

X3 Lite

True Wireless In-Ear Headphones

— Manual —

BC

EN 1. Power ON/OFF

White LED lit for 1s

1. Power ON when taken out of the case.
2. Power OFF when placed in the case.

Note:

If there is no Bluetooth connection for 10 minutes after powered on, the earbuds will power off automatically.

2. Pairing

1st Pairing

1. Taken out of the case. White and red LEDs will blink alternately.
2. Select "EDIFIER X3 Lite" in Bluetooth device setting to connect.

White LED will blink twice in 5 seconds when successfully.

Note:

For subsequent use, the earbuds will automatically connect to the device used last time.

3. Reset

1. Taken out of the case.

2. Disconnected from any Bluetooth device. Press and hold the touch panel on either earbud for around 8s until red LED blinks 6 times to clear the Bluetooth pairing records and power off. If the left and right earbuds are connected, the other side will clear the Bluetooth pairing record and power off too.

3. Placed back in the case and taken out of the case again.

4. Select "EDIFIER X3 Lite" in Bluetooth device setting to connect.

White LED will blink twice in 5 seconds when successfully.

4. Left & Right connection

1. If there is no Bluetooth connection and TWS connection when earbuds are powered on, respectively tap the touch panel 5 times on both earbuds until white LED blinks slowly to enter TWS pairing mode. Once the left and right earbuds are connected successfully, white and red LEDs will blink alternately to enter Bluetooth pairing mode.

2. Select "EDIFIER X3 Lite" in Bluetooth device setting to connect.

White LED will blink twice in 5 seconds when successfully.

5. Charging

Earbuds

1. When hearing a low battery prompt tone, please place the earbuds in the case for charging.
2. Red LED on earbud is steady lit when charging and off when fully charged.

Charging Case

1. Please connect the case to power source with the included Type-C charging cable for charging.
2. Red LED is steady lit when charging and off when fully charged.

Note:

Please do not charge the earbuds when there is sweat or other liquids inside the charging port, which may damage the earbuds.

Input: 5V \Rightarrow 200mA (Earbuds)

5V \Rightarrow 1A (Charging case)
