- **Display:** 3 LED battery indicator
- Wet and dry use

Design

- **Handle:** Ergonomic grip & handling

Power

- **Run time:** 90 min
- **Charging:** 1 hour full charge
- **Battery Type:** Lithium-ion
- **Automatic voltage:** 100 - 240 V
- **Max power consumption:** 5.4 W

Service

- : 2-year warranty on the handle
- **Replacement head:** Replace every 4 months, QP210, QP220, QP230, QP610 & QP620

Production date (or serial number)

Optional (accessories)

- USB adapter not included

Functions/features explanation

Unique OneBlade Technology (ROW)

Philips OneBlade has a revolutionary technology designed for facial grooming. It can shave any length of hair. Its dual protection system a glide coating combined with rounded tips makes shaving easier and comfortable. Its shaving technology features a fast-moving cutter (12000x per min) so it's efficient - even on longer hairs.

Innovative 360 blade

Innovative 360 Blade moves in all directions and adjusts to every curve of your face to maintain constant skin contact, while enabling control at all times. Easily trim & shave, even the most difficult to reach areas with fewer passes and greater comfort.

Edge it up

Create precise edges with the dual-sided blade. You can shave in either direction to get great visibility and see every hair that you're cutting. Line up your style in seconds!

Shave it off

OneBlade doesn't shave as close as a traditional blade - so your skin stays comfortable. Go against the grain and shave off any length of hair easily.

Dual-sided blade

OneBlade follows the contours of your face, allowing you to easily and comfortably shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

Blade that doesn't fade easily

Stainless steel blade that lasts up to 4 months of use to keep that fresh feel. An eject icon will appear on the blade when the blade is worn out.

Wet & dry

OneBlade is fully waterproof (IPX7), so it is easy to clean: just rinse it under the tap. You can shave wet or dry, even in the shower - whichever you prefer. No shaving foam needed.

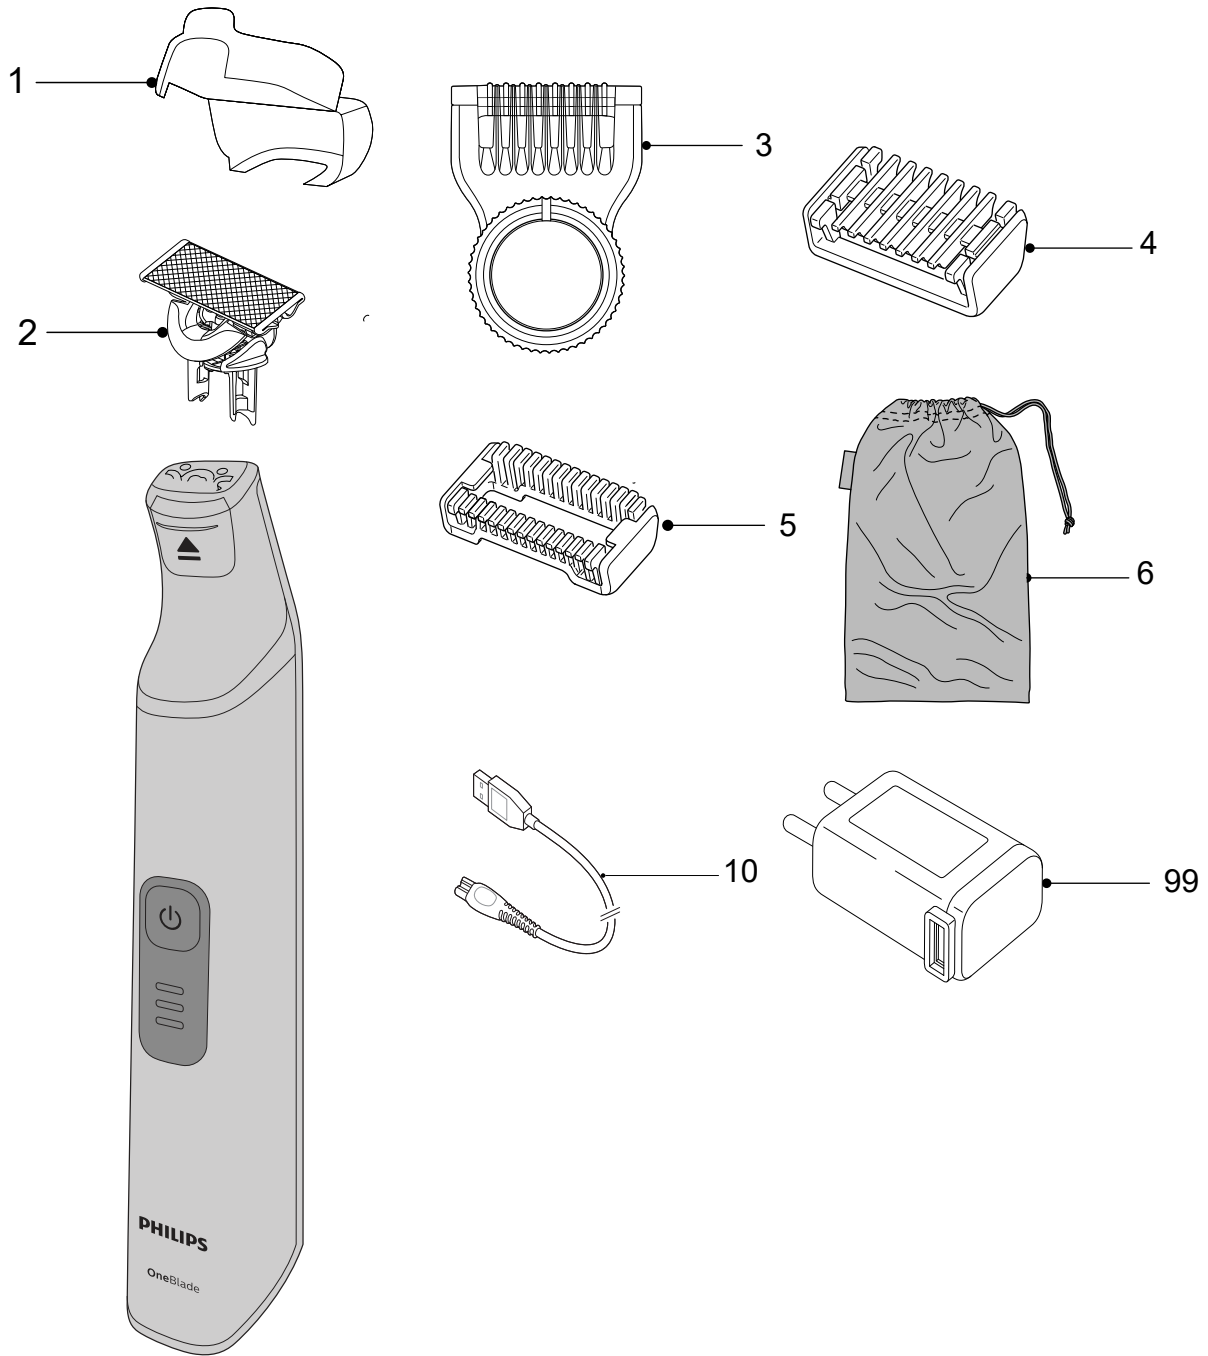

Click-on skin guard

Attach the skin guard for an extra layer of protection on sensitive areas.

Click-on body comb

Attach the body comb (3 mm) for an easy trim in any direction.
