Premium Aquarium Kit

Product Information

Package Contents

- Glass aquarium
- Internal cascade filtration system
- Pro filter media set:
 - Bio sponge
 - Activated carbon filter cartridge
 - Bag of ceramic rings
- LED lighting system
- 100 W aquarium heater
- Submersible thermometer
- 4” fish net
- Aeration system
 - Air pump
 - Air stone
 - 3m plastic tubing
 - Check valve
- User manual

Specifications

Tank shape: Cuboid	Additional tools required: No
Tank material: Glass	Location: Indoor use only
Filter included: Yes	Country of origin: China
Heater included: Yes	Warranty included: Yes
Lighting included: Yes	Warranty length: 1 year
Light source: LED	
Thermometer included: Yes	
Adult assembly required: Yes	

Drip Loop Precaution

WARNING: To avoid electric shock or other severe hazards, it is important to utilize a drip loop with your power cords. A drip loop prevents water droplets from reaching the electrical outlet.

To make a drip loop, simply drop the power cord below the level of the outlet you’re plugging into. This way if any water gets on the cord, it will drip off before it reaches the electrical outlet.

1. Setting up the Aquarium

- Place the aquarium on a strong, flat, level surface near an electrical outlet.

3. Add Plants & Décor

- Add rinsed plants and other décor to the desired location of the aquarium.

*Plants and other décor sold separately.

2. Add Gravel

- Carefully add rinsed gravel into the bottom of the aquarium. Then, spread the gravel evenly so it measures about 1" – 3" from the bottom.

*Gravel sold separately.

4. Add Water

- Add room-temperature water into the aquarium until the surface of the water is about 2" – 3" from the top rim of the aquarium. Then, add in water conditioner.

TIP: Pour water slowly into the aquarium to avoid moving pieces of gravel or décor around.

*Water conditioner sold separately.

5. Install Filter

1. Clean the bio sponge, activated carbon filter cartridge, and bag of ceramic rings and set them to the side.

2. Connect the filter shelving to the top of the main filter body.

3. Next, feed the air intake tube and power cord through the hole and out the back of the aquarium. Then, place the filter assembly into the aquarium.

4. Next, connect the tubing to the top of the main filter body.

5. Finally, insert the bio sponge, activated carbon filter cartridge, and bag of ceramic rings under the tubing.

Filter media set contains:

- Bio sponge:
Filters out solid particles and debris from water. This should be changed out every month.
- Activated carbon:
Removes odors and discoloration from water. This should be changed out every month.
- Ceramic rings:
Provides surface area for beneficial bacteria to colonize and break down organic waste. This should be changed once a year.

6. Add Thermometer and Heater

- Place the thermometer on the inside of the aquarium.

- Place the heater inside the aquarium.

7. Install Aeration System

- See the following steps on "Assembling the Aeration System."

Assembling the Aeration System

1. Determine the appropriate length of the plastic tube needed for the aquarium and cut off the excess tubing.

NOTE: The tube should be able to reach from the air pump outside of the aquarium to the air stone that will be placed at the bottom of the aquarium.

2. Cut the tube that you are going to use for aeration in half.

3. Connect the two halves of the tube to the check valve.

AIR PUMP → AIRSTONE

NOTE: Make sure the check valve is kept outside the aquarium and the tube utilizes the drip loop method to keep the air pump from getting wet.

4. Connect the air stone to one end of the tube.

NOTE: Make sure the black plug in the check valve is pointing towards the air stone.

5. Connect the air pump to the other end of the tube.

Acclimating a Fish to a New Aquarium

*Wait 24 hours before adding fish.

1. Let the bag containing your fish float in the aquarium for 20 – 30 minutes.
2. Once the bag reaches the same temperature as the tank, open the bag and add a cup of aquarium water to the bag.
3. Reseal the bag and repeat step 2 every 5 minutes.
4. After 30 minutes, use the fish net to move the fish from the bag to the aquarium.

Operating the Lighting

- Once the lighting hood is closed and the power cord is plugged in, use the button on the top of the lighting hood to turn on the light and set the mode.

