120° COB HIGH	300	6	17
360° COB LOW	100	10.5	7
RED HIGH	15	12	3
RED LOW	2	30	1

5 Light Modes • Water Resistant (IPX4) • Flex Power
Power Bank • Smart Power Control

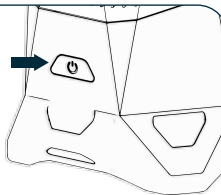

ARCUS

Provides 120° or 360° beam patterns, with dimming, for infinite brightness levels. Press the power button 1x to activate the 120° beam pattern or 2x to activate the 360° beam pattern.

LIGHT MODES

Press button to cycle through modes.

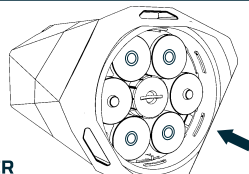

POWER MEMORY RECALL

When ON, press and hold then release to set desired brightness. Double-tap to recall last saved mode.

FLEX-POWER

Allows the lantern to operate with the included rechargeable battery, or six D size alkaline batteries. Simply unscrew the bottom cap, insert the six D alkaline batteries and replace the cap.

Battery Indicator Light:
Red = Charging
Green = Fully Charged

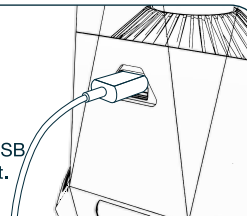

RECHARGEABLE

Remove the charging port cover and plug the micro USB cable into the charging port.

POWER BANK

To charge your USB device, simply remove USB cover on the back and plug it into the USB port.

This product is guaranteed against all defects in workmanship and materials for the original owner for one year from the date of purchase.
