

MANUAL CLEANING MODE

To manually start a cleaning cycle, press the Clean button on the iRobot Home Base or use the iRobot app on your smartphone and select the Clean button from the iRobot app.

NOTE: To start a cleanup, the robot completely loses all track memory of the last cleaning cycle. Clean up everything and clean up everything you want to clean up. If you want to clean up everything, clean up everything. **NOTE:** After a cleanup, the robot will clean up everything. If you want to clean up everything, clean up everything. **NOTE:** After a cleanup, the robot will clean up everything. If you want to clean up everything, clean up everything.

USING THE SHARK CLEAN+ APP AND VOICE CONTROLS

Get the most out of your Shark IQ Robot+ with these app features:

- Interactive Map** Your robot knows where it is in your home, so you can find it, clean it, or schedule it.
- Room Select** Immediately send your robot directly to any room on the floor.
- Recharge and Resume** Use the app to schedule a cleanup when you're away from home.
- Scheduling** Set weekly cleaning schedules for any room in your home.
- Control From Anywhere** Whether you are, you are in control of your robot.
- Cleaning Reports** Each time your robot cleans, your app will generate a cleaning report.
- Volume Control** The app can adjust the volume of your robot's audio alerts.

Search for SharkClean+ in the app store and download the app or your iPhone or Android.

SETTING UP VOICE CONTROL WITH THE GOOGLE ASSISTANT OR AMAZON ALEXA
Visit sharkclean.com/app for setup instructions which include how to enable Shark IQ for Amazon Alexa and using with Google Assistant.

- WiFi TROUBLESHOOTING**
- To use the app, your phone must be connected to a 2.4 GHz network. The app will only work on a 2.4 GHz network.
 - Restart your phone and your router.
 - Restart your phone and your router.
 - Restart your phone and your router.
 - Restart your phone and your router.

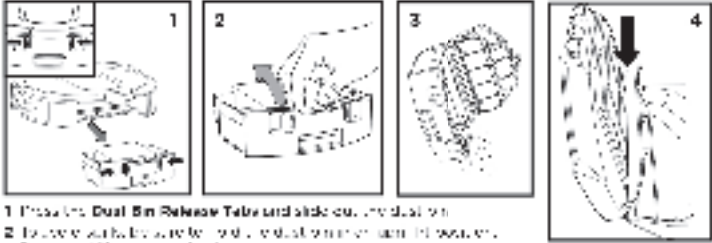

- WiFi CAN'T CONNECT?**
- Restart your phone.
 - Restart your robot.
 - Restart your robot.
 - Restart your robot.
 - Restart your robot.

MAINTENANCE

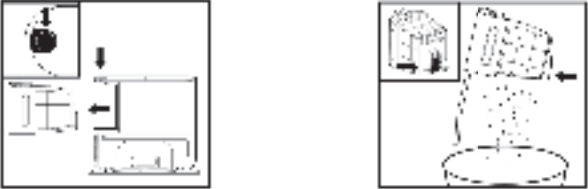

CAUTION: Do not touch the robot's internal components.

EMPTYING THE ROBOT DUST BIN

- Press the Dust Bin Release Tab and slide out the dust bin.
- Remove the dust bin and empty it into a trash can.
- Clean the dust bin and the robot's internal components.
- Reinsert the dust bin and close the lid.

EMPTYING THE BASE DUST BIN

The Base Dust Bin holds up to 1 liter of dust and debris. Empty it regularly to keep the robot's internal components clean. To empty the bin, press the Release button on the robot's top. The dust bin will slide out. Empty it into a trash can. Clean the dust bin and the robot's internal components. Reinsert the dust bin and close the lid.

CLEANING AND REPLACING THE ROBOT FILTER

For optimal suction power, regularly clean and replace the filter inside the robot's dust bin.

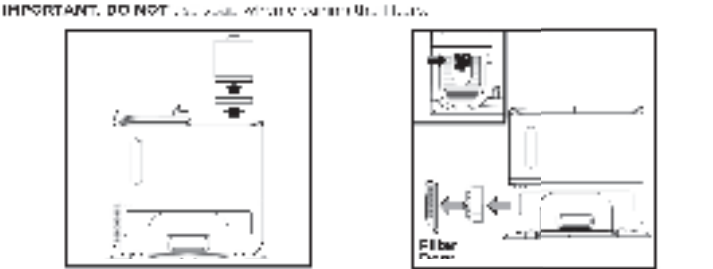

- Remove and empty the dust bin. Clean any debris on the filter.
- Remove the filter and clean it with a vacuum cleaner.
- Replace the filter with a new one.

NOTE: Make sure to insert the dust bin completely into the robot's base.

CLEANING AND REPLACING THE BASE FILTERS

Regularly clean and replace your filters to keep your vacuum's suction power optimal. The robot's filters are located inside the robot's base. Clean them regularly to keep the robot's suction power optimal.

