Safety Instructions

1. We recommend that the chair be assembled with the help of a second person.
2. To avoid any possibility of the chair tipping over, ensure that the weight on the chair is evenly distributed.
3. Ensure you keep your feet on the ground at all times.
Do not sit on the armrests.
4. Do not place heavy objects on the chair and do not use it as a ladder.
5. Avoid direct sunlight to ensure plastic components do not become brittle.
6. Do not use aggressive cleaning agents to clean the chair.
7. The chair is classified as a type-C office work chair.
8. Attention! Only instructed personnel should replace or work on the chair adjustment elements.
9. We recommend using the chair only on standard, even floor surfaces and only indoors.
10. Ensure that all parts are intact and properly installed. Incorrect installation may result in injury. Damaged parts can affect safety and function.
11. Do not use the chair when parts are damaged or missing.
Damaged parts can affect safety and function.
12. Never stand on the chair, use as a ladder, climbing aid or the like.
13. Keep small parts and packaging away from children.
There is a risk of suffocation!
14. The chair is not a children's toy. Keep babies and toddlers away from the swivel chair.
15. With sensitive hard floors (e.g. laminate, cork, parquet), use a commercially available floor protection mat.
16. The manufacturer assumes no liability for direct damage or consequential damage resulting from improper use or non-observance of the instructions.
17. The chair is durable up to 150 kg.

Five-Star Base and Gas Lift Piston

Connect Backrest with Seat Base

Connect Armrests with Seat Base

Linking the Parts

Attention! To avoid damage to property or personal injury, ensure that the gas lift piston and chair mechanism are mounted correctly!

Connect Headrest with Backrest

Adjust Tilt

Once unlocked, slight pressure must first be applied to the backrest before the chair is released from the currently locked angle.

Adjust Chair Height

The chair can only be lowered when there is pressure on the seat base.
The chair can only be raised when there is no pressure on the seat base.

Adjust Seat Depth

Adjust Tilt Tension

Adjust Armrests

Adjust Backrest

Adjust Headrest