- Press the power button on the aquarium hood again to switch between the modes:

Daylight mode

Nightlight mode

Aquarium Hood

Maintaining the Aquarium

- Only keep the lighting on for 8 – 10 hours during the day and turn off the lighting system at night.
- Give your fish a small pinch of food 2 – 3 times a day. Be mindful to avoid overfeeding. Overfeeding can lower water quality and clarity.
- Only change 25% of the aquarium water once per month. Never empty all the water out of the aquarium.
- Do not overcrowd the aquarium. Rule of thumb: 1” of fish for every gallon of water. This may vary depending on the species of fish.
- Do not place aquarium in direct sunlight.

Safety Precautions

WARNING! Please read and understand all safety precautions, setup instructions, and care/maintenance instructions before operating this appliance. Keep this manual for future reference.

1. Danger – To avoid possible electric shock, special care should be taken since water is employed in the use of aquarium equipment. For each of the following situations, do not attempt to repair yourself; return the appliance to an authorized service facility for service or discard the appliance:
 - A. If the appliance falls into the water, DO NOT reach for it! First unplug it and then retrieve it. If electrical components of the appliance get wet, unplug the appliance immediately.
 - B. Carefully examine the appliance after installation. It should not be plugged in if there is water on parts not intended to be wet.
 - C. DO NOT operate any appliance if it has a damaged cord or plug, if it is malfunctioning or if it is dropped or damaged in any manner.
 - D. To avoid the possibility of the appliance plug getting wet, position the aquarium stand and tank to one side of a wall mounted receptacle to prevent water from dripping onto the receptacle or plug. A “drip loop” should be arranged by the user for each cord connecting an aquarium appliance to the receptacle. The “drip loop” is the part of the cord below the level of the receptacle, or the connector if an extension cord is used, to prevent water traveling along the cord and coming in contact with the receptacle. If the plug or receptacle does get wet, DO NOT unplug the cord. Disconnect the fuse to the circuit breaker that supplies power to the appliance. Then, unplug and examine for the presence of water in the receptacle.
2. Close supervision is necessary when any appliance is used by or near children.
3. To avoid injury, DO NOT contact moving parts or hot parts such as heaters, reflectors, lamp bulbs, and so on.
4. Always unplug the appliance from the outlet when not in use, before putting on or taking off parts, before cleaning. Never yank the cord to pull plug from outlet. Grasp the plug and pull to disconnect.
5. DO NOT use an appliance for other than intended use. The use of attachments not recommended or sold by the appliance manufacturer may cause an unsafe condition.
6. DO NOT install or store the appliance where it will be exposed to the weather or to below freezing temperatures.
7. Make sure an appliance mounted on a tank is securely installed before operating it.
8. If an extension cord is necessary, a cord with a proper rating should be used. A cord rated for less amperes or watts than the appliance rating may overheat. Care should be taken to arrange the cord so that it will not be tripped over or pulled.
9. The appliance is intended for household use only. DO NOT use or mount this appliance in such a way that the top vents are restricted or blocked. These vents are necessary to avoid overheating and ensure safe operating temperatures.

Limited Warranty To Original Consumer

This JumbIPets Aquarium Kit (“Product”), including any accessories included in the original packaging, as supplied and distributed new by an authorized retailer is warranted by C&A Marketing, Inc. (the “Company”) to the original consumer purchaser only, against certain defects in material and workmanship (“Warranty”) as follows:

To receive Warranty service, the original consumer purchaser must contact the Company or its authorized service provider for problem determination and service procedures. Proof of purchase in the form of a bill of sale or receipted invoice, evidencing that the Product is within the applicable Warranty period(s), MUST be presented to the Company or its authorized service provider in order to obtain the requested service.

Service options, parts availability, and response times may vary and may change at any time. In accordance with applicable law, the Company may require that you furnish additional documents and/or comply with registration requirements before receiving warranty service. Please contact our customer service for details on obtaining warranty service:

Email: support@jumbipets.com

Phone: 866-849-3047

Shipping expenses to the Company’s Return Facility are not covered by this warranty, and must be paid by the consumer. The consumer likewise bears all risk of loss or further damage to the Product until delivery to said facility.

EXCLUSIONS AND LIMITATIONS The Company warrants the Product against defects in materials and workmanship under normal use for a period of ONE (1) YEAR from the date of retail purchase by the original end-user purchaser (“Warranty Period”). If a hardware defect arises and a valid claim is received within the Warranty Period, the Company, at its sole option and to the extent permitted by law, will either (1) repair the Product defect at no charge, using new or refurbished replacement parts, (2) exchange the Product with a Product that is new or which has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original device, or (3) refund the purchase price of the Product.

