- Pyrolytic self-cleaning function breaks down food residue for an easy clean
- Non-tip, full-extension shelves for safe removal of hot dishes

DIMENSIONS

Height	690mm
Width	760mm
Depth	610mm

FEATURES & BENEFITS

COOK WITH CONFIDENCE

Our touchscreen interface provides an intuitive guided cooking experience that helps deliver perfect results, whether you've been cooking all your life or just starting out. Cook with a favourite method, a hero ingredient, or a go-to cooking function or recipe.

GENEROUS CAPACITY

With an incredible 115L total capacity in each oven, you can create many perfectly cooked dishes at once using multiple

shelves.

MULTI-FUNCTION FLEXIBILITY

The cooking functions have each been tailored, tested, tweaked and perfected to ensure that no matter what you're cooking, you've got the right heat to match. A food probe precisely monitors cooking in real time, giving you complete control.

EXCEPTIONAL PERFORMANCE

AeroTech circulates heat evenly for a consistent temperature throughout the cavity, helping you ensure perfect results even when cooking on multiple shelves.

SELF-CLEANING

Our pyrolytic self-cleaning technology breaks down food residue at a very high temperature, leaving light ash easily removed with a damp cloth. The enamel-coated side racks don't need to be removed when using this function.

DESIGN FREEDOM

Available in an elegant black or a stylish black with stainless steel, this oven is designed to fit seamlessly into your kitchen. Premium materials and detailing support a cohesive, considered kitchen design.
