CEO and Founder  
Heinz Lichtenegger

**1991  
THE START**  
with the launch of the first Pro-Ject turntable, named Pro-Ject 1, CEO Heinz Lichtenegger founded the brand.

**1993  
PARTNERSHIP**  
after the collapse of the iron curtain, Heinz Lichtenegger formed a partnership with a former Tesla factory in Czech Republic that is, until today, producing for Pro-Ject Audio Systems.

**1997  
DEBUT**  
with the idea of turning a HiFi product into a lifestyle product, the Debut turntable was born and was sold almost 1 Million times until today.

**1994  
Pro-Ject 6**  
first High End turntable.

**1998  
BOX-DESIGN**  
Pro-Ject started to produce their own HiFi Electronics.

**2000  
NEW FACTORIES**  
in order to produce the electronics, new partnerships were formed in Czech Republic and Slovakia.

**Since 2015  
ARTIST COLLECTION**  
the turntable collection in cooperation with famous musicians started with Austrian artist Parov Stelar. Later: The Beatles, Rolling Stones, Vienna Philharmonics and now Metallica.

**2007  
DIGITAL ENTRY**  
Pro-Ject introduces first digital products: Pre Box, Amp Box, and DAC Box.

**2017  
HEADQUARTERS**  
opening of the new headquarters in Lower Austria, including an office, a logistics center, administration, Research & Development.

**2021  
30th YEAR  
ANNIVERSARY**  
Pro-Ject celebrates this year with the Debut PRO.

**2024  
PRO-JECT TODAY**  
has more than 5.000 dealers in 80 countries, is world leader for HiFi turntables and Micro High End components, has won over 100 international Awards, among several EISA Awards and the Red Dot Design Award and has over 500 employees in four factories.

**2023  
EVO TONEARMS**  
Pro-Ject releases 24 different High precision tonearms hand-made in Europe

A large photograph of the Pro-Ject building, a dark green structure with a corrugated metal roof. In the foreground, a man in a white polo shirt, white shorts, and sunglasses stands on a green lawn, holding a tennis racket. The sky is blue with some clouds.

**Pro-Ject**

**Grand slam! On and off the court.  
Our headquarters is located 35  
kilometers North of Vienna in the  
beautiful Weinviertel region...**

**CEO  
Heinz Lichtenegger**

## **Live music and HiFi Stereo**

Live musical events at our headquarters are always an impressive experience for those able to attend. We support local musicians and encourage people to listen to music live. There is no better reference than live music to evaluate a high-quality HiFi playback system.

A photograph of a modern living room. On the left, there is a tall bookshelf filled with books. In the center, a large orange armchair sits on a light-colored rug. To the right, a HiFi system is visible, including a turntable and speakers. A large abstract painting is on the wall in the background.

