- **Charging:** 1 hour full charge
- **Battery Type:** Lithium-ion
- **Automatic voltage:** 100 - 240 V
- **Max power consumption:** 5.4 W

### Service

- : 2-year warranty on the handle
- **Replacement head:** Replace every 4 months, QP210, QP220, QP230, QP610 & QP620

## Production date (or serial number)

## Optional (accessories)

- USB adapter not included

# Functions/features explanation

---

## **Unique OneBlade Technology (ROW)**

Philips OneBlade has a revolutionary technology designed for facial grooming. It can shave any length of hair. Its dual protection system a glide coating combined with rounded tips makes shaving easier and comfortable. Its shaving technology features a fast-moving cutter (12000x per min) so it's efficient - even on longer hairs.

## **Innovative 360 blade**

Innovative 360 Blade moves in all directions and adjusts to every curve of your face to maintain constant skin contact, while enabling control at all times. Easily trim & shave, even the most difficult to reach areas with fewer passes and greater comfort.

## **Edge it up**

Create precise edges with the dual-sided blade. You can shave in either direction to get great visibility and see every hair that you're cutting. Line up your style in seconds!

## **Shave it off**

OneBlade doesn't shave as close as a traditional blade - so your skin stays comfortable. Go against the grain and shave off any length of hair easily.

## **Dual-sided blade**

OneBlade follows the contours of your face, allowing you to easily and comfortably shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

## **Blade that doesn't fade easily**

Stainless steel blade that lasts up to 4 months of use to keep that fresh feel. An eject icon will appear on the blade when the blade is worn out.

## **Wet & dry**

OneBlade is fully waterproof (IPX7), so it is easy to clean: just rinse it under the tap. You can shave wet or dry, even in the shower - whichever you prefer. No shaving foam needed.

## **Click-on skin guard**

Attach the skin guard for an extra layer of protection on sensitive areas.

## **Click-on body comb**

Attach the body comb (3 mm) for an easy trim in any direction.
