# Let's get started

---

## **STEP 1: Download the Roku Smart Home app**

Scan the QR code below to download the Roku Smart Home app on your smartphone. Sign in with your Roku account or create one.

Message & data rates may apply.

## STEP 2: Install your doorbell & chime

In the Roku Smart Home app, tap the “+” button, then “**Add Device**” to find “**Video Doorbell**.” Follow the instructions to finish setup.

### Recommended location

Install your doorbell less than 6.5 feet above ground level.

# What's that light mean?

| Doorbell                                 | State                         |
|------------------------------------------|-------------------------------|
| <b>YELLOW</b> - Solid                    | Powered                       |
| <b>YELLOW</b> - Flashing                 | Waiting for connections       |
| <b>YELLOW</b> and <b>BLUE</b> - Flashing | Connecting to router          |
| <b>BLUE</b> - Flashing                   | Connected to external network |
| <b>BLUE</b> - Solid                      | Connected and working         |

| Chime                  | State                 |
|------------------------|-----------------------|
| <b>YELLOW</b> - Solid  | Powered               |
| <b>BLUE</b> - Flashing | Connected to network  |
| <b>BLUE</b> - Solid    | Connected and working |

## **FCC WARNING**

Any change or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

## **FCC RADIATION EXPOSURE STATEMENT**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20 cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

## **WARNING**

Do not use the battery near a heat source. Do not use the battery near fire or an oven, or in an ambient temperature exceeding 80°C. Over-heating may cause an internal short-circuit, heat generation, smoking, deformation or burning. Wall mount (mounting height < 2m), tma is 50°C.
