

BECOME
A RETAILER

Official Crosley record player distributor for Europe

CROSLEY CATALOGUE

About

Your distributor for finding record players and accessories to create an approachable vinyl lifestyle for your customers.

Our goal is to make listening to vinyl more approachable for those who didn't grow up with the black gold, by creating a collection of affordable record players.

From this point of view SF Distributions B.V. started importing the easy to use, affordable and good looking record players from Crosley back in 2013. In recent years, SF Distributions has built a distribution network of over 800 beautiful retailers in 28 European countries & various European marketplaces with a nice portfolio of record players, record accessories and storage furniture.

SF Distributions' warehouse, located in the Netherlands, is staffed by a great team of music-loving people who make sure you get all the tools you need to sell Crosley to your customers.

How to contact us

Support | support@sfdistributions.com

SF Distributions supports their retailers in several ways. We provide you with a personal B2B account where you can find all the technical information you need to start selling Crosley. Our support team is also there to help you with any questions you may have. SF Distributions also gladly invites you to our showroom in Utrecht.

Logistics | logistics@sfdistributions.com

Your orders are shipped from our in-house warehouse in the Netherlands, Utrecht. We ship 5 days a week from Monday till Friday.

Sales | orders@sfdistributions.com

Our team of experienced salespeople at SF Distributions understand the European market well. Their product knowledge enables them to offer guidance and information. They are here to support you through the whole process.

Marketing | marketing@sfdistributions.com

At SF Distributions we love to create content. Our goal is to provide everything you need - like detailed product descriptions - to make sure your customers are happy.

Administration | admin@sfdistributions.com

In the B2B portal you can find your invoices & order confirmations. Our administration is available for all your questions.

Crosley Mercury

With the new Mercury record players, we are adding some earthy tones to our collection. The round shape provides a friendly invitation to enjoy records. Crosley has given the record player a luxurious look by combining a textured fabric with silver & gold hardware. This compact briefcase design record player comes with a NP-15 diamond needle and its 2-way Bluetooth allows you to tune the sound to your needs.

Crosley Jasper

The Jasper has sleek tapered legs and exquisite mid-century vibes. This record player delivers retro design with sound and functionality that's 100% modern. The three-speed turntable includes all the bells and whistles: a built-in Bluetooth receiver, headphone jack, and aux input. And that deep walnut finish with gold accents? Pure perfection. With stunning dark looks and crystal-clear sound at a fantastic price, the Jasper is truly the total package.

Crosley Sterling

Never out of style. Crosley made an updated version of the Bermuda Dansette record player from the 1950s with legs. Creating a furniture piece and record player in one. The clean lines and wooden legs make it a versatile and charming record player. You can style it easily in a mid-century living room, but also within a modern design home the record player will fit nicely.

Specifications

2-speed record player | Plays 7", 10" or 12" records | 2 Built-in speakers - 3.5", 8Ω, 5W | NP5 diamond needle | Bluetooth In | Belt-driven | Aux in | Headphone Jack | RCA output | EU & UK AC Power adapter | Removable legs | Autostop

Crosley Aria

They say clothes make the [wo]man, but in this case, they also make the stereo. Outfitted in eye-catching heather grey fabric accented with walnut wood and silver accents, the Aria Shelf System is definitely dressed for success. The Aria is more than just a pretty face, though: the three-speed turntable boasts a built-in Bluetooth receiver, FM radio, and aux input, and the speakers deliver 2x25 watts of sound. Stunning looks and personality to match? We're absolutely swiping right on the Aria Shelf System.