**"Our aim is to get as many people  
as possible into the wonderful  
world of HiFi Stereo!"**

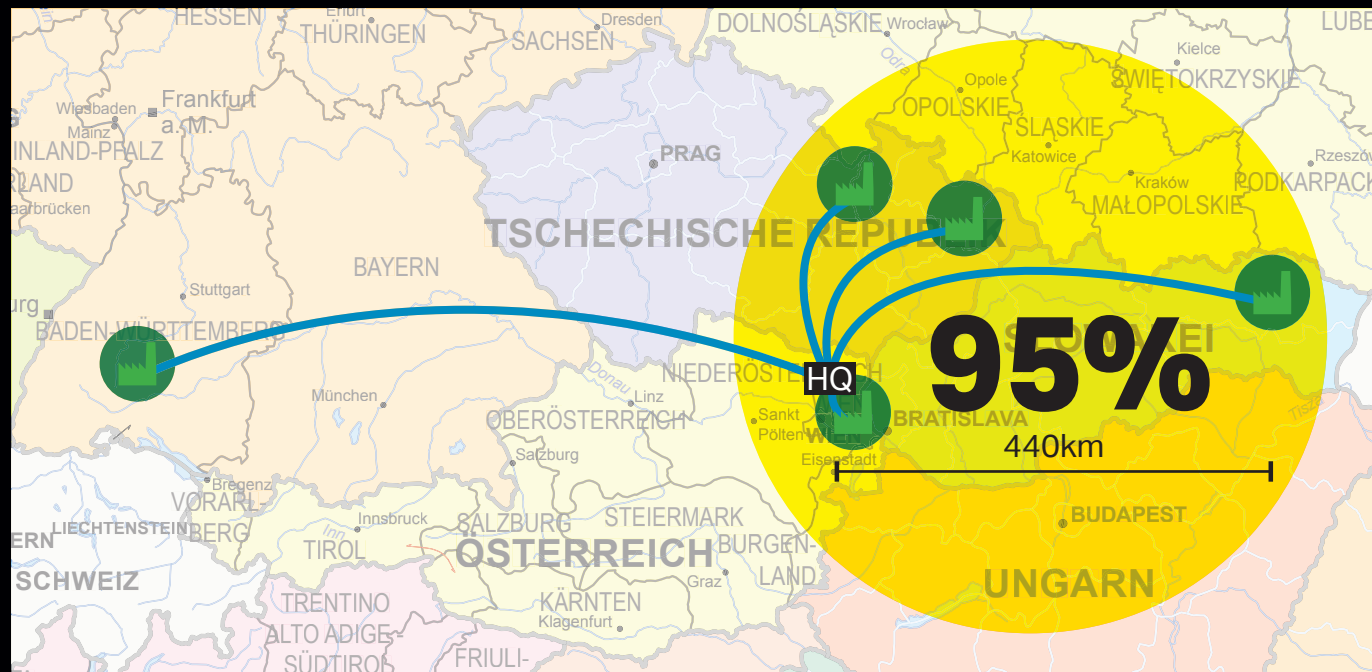

# Pro-Ject Audio Systems at home in Europe

We are an Austrian company that has been supplying the world with turntables since 1991 and Hi-Fi components since 2000.

## Everything as local as possible

- Production is carried out in the heart of Europe
- Factories in the Czech Republic, Slovakia, Austria and Germany

**97%** are sourced from the immediate vicinity of the factories

Factory      Perimeter of raw material procurement

## Products designed for generations

- Anti-Throwaway-Culture
- Spare parts availability for at least 25 years
- High quality materials
- Stable in value for many years
- Focus on sound quality instead of short lived features most people don't use

← Scan and receive more information about our Sustainability concept.

## Turntables Made in EU

With cutting edge technologies and machines, we are able to create visually pleasing products without losing the eye for the finest details. In the Czech Republic, we produce all our turntables from scratch, by hand and in house.

# Why True Balanced Connection for Phono?

All Pro-Ject turntables with outlets are balanced by nature. The industry standard is usually an unbalanced RCA connection as this connection type is cheaper and already widely adopted compared to a really balanced one.

True Balanced Connections can access details embedded in the valuable grooves of your records that you've never heard before.

Liberate your HiFi stereo system from unwanted noise and interference. Get closer to the music you love and take your musical experience to the next level.

Phono Signal  
~ 1 mV

1000x smaller  
voltage

CD/Line Signal  
~ 1000 mV

- Interference-free signal
- Increased dynamics
- Lower noise level

## True Balanced Ready

To use the **True Balanced Connection**, your turntable needs to be equipped with a Moving Coil (MC) cartridge.

**True Balanced Ready** turntables are capable of being wired for balanced signals, but are supplied as standard with a Moving Magnet (MM) cartridge.

## Present day problems

Nowadays, many electromagnetic fields interfere with turntables. The causes are wireless networks and numerous electronic devices in the modern home. The RCA cable between your turntable and your amplifier is prone to picking up noise on the way. This so-called "electrosmog" can interfere with the tiny phono signal and add noise to your music.

## The Solution

Balanced audio connections are standard among professional musicians, recording studios, and live concerts. It is essential to have a stable & interference-free connection as these signals, especially microphone signals, will be highly amplified. The same applies to the connection from your turntable to the phono pre-amplifier. The significant advantage of a balanced connection is its ability to remove picked up noise and interferences.

## What do I need for a balanced connection?

To XLR or Mini XLR

# Debut PRO S

Our turntables demand conscious music listening. Debut PRO S takes this philosophy to the extreme. We finished all parts except for the polished spindle in matte black. The manual controls invite the listener to interact with the turntable: turn it on, place the record on the platter, move and lower the tonearm. The musical reward follows the tactile experience. No unnecessary switches, LEDs, or labeling distract from what is essential.

