

Faber Wall Mount Hood Faber Bella Silence X A60

Thanks to this innovative technological solution Pretty reduces by 13 decibels the noise level compared with a model not fitted with Silk Act. Once recorded the noise produced directly at its source, Silk Act creates a sound wave of the opposite shape that cancels out the original and thus eliminates the perception of noise. Moreover, a change of the acoustic frequency to lower tones makes the perceived noise less annoying.

Technical Features:

Code	325.0658.632
Description	Bella Silence X A60
Materials	Stainless Steel
No. of engines	1
Controls	Touch
Lighting	2 Led
Filter	Dishwasher Safe
Width (mm)	600

Performance:

SPEED	1	2	3	INT
Flow (m³h)	285	365	470	750
Power (Watt)	180	220	260	310
Pressure (PA)	450	490	510	560
Noise Level (db)	48	53	57	68
