Comes with a USB power cable.</li> </ol>		
<b>Features</b>	<p>The Dash &amp; Windshield Mount is a Qi-certified car mount designed for maximum convenience and power on the road. Mount your smartphone in seconds thanks to the auto-sensing feature powered by a proximity sensor. Simply place your phone near the mount cradle to engage the silent servo motor and the arms will automatically open and close to secure the device.</p> <p>The easily adjusts thanks to a telescopic arm that extends from 4.5" to 6.75" and rotates on a 260° arc. The mount face is designed with a versatile ball joint that rotates, swivels, and tilts a full 360° so you can find the perfect viewing angle. Securely install the on your dashboard or windshield via a super strong, reusable suction cup. Experience a safer, more convenient driving experience</p>		
<b>Compatibility</b>	The magnetic mounting face is designed for use with MagSafe compatible iPhones and cases. Compatible devices include the iPhone 16, iPhone 16 mini,OR iPhone 13 Pro, iPhone 13 Pro Max, and the iPhone 12 series.
