

Project Name: Glitter Snowflake Runner

Description

A touch of glitter can make your dinner party sparkle! This sheer runner is an easy no sew project you can whip up in minutes.

This project makes 20 snowflakes in 3 sizes. I've included instructions for making the sheer runner as well. Don't worry, it a NO SEW project!

Images are from the Cricut® Holiday Snowflakes, Christmas, and Pretty Pennants digital cartridges.

♥ Shanon

Materials

- Cricut Explore® Air 2 Machine, 503745
- Cricut Design Space™ software
- Cricut 12" x 24" StandardGrip mat, 385059
- Cricut Glitter Iron-on in Silver (3), 452013
- 1/3 yard of 60" sheer glitter fabric
- Iron
- Press cloth or clean cotton cloth

Instructions

1. **Go to Project Link in Cricut Design Space™:** <https://us.cricut.com/design/#/landing/project-detail/9779>
2. **Cut** In Cricut Design Space™, click "Make It Now" and cut images from iron-on.
3. **Assemble** Open up the fabric and now you have the runner! Since the sheer fabric doesn't fray, I didn't do anything to it. I just left the edges raw. If you need to square up the edges so they are straight you can go ahead and do that now.
