

AUGUST 2025

On the Road

Let's sew knits! Rhonda is including generous 3-yard cuts of STOF Fabrics in the monthly SCHMETZ Snippet Live giveaways, starting with this rich purple and pink leafy floral Avalana Jersey. We love fabrics!

Several weeks ago, I acquired a beautiful collection of [STOF Fabrics](#). Thanks, Mort! Designed in Denmark and printed in Turkey, STOF Fabrics are available from local shops. Most of these fabrics are [Avalana Jersey](#), 95% cotton fabric & 5% Elastane – also known as Spandex & Lycra®. There are also a few cuts of Light & Lush woven twill 100% viscose. All the fabrics are color-rich with intriguing designs and lovely drapability. Both the jersey and the voile are perfect for the crazy hot & humid weather many of us are experiencing now.

Many of us love to quilt and craft, but during my travels, I'm noticing a growing interest in fashion & upcycling sewing. So, if you have not sewn with knits or it has been a while, start with a simple tunic and remember that the needle type and size make a huge difference in your sewing success. For the Avalana Jersey, I'll be using SCHMETZ Stretch 75/11. To make your sewing with knits easier, I created a [Blue Bag Bundle](#) with Stretch and Jersey needles. Check out the [BBB](#) below because sewing knits with SCHMETZ is fun!

BTW, two cuts of STOF Fabrics are missing because I nabbed them to sew later at my annual fall sewing retreat. 😊
Sew SCHMETZ & Grabbit® Too!

A treasure trove of sewing goodies provided by our friends: [Shannon Fabrics](#), [Amy Barickman](#), [ByAnnie](#), [Mary Mulari](#), [Needle Travel Guide](#), [Odif USA](#), [Taylor Seville](#), [Scanfil Thread Shop](#), [Stofffabrics](#).

Want to win this group of sewing goodies? Complete Rhonda's mystery sentence during SCHMETZ Snippet Live by replying in the live chat.

SCHMETZ Needle Points

Slim Slightly Rounded

There are six types of needle points. Two needle types have a slim taper to the slightly rounded point allowing a smooth and gentle penetration of sensitive fabrics, avoiding material damage.

These needle types have a slim, slightly rounded point.
