FEATURES & BENEFITS

- Seamless Fit**
For a minimal look in your kitchen, this insert rangehood integrates seamlessly into cabinetry above your cooktop.
- Effective Extraction**
Select between three fan speeds to ensure steam, odours and grease are extracted from your kitchen at the rate you need for your cooking.
- Easy Cleaning**
The aluminium filters are easy to remove and dishwasher-safe, for quick and simple cleaning.
- A Joy To Use**
Thoughtful design features enhance your cooking experience, with responsive push-button controls and energy-efficient LED lighting to illuminate your cooktop.

Installed To Suit
This rangehood offers ducted or recirculated extraction, so you can choose the solution that best suits your kitchen.

[↓](#) Installation & User Guide Built-in Integrated Rangehood

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