RPM LINE

Less vibration through droplet-form

The RPM Line consists of our droplet-form turntables. This kind of form is known for less vibrations due to its build nature. The RPM Line also uses fully decoupled and separate motors for better sound.

RPM 1 Carbon

Manual turntable with 8,6" S-shape carbon tonearm

<b>Cartridge</b> Ortofon 2M Red Elliptical stylus (MM)	<b>Tonearm</b> 8,6" S-shape made from carbon/alu	<b>Drive Principle</b> Precision belt drive decoupled motor	<b>Speed</b> 33/45 RPM manual change
<b>Chassis and Platter</b> High-gloss painted MDF, inverted platter bearing for reduced rumble	<b>Output</b> Phono Out	<b>Included Items</b> Felt mat, power supply, Connect it E (RCA cable)	<b>Size and Weight</b> 380 x 110 x 350 mm (W x H x D) 3.8 kg (net)

Colour Options    High-Gloss white, black, red: 699 € incl. 2M Red

RPM 3 Carbon

Manual turntable with 10" S-shape carbon tonearm

<b>Cartridge</b> Ortofon 2M Silver Elliptical stylus (MM)	<b>Tonearm</b> 10" S-shape made from carbon/alu	<b>Drive Principle</b> Precision belt drive decoupled motor	<b>Speed</b> 33/45 RPM manual change
<b>Chassis and Platter</b> High-gloss painted MDF, inverted platter bearing for reduced rumble	<b>Output</b> Phono Out	<b>Included Items</b> Felt mat, power supply, Connect it E (RCA cable)	<b>Size and Weight</b> 422 x 118 x 373 mm (W x H x D) 5.5 kg (net)

Colour Options    High-Gloss white, black, red: 999 € incl. 2M-Silver

RPM 5 Carbon

Manual turntable with 9" Evo tonearm

<b>Cartridge</b> Ortofon 2M Bronze Elliptical stylus (MM)	<b>Platter</b> Acrylic	<b>Drive Principle</b> Precision belt drive decoupled motor	<b>Speed</b> 33/45 RPM manual change
<b>Chassis</b> A low resonance MDF/ carbon chassis holds a inverted platter bearing with ceramic ball.	<b>Tonearm</b> 9" cc EVO Carbon MM & MC capability TPE damped counter- weight	<b>Included Items</b> Felt mat, power supply, Record clamp, Connect it E (RCA cable)	<b>Size and Weight</b> 430 x 150 x 323mm (W x H x D) 8.0 kg (net)
<b>Output</b> Phono Out			

Colour Options    High-Gloss white, black, red: 1.999 € incl. 2M-Bronze

Prices (Suggested Retail Prices) are only for orientation and can differ depending on local taxes. Prices, technical data and reelease date without engagement.

RPM 9 Carbon

Highend turntable with 9" Evo tonearm

<b>Cartridge</b> Ortofon Quintet Bronze Nude fine line stylus	<b>Platter</b> 7.2 kg aluminium	<b>Drive Principle</b> Precision belt drive decoupled motor	<b>Speed</b> 33/45 RPM electronic change
<b>Chassis</b> MDF with hard resin coated steel pellets - special complex heat treatment and a carbon surface coating. Holds a inverted platter be- aring with ceramic ball.	<b>Tonearm</b> 9" cc EVO Carbon MM & MC capability TPE damped counter- weight	<b>Included Items</b> Power supply, Connect it 5P-CC (phono cable), Record puck	<b>Size and Weight</b> 440 x 180 x 325 mm (W x H x D) 16.5 kg (net)
<b>Output</b> Phono Out			

**Colour Options**  with Quintet Bronze: 3.990 €

RPM 10 Carbon

Highend turntable with 10" Evo tonearm

<b>Cartridge</b> Ortofon Cadenza Red Nude fine line stylus on alu cantilever	<b>Platter</b> 14.4 kg aluminium	<b>Drive Principle</b> Precision belt drive decoupled motor	<b>Speed</b> 33/45 RPM electronic change
<b>Chassis</b> MDF with hard resin coated steel pellets - special complex heat treatment and a carbon surface coating. Holds a inverted platter be- aring with ceramic ball.	<b>Tonearm</b> 10" EVO Carbon MM & MC capability TPE damped counter- weight	<b>Included Items</b> Ground it Carbon, record puck, power supply, Connect it CC (Model 5P-CC)	<b>Size and Weight</b> Turntable: 480 x 210 x 330 mm (W x H x D) 22.0 kg (net) Ground it: 500 x 70 x 400 mm (W x H x D) 14,5 kg
<b>Output</b> Phono Out

### Premium Features

#### Superior Platter

Alu, TPE & Vinyl

Precision aluminium platter with TPE damping ring inside. The vinyl layer on top builds the best surface for your records.