A replacement Product or part thereof shall enjoy the warranty of the original Product for the remainder of the Warranty Period, or ninety (90) days from the date of replacement or repair, whichever provides you longer protection. When a Product or part is exchanged, any replacement item becomes your property, while the replaced item becomes the Company’s property. Refunds can only be given if the original Product is returned. This Warranty does not apply to: (a) Any non-JumbIPets Aquarium Kit product, hardware or software, even if packaged or sold with the Product; (b) Damage caused by use with non-JumbIPets Aquarium Kit products; (c) Damage caused by accident, abuse, misuse, flood, fire, earthquake, or other external causes; (d) Damage caused by operating the Product outside the permitted or intended uses described by the Company; (e) Damage caused by third party services; (f) A Product or part that has been modified to alter functionality or capability without the written NOTWITHSTANDING ANYTHING TO THE CONTRARY AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE

COMPANY PROVIDES THE PRODUCT “AS-IS” AND “AS-AVAILABLE” FOR YOUR CONVENIENCE AND THE COMPANY AND ITS LICENSORS AND SUPPLIERS EXPRESSLY DISCLAIM ALL WARRANTIES AND CONDITIONS, WHETHER EXPRESSED, IMPLIED, OR STATUTORY, INCLUDING THE WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, QUIET ENJOYMENT, ACCURACY, AND NON-INFRINGEMENT OF THIRD-PARTY RIGHTS. THE COMPANY DOES NOT GUARANTEE ANY SPECIFIC RESULTS FROM THE USE OF THE PRODUCT, OR THAT THE COMPANY WILL CONTINUE TO OFFER OR MAKE AVAILABLE THE PRODUCT FOR ANY PARTICULAR LENGTH OF TIME. THE COMPANY FURTHER DISCLAIMS ALL WARRANTIES AFTER THE EXPRESS WARRANTY PERIOD STATED ABOVE. YOU USE THE PRODUCT AT YOUR OWN DISCRETION AND RISK. YOU WILL BE SOLELY RESPONSIBLE FOR (AND THE COMPANY DISCLAIMS) ANY AND ALL LOSS, LIABILITY, OR DAMAGES RESULTING FROM YOUR USE OF THE PRODUCT. NO ADVICE OR INFORMATION, WHETHER ORAL OR WRITTEN, OBTAINED BY YOU FROM THE COMPANY OR THROUGH ITS AUTHORIZED SERVICE PROVIDERS SHALL CREATE ANY WARRANTY. IN NO EVENT WILL THE COMPANY’S TOTAL CUMULATIVE LIABILITY ARISING FROM OR RELATED TO THE PRODUCT, WHETHER IN CONTRACT OR TORT OR OTHERWISE EXCEED THE FEES ACTUALLY PAID BY YOU TO THE COMPANY OR ANY OF ITS AUTHORIZED RESELLERS FOR THE PRODUCT AT ISSUE IN THE LAST YEAR FROM YOUR PURCHASE. THIS LIMITATION IS CUMULATIVE AND WILL NOT BE INCREASED BY THE EXISTENCE OF MORE THAN ONE INCIDENT OR CLAIM. THE COMPANY DISCLAIMS ALL LIABILITY OF ANY KIND OF ITS LICENSORS AND SUPPLIERS. IN NO EVENT WILL THE COMPANY OR ITS LICENSORS, MANUFACTURERS, AND SUPPLIERS BE LIABLE FOR ANY INCIDENTAL, DIRECT, INDIRECT, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES (SUCH AS, BUT NOT LIMITED TO, DAMAGES FOR LOSS OF PROFITS, BUSINESS, SAVINGS, DATA, OR RECORDS) CAUSED BY THE USE, MISUSE, OR INABILITY TO USE THE PRODUCT. Nothing in these terms shall attempt to exclude liability that cannot be excluded under applicable law. Some countries, states, or provinces do not allow the exclusion or limitation of incidental or consequential damages or allow limitations on warranties, so certain limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may have other rights that vary from state to state or province to province. Contact your authorized retailer to determine if another warranty applies.
