Company Overview

Logitech is a global leader in manufacturing innovative video collaboration, productivity, mobility, and gaming solutions—trusted by agencies worldwide to modernize teamwork and support mission-critical operations with secure, sustainable, and cost-effective tools.

We work through authorized resellers and integrators across major contract vehicles, with a dedicated federal team supporting solution design, briefings, and proofs of concepts (POCs).

Past Performance

- U.S. Department of Defense, Veterans Affairs, and Homeland Security
- U.S. Courts and U.S. Department of Justice
- U.S. Dept of Energy/National Labs
- Tribal Nations and Indian Health Services
- GSA, HUD, HHS, NASA, and many more

Differentiators

- **TAA/NDAA** compliant products and room kits with **no-radio options**
- **Solutions certified for FedRAMP-authorized platforms** including Microsoft Teams, Zoom for Government, and Google Workspace
- Certified for Microsoft Teams Rooms on Windows (MTRoW) and **compliant as a DoDIN APL MTRoW solution**
- **Designed for Apple and Certified for Chromebook**—solutions for seamless compatibility across macOS, iPadOS, and ChromeOS environments.
- **Accessibility is a priority**—VPATs available upon request to support Section 508 and federal compliance requirements
- **Support federal sustainability goals** with low-carbon products, use of recycled materials, responsible packaging, and lifecycle support services
- **Human-centered, IT friendly, award-winning designs** that increase workplace efficiency, speed adoption, and reduce support tickets
- **Logitech Select** offers superior value with 24/7 expert support, full-room coverage, and fast hardware replacement at predictable costs
- **Extensive federal reseller network** including SBA-certified small business partners for federal set-aside contracts
- **Simple procurement through reseller contracts** including GSA MAS, GSA Advantage, NASA SEWP V, CIO-CS, ITES-3S, 2GIT BPA, Army ITES, Army CHES, OMNIA Partners and many more
- **Dedicated federal field team** to support demos, POCs, technical updates

- Usage, insights, analytics reporting
- Centralized device management

✓ Service Plans

- Basic, Essential or Select 24/7
- Extended warranties up to 5 years

✓ Personal Workspaces

- Keyboards & mice
- Webcams & lighting
- Headsets & earbuds
- Docking stations
- Computer speakers & microphones
- Options+ App for device customization

✓ Mobility Solutions

- Ruggedized tablet keyboards
- Headsets, keyboards & mice
- Digital pens, presenter remotes

✓ Training & Simulation Solutions

- Keyboards & mice
- Flight simulation kits
- Driving wheels

Empowering Federal Workforces with the Right Tools for Today's Mission

Logitech delivers human-centered technology that boosts productivity, enhances communication, and supports mission success—designed for office, field, or mobile environments and built for long-term reliability and ease of use.

✓ Productivity & Ergonomic Solutions

Purpose-built personal workspace solutions enhance productivity, communication, and service delivery—supporting efficient from any location.

WEBCAMS & DESK LIGHTING

TAA-compliant webcams and desk lighting ensure you're seen clearly during video meetings, trainings, or content creation—ideal for hybrid work and public-facing communication.

HEADSETS & EARBUDS

Wired and wireless headsets with noise canceling and native Bluetooth models—certified for Microsoft Teams, Zoom, and Google Meet—to ensure clear communication and reduce distractions.

DESK BOOKING

Simplify workspace management with Logi Dock Flex—a managed docking station with built-in booking, meeting controls, charging, and connectivity for shared desks and hybrid schedules.

KEYBOARDS & MICE

Wired and wireless keyboards and mice—ergonomic, performance, and RGB models—designed for comfort, customization, and compatibility with AI tools like Microsoft Copilot.

MOBILITY SOLUTIONS

Enable secure, cost-effective government productivity anywhere with rugged tablet cases, pens, and accessories—designed for Apple, certified for Chromebook, and built for anywhere work.

COMPUTER SPEAKERS & MICROPHONES

Professional-grade audio tools for virtual meetings, webinars, or content creation—designed to ensure clarity, reduce fatigue, and support secure, effective federal collaboration.

✓ Video Conferencing & Space Management

Conference and training rooms with high-quality, intuitive solutions enable seamless collaboration across federal teams—on base, in offices, or remote.

VIDEO CONFERENCING BARS

Rally Bar, Rally Bar Mini, and MeetUp offer TAA/NDAA-compliant, AI-enhanced video collaboration—with no-radio options for secure federal environments.

ROOM KITS & ROOM BUNDLES

TAA-compliant room kits and bundles include Rally Bars, Tap controllers, mic pods, and NUCs—ideal for standardized deployments—with no-radio options for secure federal environments.

ROOM CONTROL & ROOM BOOKING

Logitech Tap touch controllers and Tap Scheduler simplify meeting experiences—enabling one-touch meeting starts and real-time room booking across Microsoft Teams, Zoom, and Google platforms.

ROOM ACCESSORIES

Enhance meetings with Logitech Sight, Rally PTZ Camera Kit, whiteboard cameras, and mics—boosting audio, video, and collaboration in training, conference, and multi-purpose rooms.

DEVICE & WORKSPACE MANAGEMENT

Simplify management with Logitech Sync—remotely monitor, update, and track usage. Logitech View enables smart booking; Logitech Spot provides real-time occupancy and air quality insights.

SERVICE PLANS

Logitech provides up to 5-year extended warranties and tiered support plans—Basic, Essential, and Select—with Select featuring 24/7 expert assistance, one-day RMAs, and onsite spares to ensure continuity of operations.
