Honeywell Pro-Watch Integrated Security Suite

Honeywell Pro-Watch Integrated Security Suite platform, provides robust, global integrated access control, video surveillance and intrusion detection in a single view to protect staff, property, optimize productivity and comply with strict industry regulations all while reducing operational costs. Our customers can seamlessly access all the features of the Pro-Watch™ Integrated Security Suite, which combines the power of Pro-Watch Access Control, Pro-Watch Intelligent Command and Pro-Watch VMS into one powerful security management solution, along with all the benefits provided by Microsoft Azure by running Pro-Watch Integrated Security Suite through a Microsoft Azure subscription.