#### Hi-Tech Feet

Magnetic decoupling

Three powerful magnetic feet effectively decouple the turntable & let it float over the surface.

#### 33 / 45 RPM

Precision motor control

The precision DC-driven AC generator powers the motor for enhanced speed stability. Easily change speeds with the push of a button.

#### Silent Bearing

Special technology

The heavyweight platter spins on an inverted ceramic ball bearing with a magnetic support to reduce bearing noise and resonance to an absolute minimum.

#### MAGNETIC MAIN BEARING

To ensure stable speeds a proper platter bearing is needed. The Xtension 9 Evolution uses a special technology.

The heavyweight platter spins on an inverted ceramic ball bearing with a magnetic support to reduce bearing noise and resonance to an absolute minimum. Which this solution we are able to relieve the main bearing and ensure that the platter runs ultra-silently.

Xtension 10 Evolution

Highend turntable with 10" Evo tonearm

<b>Cartridge</b> Ortofon Cadenza Red Nude fine line stylus on alu cantilever	<b>Platter</b> 10,3 kg aluminium	<b>Drive Principle</b> Precision belt drive decoupled motor	<b>Speed</b> 33/45/78 RPM electronic change
<b>Chassis</b> MDF with hard resin coated steel pellets - special complex heat treatment and a carbon surface coating. Holds a inverted platter be- aring with ceramic ball.	<b>Tonearm</b> 10" EVO Carbon MM & MC capability TPE damped counter- weight	<b>Included Items</b> Heavy weight record clamp, dust cover, power supply, spirit level, gloves, Connect it CC (Modell 5P-CC)	<b>Size and Weight</b> 480 x 235 x 400 mm (W x H x D) 26 kg (net)

MSRP 12.000 € (incl. VAT)

- **NEW** 3-point pivot bearing construction
- **NEW** modified counterweight system
- **NEW** motor mounting avoids vibrations
- **NEW** round shaped MDF chassis
- **NEW** adjustable from the top spring loaded feet
- Heavyweight mass-loaded design
- Magnetically decoupled main platter
- Resonance-optimised alloy
- Inverted main bearing with ceramic ball
- Flywheel belt drive
- High gloss metal surface
- Handmade in Europe

**Speed:** 33, 45 electronic speed change  
**Actuation principle:** Flywheel belt drive  
**Motor control system:** Precision generator  
**Platter:** 10,55 kg magnetically decoupled  
**Main bearing:** ceramic (ball/plate)  
**Tonearm:** 12" aluminium - 3-pint-pivot  
**Effective arm length:** 304,8 mm  
**Effective arm mass:** 21,5 g  
**Dimensions:** 580x 220 x 480mm (WxDxH)  
**Weight:** 37 kg

# The Dark Side of the Moon

Not only the music of the album „The Dark Side Of The Moon“ is truly iconic, also the artwork itself. It shows an enigmatic prism which reflects beams of light into space. A magical and mystical theme which illustrates the band's complex sound world.

# HIFI ELECTRONICS

BT Box E HD

- Wireless music streaming in high definition • BT 5.0 + aptX and aptX HD • Easy to install and use • Fast auto pairing (3 to 5 seconds) • Up to 8 different BT sources are memorized • Works within a range of approximately 10 meters
- RCA analogue and Toslink digital outputs (switchable) • Outboard power supply included • Black or White casing

☐ ☒ 159 €

DAC Box E

- 24bit / 192kHz D/A conversion • Co-axial (RCA) & optical (Toslink) S/PDIF input
- SMD circuitry • Special low noise components • Internal metal shielding
- Small size allows installation close to source • Gold plated RCA connection sockets • Outboard power supply included • Black or White casing

