4 in

charging

- Full charge requires approximately 2-3 hours
- Charging is complete when red light turns off
- Open the silicone cover, plug USB-C end of charging cable into the speaker
- Plug USB end of charging cable into a power supply of at least DC 5V 1A

TWS (True Wireless Stereo) pairing

- You can pair two speakers of this same model together to get true stereo sound
- Turn Bluetooth off on your device, place two matching speakers together, hold them on, double press play/pause button to enter TWS paring
- The speakers will automatically pair with one another, you will hear a chime when they pair
- After the speakers are paired, use your device to connect to HEYDAY SPEAKER 12
- Pairing of multiple speakers does not rely on the "Dual Audio" feature of newer phones

troubleshooting

- If the speaker is not working correctly, turn power on/off to restart
- If the speaker won't turn on, recharge the battery and try again
- If the speaker won't charge, make sure the supply works, is 5V 1A, and not damaged
- If the speaker makes no sound or does not show as an available device, make sure it is not paired with other devices, if so power off the speaker and hold power button 8

need some help?

Can't get it to pair? Just have a question?
