

D-BOX G5

Quick Start Guide

PACKAGE CONTENT

OPTIONAL COMPONENTS (SELECTED AT ORDER)

1 | INSTRUCTION MANUAL

Download the instruction manual for reference if needed.

2 | UNBOXING

- 1 Unpack the product from the box.
- 2 Visually inspect the product for damage.
- 3 If any part appears to be broken, contact D-BOX Support Team.*

3 | INVENTORY

Ensure that you have all the components to assemble your system. Refer to the "Package Content" section.

4 | VOLTAGE SELECTION

Set all **haptic actuators** to meet your region power voltage by using the switch selector located underneath the casing.

5 | HAPTIC ACTUATOR ENDINGS

NON-CAPTIVE ENDINGS

G5 haptic actuators come native with non-captive endings. Once the actuators are installed on your platform, simply drop the actuators into the provided metal cups:

CAPTIVE ENDINGS (OPTIONAL)

Please refer to the instruction manual for detailed instructions. **Never operate the haptic actuator without the ending installed. This may lead to irreparable damages to the actuator:**

D-BOX G5

Quick Start Guide

6 | BRACKETS INSTALLATION

Attach your haptic actuators to the "U" or "L" brackets using the provided screws. "U" brackets should be mounted first on your platform:

7 | CONNECT YOUR SYSTEM

Connect your haptic actuators to the haptic bridge as per the diagram below. For 1, 2 & 3 actuators configuration, please refer to the instruction manual:

8 | SOFTWARE INSTALLATION

- 1 Download the D-BOX Motion Core (drivers) at: www.d-box.com/en/software-downloads
- 2 Extract & Install Motion Core on the computer (PC) that will be connected to your motion system.
- 3 For additional information on Motion Core, read the Help Section available in the application.

9 | SYSTEM CONFIGURATION

- 1 Download System Configurator at: www.d-box.com/en/software-downloads
- 2 Extract the compressed file and run the installer. The user guide is provided in the compressed file.
- 3 Connect your Haptic Bridge to your computer with the USB cable provided with your system.
- 4 **Firmware update:** D-BOX upgrades the components firmware on a regular basis. We recommend that you update your equipment to the latest firmware version, upon reception, using the System Configurator.
- 5 **Configuration update:** Your Haptic Bridge comes with a blank configuration. You need to configure your Haptic Bridge to match your haptic system configuration using the System Configurator.

10 | CONNECT & PLAY

- 1 Create your D-BOX Connect account at: <https://connect.d-box.com/>
- 2 Your haptic system is now ready to use. Make sure the haptic actuators go through their homing sequence. If the product is not working as intended, please contact the D-BOX Support Team.