☐ ☒ 109 €

Optical Box E Phono

- Multi-purpose phono preamplifier with A/D conversion and 2 output options: Line level and digital optic! • Especially for use with devices with no analogue input such as home cinema receivers, soundbars etc • Analogue RCA and digital optic output work simultaneously • Works as input extender (2>1) or output splitter (1>2) • 2 Inputs: 1 Phono and 1 Line In • Suitable for MM cartridges • Precise RIAA equalisation • Low noise circuitry • Internal metal shielding • Gold-plated RCA inputs • Outboard power supply included • Black or White casing

☐ ☒ 179 €

Phono Box E

- Amplification and RIAA equalisation for MM cartridges • Design principle inspired by Dr. Sykora • SMD circuitry • Special low noise components • Internal metal shielding • Small size allows installation close to record player • Gold plated RCA connection sockets • Outboard power supply included • Dimension: 120x32x100/106 mm (WxHxD/D with sockets) • Weight: 269 g without power supply • Black or White casing

☐ ☒ 79 €

Phono Box E BT 5

- Connect your turntable wirelessly • Bluetooth 5.2 streaming with aptX Adaptive and HD support • 2 Inputs: 1 Phono and 1 Line Input • Suitable for MM cartridges
- Precise RIAA equalisation • Use analogue RCA & BT output simultaneously
- Low noise circuitry • Internal metal shielding • Gold-plated RCA connectors
- Outboard power supply included • Black or White casing

☐ ☒ 159 €

Record Box E

- Amplification and RIAA equalisation for MM & MC • Design principle inspired by Dr. Sykora • Digitalisation of vinyl for recording direct to USB with suitable recording programs • Automatic recognition, no additional drivers needed • Runs on Windows®, Mac OS® & Linux operating systems • SMD circuitry with special low noise components • Internal metal shielding • Small size allows installation close to record player • Gold plated RCA connection sockets • Outboard power supply included • Black or White casing

☐ ☒ 159 €

CD Box E

- Aluminium frontpanel with aluminium buttons • Rigid metal chassis protects against interference • True Red Book CD-DA drive in shock-proof mounting
- Slot-in mechanism • High-quality DAC for precise playback of Audio-CDs
- RCA line level analog output • Coaxial S/PDIF digital output • Remote control included • Available in silver or black • Dimension: 206 x 55 x 153 mm

☐ ☒ 279 €

### Phono Box MM

- Metal case shields the electronics from vibrational and electromagnetic interference
- Special low-noise ICs used
- Optimal channel separation through dual-mono circuitry
- Gold plated RCA connection sockets
- DC power supply (< 1 watt standby power)
- Amplification and RIAA equalisation for MM cartridges
- Small size allows installation close to record player
- Dimensions: 107x30x75 mm (WxHxD)
- Weight: 280g without power supply

● 79 €

### Phono Box

- Preamplifier for MM or MC with switch on rear panel
- Best buy classic
- DC power supply (< 1 watt standby power)
- Precise RIAA equalisation
- Low noise ICs
- Output stage with ultra-low impedance
- Gold-plated RCA sockets
- Small size for installation near recordplayer
- Dimensions: 103x36x104 / 115 mm with sockets (WxHxD)
- Weight: 570 g
- Faceplate in silver or black

◐ 99 €

Our Entry Line HiFi Electronics

What is S-Line?

We designed a range of high-end electronic micro components, engineered and manufactured according to the same principles as our acclaimed turntables. The idea is to make the devices as small as possible, but still have breathtaking sound performance.

Head Box S2

- Audiophile headphone amplifier • Suitable for demanding headphones
- 6.35mm and 3.5mm headphone output • Bypass RCA loop output for additional amplifier
- Superior low distortion • Low noise components for ultimate sound performance
- Small footprint • Both outputs usable simultaneously
- Aluminium/metal sandwich casing protects against vibrations and electromagnetic interference
- Available in silver or black

159 €

Head Box S2 Digital

- Headphone amplifier and DAC with 32bit and DSD256 support
- High end ESS Sabre ESS9038 DAC
- Proprietary clock circuitry design
- Organic polymer capacitors and thin film miniMELF resistors
- 32bit / 768kHz decoding
- DSD64, DSD128 & DSD256 (DSD over PCM)
- Up to 24bit/192kHz for optical & coax inputs
- 5 selectable digital filter characteristics
- 1 proprietary optimum transient digital filter
- Headphone output on the front (6.3mm)
- Synchronization of all internal oscillators
- Jitter as low as 100 Femtoseconds!
- Gold plated four layer PCB
- Available in silver or black