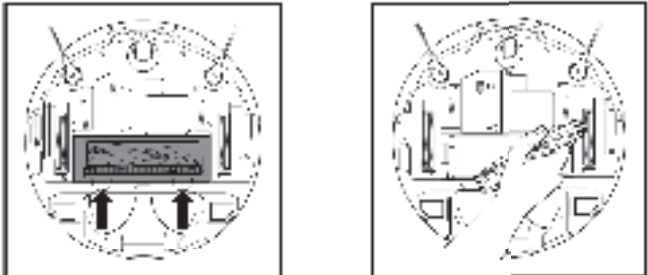

CLEAN PRE-MOTOR FILTERS ONCE A MONTH
To open the filter housing, lift the top right corner of the filter housing. Remove the pre-motor filter and clean it. Replace the pre-motor filter with a new one.

CLEAN POST-MOTOR FILTER EVERY YEAR
Press the button on the top of the Filter Guard. Remove the post-motor filter and clean it. Replace the post-motor filter with a new one.

NOTE: The pre-motor filter and the post-motor filter should be replaced every 3 years.

SELF-CLEANING BRUSHROLL

The Self-Cleaning Brushroll removes debris from the brushroll. To clean the brushroll, press the Self-Cleaning button on the robot's top. The brushroll will rotate and clean itself.

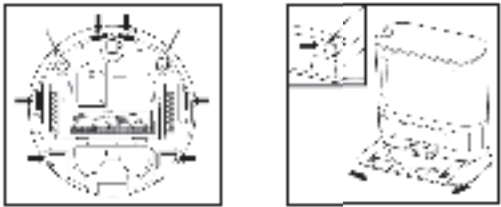

NOTE: The Self-Cleaning Brushroll removes debris from the brushroll. To clean the brushroll, press the Self-Cleaning button on the robot's top. The brushroll will rotate and clean itself.

NOTE: The Self-Cleaning Brushroll removes debris from the brushroll. To clean the brushroll, press the Self-Cleaning button on the robot's top. The brushroll will rotate and clean itself.

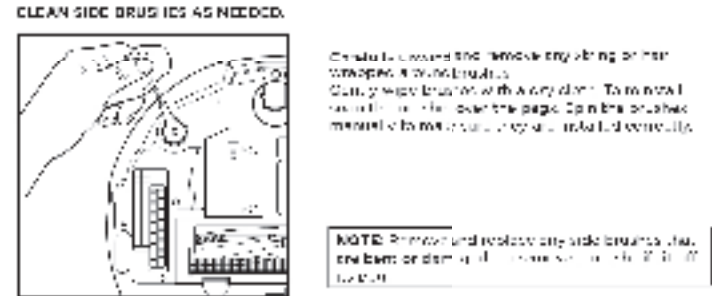

CLEANING SENSORS AND CHARGING PADS

CLEAN SENSORS AND CHARGING PADS AS NEEDED. The robot's sensors and charging pads should be cleaned regularly to keep the robot's performance optimal.

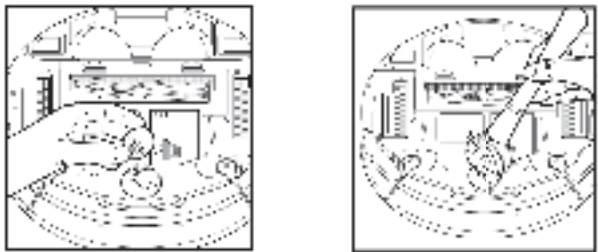

IMPORTANT: Do not use harsh chemicals or abrasive cleaners on the robot's sensors and charging pads.

CLEANING SIDE BRUSHES

REMOVAL AND CLEAN THE FRONT CASTER WHEEL AS NEEDED.

NOTE: The front caster wheel should be cleaned regularly to keep the robot's performance optimal.

REFURBISHED PRODUCT LIMITED NINETY DAYS WARRANTY

The **Refurbished Product Service Center** offers the following WARRANTY to the ORIGINAL purchaser of a product which we have refurbished.

This product that has been refurbished is warranted against any electronic or mechanical defects for a period of NINETY DAYS from the date of the original purchase by the consumer. Since this unit was sold as a refurbished item, the warranty does not apply to any cosmetic appearance items such as scratches. Should a defect occur, the **Refurbished Product Service Center** will repair or, at its option, replace defective unit/parts with new or rebuilt materials without charge for either parts or labor. Replacement unit/parts will be warranted for the remaining portion of the original warranty period.

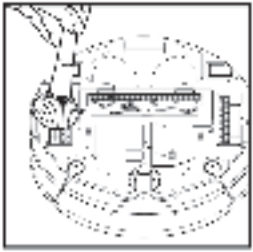

This warranty does not cover installation or damage from accident, misuse, abuse, improper wiring, incorrect voltage, operating the unit against the instructions in the owner's manual or any product which has been opened, altered, or tampered with.

This warranty does not cover costs for removal and or installation of the unit for repair. Under no circumstances shall the service center be liable for any special, incidental or consequential damages or for any other expenses incurred by reason of use or sale of this product. This warranty is in lieu of any other warranties expressed or implied warranty of merchantability of fitness for particular use or otherwise.

This warranty gives the consumer specific legal rights and they may also have other rights which vary from State to State. Some States do not follow the exclusion or limitation of incidental or consequential damages, hence the above exclusion and limitations may not apply.
