Sky Remote Code

If you wish to use your Sky remote to operate the TV's basic functions, you will need a Sky remote control (Revision 9 or later) and you will need to program it with the code 2134. If you wish to use your Sky Q remote to operate the TV's basic functions, you will need to program it with the code 4170.

- 1** **STANDBY** - Switch on the TV when in standby or vice versa. By long pressing of this button, the set will display a menu offering power down option to energy saving standby mode
- 2** **SOURCE** - To display the input/source menu.
- 3** **NUMERICAL BUTTONS** - 0-9 to select a TV channel directly.
- 4** **TV GUIDE** - Opens the 7 day TV guide (digital TV mode).
- 5** **VOL (+/-)** - To increase/decrease the sound level.
- 6** **The Google Assistant** - Use your voice to access entertainment, control smart devices, obtain answers on screen, and more.
- 7** **HOME** - Display the TV Home Menu.
- 8** **CH (+/-)** - To increase or decrease the channel being watched.
- 9** **MENU** - Display LIVE TV menu. This button works only in sources (TV, HDMI, Component, etc.). It will not work in the Home Menu.
- 10** **INFO** - Press once for now/next channel information.
- 11** **BACK** - To go back a previous step.
- 12** **EXIT** - To exit all menus.
- 13** **NETFLIX** - Access the Netflix App.
- 14** **YouTube** - Access the YouTube App.
- 15** **Freeview Play** - Access the Freeview Play app.
- 16** **MTS** - Opens audio track menu.
- 17** **TEXT** - To enter/exit teletext.
- 18** **SUB** - To switch the dialogue at the bottom of the screen (on/off).
- 19** **TV** - To switch to Live TV.
- 20** **SUB** - To play/pause media
- 21** **MI** - To play in fast forward mode
- 22** **MI** - To play in fast forward mode
- 23** **MI** - To stop the playback
- 24** **COLOUR BUTTONS** - Execute corresponding function at that time

What is included in the box

Accessories

Included with this TV are the following accessories

- 1 x Quick Start Guide
- 1 x Remote Control and 2 x AAA Batteries
- 1 x Safety Leaflet
- 1 x Stand installation pack

Additional Accessories

If you don't have the RF cable shown below, then you can purchase one from www.umc-uk.co.uk/cables

If you are intending to connect your TV to an RF socket in order to receive Freeview, you will need this

cable.

Microsoft PlayReady™

This product contains technology subject to certain intellectual property rights of Microsoft. Use or distribution of this technology outside of this product is prohibited without the appropriate license(s) from Microsoft. Content owners use Microsoft PlayReady™ content access technology to protect their intellectual property, including copyrighted content. This device uses PlayReady technology to access PlayReady-protected content and/or WMDRM-protected content. If the device fails to properly enforce restrictions on content usage, content owners may require Microsoft to revoke the device's ability to consume PlayReady-protected content. Revocation should not affect unprotected content or content protected by other content access technologies. Content owners may require you to upgrade PlayReady to access their content. If you decline an upgrade, you will not be able to access content that requires the upgrade.

Freeview Play brings together live TV viewing with "catch up" TV services such as BBC iPlayer, ITV player, More4 and My5. The Freeview Play Explore app features a carousel of genres to select from when searching for programmes, such as sport, comedy, dramas and soaps, etc. Content is made up from recommendations of the major broadcasters and offers an alternative means of searching.

Note that to use the full functionality of Freeview Play your set must be connected to the internet.

Please save your box/packaging as you will need this in the event of warranty/service repair or support. We are unable to carry out warranty/service if you are unable to package it correctly. The safest way to package your item in the event of warranty/service repair is in its original box/packaging.

Setting up the TV set for the first time

1 Fitting the stand

The TV panel must be facing downwards.

For the stand installation, there is one type of screw provided as shown below.

Note: To complete the stand installation you will require a cross head screw driver.

4 x 
Used for attaching the stand to the TV set (fig.2)

2 Connecting your set

- 1) Connect the TV to your power socket.
 - 2) If you wish to use the TV to receive Freeview/Saorview channels, connect the RF input from the TV to your outdoor Digital TV aerial. If you do not wish to receive Freeview/Saorview, skip this step.
 - 3) Connect to the internet. Ethernet provides the most stable connection.
- *Please refer to the "Connectivity" section of this Quick Start Guide for detailed connection information.

3 Button Layout

- | | | | |
|---|--|---|--|
| 1 | Volume up and menu right | 1 | |
| 2 | Volume down and menu left | 2 | |
| 3 | Programme/Channel up and menu up | 3 | |
| 4 | Programme/Channel down and menu down | 4 | |
| 5 | Displays Menu/OSD | 5 | |
| 6 | Displays the input source menu/Confirm | 6 | |
| 7 | Standby Power On/Off | 7 | |

4 Remote Control

Remote Control: Installing Batteries

Insert the batteries supplied into the remote control and press the standby button to power on the TV.

Terms and conditions apply. Online registration only.

Wall Mounting the TV

Image for illustration only.
For the dimensions of the VESA mounting, please refer to the Technical Specifications section of this document.

1) Remove the four screws that are supplied in the wall mounting holes.
2) The wall mount can now be easily attached to the mounting holes on the rear of the TV.
3) Install the wall mounting bracket to the television as advised by the bracket manufacturer.

The picture shows the use of spacers, which are not applicable to all sets/installations.

5 First time installation

Basic installation steps are shown below. These may vary slightly depending on your model. Due to Android software updates, the look and feel of the TV start up procedure and subsequent menus can be subject to change.

When the set first turns on, it will ask you to select your preferred on-screen display language. This will change the language in which the menus and associated information is displayed in.

Android Phone users
During the set-up process, you will be prompted to sign-in to your Google account using your pre-installed "Google" app. This set up process will depend upon which model TV you are setting up. Please ensure you have your account details to hand.

6 Pairing the remote

If during the first time installation process the remote was not paired or skipped, then follow the process below to pair your remote with the television.

- 1) Turn the set on.
- 2) Press the button on the remote control.
- 3) The LED indicator on the remote will illuminate and the pairing screen will appear on the TV.
- 4) Now press and hold the "Left" and "Home" buttons on the remote simultaneously.

- 5) The LED indicator on the remote control will start to flash.
- 6) Select the detected remote control shown on the screen and press OK.
- 7) Once paired the pairing screen will disappear.

This process will only need to be carried out if the remote is not paired. Once paired, when the button is pressed it will open the Google Assistant screen on the set and activate voice functionality.

7 The Google Assistant

Using the Google Assistant with your voice

Remote controls with the Google Assistant have a Google Assistant dedicated button and a built-in microphone. To use this feature with the Google Assistant remote control, follow the instructions as below.

- 1) Before using the Google Assistant, you will need to pair the remote. Please follow step 5 of this guide to pair your remote to enable the Google Assistant.
- 2) Press the button. The LED indicator on the remote control will illuminate.
- 3) Wait for the on-screen message from the Google Assistant, then speak into the microphone. A good rule of thumb is to have the microphone positioned about 15-30 centimetres away from your mouth.

By speaking into the microphone, you can search for various content or control your connected smart home devices. Speech examples may be displayed on the television screen depending on your model.

Connectivity

A Ethernet/LAN*	Network connection	I SAT IN	Satellite input
B Digital Audio	Digital Optical Audio Output	J HDMI 3	HDMI input (ARC)
C USB 2.0	2 x USB port 2.0	K USB 2.0	USB port 2.0
