after installation?

A 1. Make sure the wiring is secure, 2. check the bulb, 3. check that the metal contacts in the head are intact.

Q What should I do when I receive the wall sconce and find that it is damaged?

A The wall sconce is customized with pearl cotton for protection, but damage caused by transportation cannot be ruled out. Don't worry, contact us and we will send you a brand new one for free!

Q What if I have been using the wall sconce for a few months and it doesn't work?

A 1. Please check the light bulb, 2. If the wall sconce still doesn't work, please contact me through amazon
