KENWOOD

DDX8706S DVD Multimedia Receiver

Key Features & Highlights

android auto Google Assistant

Use the Google Assistant in Android Auto to control smart home devices and perform other helpful functions.

Control Apple HomeKit enabled accessories like thermostats & lights using Apple CarPlay's Siri voice commands.

High-Resolution Audio Ready

- High-Resolution Audio is high-quality sound that exceeds CD standard.
- Playback is supported in FLAC or WAV format up to 192kHz/24bit resolution.

KENWOOD Remote S App

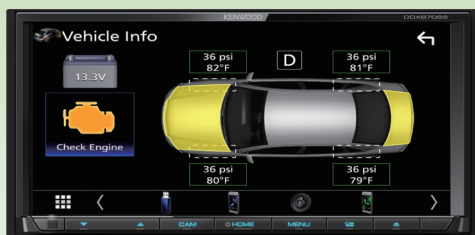

- Use your smartphone like a wireless remote control.
- Control many basic receiver functions.
- Available for iOS and Android devices.

When an iDataLink Maestro RR is connected, it provides a seamless interface with factory infotainment features such as Satellite Radio, USB Media Player and more. Vehicle information such as HVAC, performance, and TPMS can also be displayed on select vehicles.