329 €

Pre Box S2 Analogue

- Stereo Line preamplifier
- Advanced circuitry with premium components
- Neutral sound with superior low noise floor
- 3 Stereo Line inputs
- 1 fixed line output
- 1 pre output
- Motorised volume control
- SMD for short signal paths
- Low output impedance for low loss with long cables
- Gold-plated connections
- Remote control for on/off, input select, volume
- Trigger outputs for Amp Box S2
- Alu/Metal casing protects against vibration and interference
- Weight: 405 g without power supply
- Available in silver or black

299 €

Amp Box S3

- Micro audiophile stereo power amplifier
- The new Amp Box S3 offers one stereo RCA input and delivers powerful and room-filling sound to every loudspeaker.
- The new PCB concept & sophisticated topology achieves less distortion and a better signal to noise ratio.
- We designed this amp to match the sound characteristics of a tube amplifier as close as possible.

299 €

AMPLIFIER

Stereo Box S3 BT

- Ultra compact integrated amplifier with high quality AptX HD Bluetooth input!
- 2 x 40 watts @ 4 ohms output power
- BT 5.0 with aptX HD capability (24-bit, up to 48kHz)
- Ultra compact integrated amplifier
- Analogue volume control with motor driven potentiometer
- 2 pair RCA line inputs
- Variable output for subwoofer or second zone amp
- Gold plated RCA connectors
- Isolated speaker outputs
- IR remote control included
- Rigid aluminium casing protects against interference
- Available in black or silver

  399 €

MaiA S3

The MaiA (My Audio Integrated Amplifier) S3 is the all in one solution for your hifi system. Not only the circuit design was reworked, also the case has been significantly changed and the MaiA S3 uses our new S3 case. Due to the bigger size we were able to improve the circuit board layout in terms of electromagnetical interference. With its 8 inputs you are ready for any kind of source device.

- **NEW** Bluetooth 5.0 - aptX HD capable (24-bit, up to 48kHz)
- 2 x 40 watts @ 4 ohms
- Dual mono design principle
- 8 inputs (5x analog, 3x digital & 1x wireless BT)
- Cirrus Logic CS4344 24bit/192kHz Multi-bit Delta Sigma
- S/PDIF inputs support up to 24bit and 192kHz
- Phono MM, MI + high output MC input
- Analogue volume control with motor driven potentiometer
- 6,3mm jack headphone output
- Variable output for subwoofer or second zone amp

  599 €

Phono Box S2

- Audiophile performance
- Dual mono configuration
- Audiophile-grade amplification modules
- Audiophile-grade polypropylene WIMA capacitors
- Precise RIAA equalisation
- Switchable Subsonic filter –12dB @ 20Hz
- Switchable input impedance/capacitance
- 4 adjustable gain levels
- Outstanding sound quality
- Weight: 570 g net
- Colour options: silver or black

  179 €

Phono Box S2 Ultra

- Audiophile performance
- No Operational Amplifiers used
- Audiophile-grade polystyrene capacitors
- Precise RIAA equalisation
- Switchable Subsonic filter –18 dB @ 20Hz
- Switchable input impedance/capacitance
- 4 adjustable gain levels
- Outstanding sound quality
- Weight: 570 g net
- Colour options: silver or black

  249 €

Phono Box S3 B

Our Phono Box S3 B comes in a complete new casework. Due to the bigger case, we were able to bring new features into our S3 phono preamplifier. The new steel & aluminium chassis with full aluminium buttons brings very good rigidity and splendid isolation against interferences.

