1

i Tips

To ensure the best possible wireless performance, please make sure there are no obstacles and electromagnetic interference between the camera and hub.

2

3 Pairing with the Hub

- 1 Press the SYNC button, and then the indicator on the base station flashes with white light.

- 2 Press the SYNC button, and then the indicator on the camera flashes with green light.

- 3 ● The system indicator on the Hub stays on with white light for 10 s, and then off.
● The indicator on the camera stays on with green light for 10 s, and then off.

Note: You can pair six cameras at most with one Hub, and pair one camera at a time. Keep the distance of the Hub and the camera within 30 cm (12 inches) during pairing.
