

LEXUS REPLACEMENT SCREEN - MOUSE/TOUCHPAD WIRING DIAGRAM

READ BEFORE USE

1. Please follow this wiring diagram. Video installations available on Youtube channel @hamiltonmotorcompany
2. Long holding the "Menu" button (three seconds) to switch between Hamilton interface and factory interface on screen.
3. To use CarPlay/Android Auto, ensure vehicle is set to factory "Aux" mode. Audio modes may be toggled using "Mode" button on steering wheel. Turn factory BT off for Carplay.

For 2019-2020IS models, please use included LVDS adapter.

Hold **MENU** for 3 seconds to swap between OEM and Hamilton OS