- **NEW** 5-pin mini XLR balanced input
- **NEW** balanced XLR outputs
- **NEW** fully symmetrical & discrete gain stage
- **NEW** easy settings adjustment on the face-plate
- MM & MC capable
- Dual mono design
- Semi-passive RIAA equalization
- Superior low noise / low distortion

  399 €

Tube Box S2

- Suitable for MM and MC cartridges
- Precise RIAA equalisation in two parts, passive/active
- Fully discrete circuit design without OpAmps
- 2x ECC83 tubes (replaceable)
- Front-sided Subsonic filter button
- Front-sided Gain control
- Ultra low noise circuitry with FET input stage
- Dual mono circuitry for optimized channel separation
- Polystyrene capacitors used where possible
- Gold-plated RCA in-and outputs
- External power adaptor and multiple internal power supplies
- Well-filtrated high-voltage anode power supply
- Dimensions (with sockets & Tubes): 103x73x131 mm (WxHxD)
- Weight: 410 g without power supply
- Colour options: silver or black

  399 €

PHONO

Vinyl NRS Box S3

- Audiophile performance
- No Operational Amplifiers used
- Audiophile-grade polystyrene capacitors
- Precise RIAA equalisation
- Switchable Subsonic filter –18 dB @ 20Hz
- Switchable input impedance/capacitance
- 4 adjustable gain levels
- Outstanding sound quality
- Weight: 570 g net
- Colour options: silver or black

  329 €

Power Box S3 Phono

- Cleanest power for your phono setup! The power supply is a very important part of the audio path and significantly contributes to the sonic quality of an audio product.
- Superlative audiophile power supply
- No disturbing interferences through mains
- 1 x 18V output for phono stages
- 1x15V output for turntables
- Low noise components
- Full aluminium/metal casework silver or black

  179 €

Tuner Box S3 DAB +

- FM, DAB+ tuner and internet radio
- Internet radio with worldwide stations & podcasts
- 6,3mm jack headphone output on the front
- Easy & intuitive controls
- Auto play of last station when turned on
- RCA, coaxial and optical output
- Remote control included
- Full function IR remote control
- Frequency response: 20 Hz - 20 kHz
- Headphone amplifier: 2x 75mW at 32ohm (1%THD)
- Headphone output: 6,3mm jack
- WiFi Standards: WiFi 802.11 b/g/n
- Full aluminium/metal casework
- Weight 940 g
- Colour options: silver or black

449 €

CD Box S3

The CD Box S3 is our first product of the new S3 line. In contrast to DVD or Blu-ray Disc players, a pure CD player is frequently better in playback of stereo CDs. The drive in the CD Box S3 enables 1:1 bit-accurate CD playback. The new DAC chip provides the best digital analog conversion with a bit depth & sampling rate up to 32bit/384kHz. The slot in mechanism smoothly draws in the CD and after a few seconds it is ready to play.

- NEW 1,54" display with colour inversion function
- Slot-in mechanism
- 32bit/384kHz DAC for precise playback of Audio-CDs
- RCA line level analog output
- Coaxial S/PDIF digital output

449 €

DAC Box S2 +

- High end ESS Sabre ESS9038 DAC
- Proprietary clock circuitry design
- Organic polymer capacitors and thin film miniMELF resistors
- 32bit / 768kHz PCM support
- DSD64, DSD128 & DSD256(DSD over PCM)
- Up to 24bit/192kHz for optical & coax inputs
- 5 selectable digital filter characteristics
- 1 proprietary optimum transient digital filter
- Synchronization of all internal oscillators
- Jitter as low as 100 Femtoseconds
- Gold plated four layer PCB
- Weight: 355g without power supply
- Full alu/metal sandwich casing
- Colour options: silver or black

299 €

Pre Box S2 Digital Edition 23

- Dual mono construction
- High end ESS Sabre ESS9038 dual DAC
- Proprietary clock circuitry design
- Organic polymer capacitors and thin film miniMELF resistors
- MQA hardware decoding
- DSD64, DSD128, DSD256 & DSD512 (DoP, DSD512 native)
- Up to 24bit/192kHz for optical & coax inputs
- Headphone output on the front (6.3mm)
- Synchronization of all internal oscillators
- Jitter as low as 100 Femtoseconds
- Gold plated four layer PCB
- Weight: 366 g (without power supply)
- Full alu/metal sandwich casing
- Colour options: silver or black

449 €

Control it Pre Box S2 Digital

SOURCES

BT Box S2 HD

- Wireless music streaming with almost CD-quality
- Bluetooth 3.0
- Supports aptX & SBC codecs
- Easy to install and use
- Fast auto pairing (3 to 5 seconds)
- Up to 8 different Bluetooth sources are memorized
- Works within a range of approximately 10 meters
- RCA stereo analogue and optical Toslink output
- Outboard power supply included
- Antenna included
- Dimensions (with sockets): 116x37x108 mm (WxHxD)
- Weight: 320 g
- Colour options: silver or black

199 €

Stream Box S2 Ultra

- High resolution network bridge
- Audio optimized USB A output
- Multi-room enabled
- Dual USB A input for external storage
- TIDAL supported
- Spotify Connect
- Network-enables any modern DAC with USB input
- Internet radio
- DLNA enabled
- Bypasses all audio formats to the DAC
- Cleans up the audio signal from a PC
- Roon ready
- Shairport
- Bluetooth (for control)
- Uses dedicated power supplies
- HDMI video output
- Controllable via smart devices and PC/Laptop
- New control app
- Ethernet and WiFi connectivity
- Weight: 375 g (without power supply)
- Colour options: silver or black

699 €

Stream Box S2

- Compact multiroom streamer
- 24/192 streaming client
- Spotify Connect, TIDAL
- TuneIn, iHeartRadio internet radios
- UPnP, DLNA support
- Multi-room
- Stereo pairing
- ESS9023 DAC
- WAV, ALAC, FLAC, MP3, APE, AAC
- Line Input
- Fixed, variable analogue & optical ouputs
- Shairport
- WiFi 802.11 b/g/n
- Free control App „Pro-Ject Stream S2“ (iOS/Android)
- Full aluminium/metal casework
- Weight 375 g (without power supply)
- Colour options: silver or black

229 €

## MC Step Up Box S3

- Step-up transformer for MC cartridges • Sound upgrade for your MC cartridge • Fully passive signal path without power supply • Superior sound quality • 1:16 transformer ratio • Transformer with mu metal shielding • Input impedance matching 10 or 100 Ohms • Dual mono design principle • Highest channel separation • Gold plated RCA terminals • Solid aluminium casing protects against interference • Weight: 940g • Colour options: silver or black

● ● 449 €

## Accu Box S2

- Superlative audiophile power transmission • Accu driven power supply • No disturbing interferences through mains • Perfect for all phono electronics • 1 x 18V output • 1 x 5V USB A output • LED indication for charging and mains • Full aluminium/metal casework • Weight: 545 g, without power supply • Colour options: silver or black

● ● 299 €

## Control it 1

The new Control it 1 offers all functions you need in your daily HiFi use.

- Modern and lightweight design • Controls amplifier and CD player • Pre-programmed system remote • Replaces standard Box Design IR remotes • Compatible with many products (see list) • Dimension: 150 x 40 x 15 mm • Weight: 70g

● 19 €

## MC STEP UP TRANSFORMER

## POWER

## REMOTE

## Stereo Box DS3

### AMPLIFIER

- Dual mono design principle • Built-in phono pre-amplifier with MM & MC capability • Other inputs: 3x analogue, 1x Bluetooth • 4th generation Bluetooth with aptX capability & antenna • Volume control with motor driven potentiometer • Headphone output with dedicated amplifier stage • Fixed & variable outputs for subwoofer or second zone amp • Trigger In and Output • IR remote & built-in App Remote Control via Bluetooth • Free Box Control App controls this device & other IR equipment • Magnetic wooden side panels available separately

899 €

## Pre Box DS2 analogue

- Analogue RCA inputs • Fixed line level output as well as variable output • Mono subwoofer RCA output • Trigger in/out • RCA Line Level solid state output • Ultra linear circuit • Coupling-capacitor free signal path • Ultra low noise floor • IR remote control supplied • Magnetic wooden side panels available separately

549 €

## Amp Box DS2

- Superior Class D modules • Impressive signal spectrum and lower distortion • High efficiency from mains to audio power • Low heat emission • Stereo level input (RCA) • Loop output (RCA) • Isolated speaker outputs • Trigger input & loop out • Elegant aluminium - metal sandwich casing • 2x140/100 watts 4/8 Ω Weight: 1670 g (Alu) without power supply; 2130 g (Wood) without power supply • Magnetic wooden side panels available separately

699 €

### MaiA DS3

The MaiA DS3 (My audio integrated Amplifier) is our new reworked all-in-one compact amplifier solution. It combines both, analogue and digital inputs to suit all different sources. With its 140 watts per channel at 4 ohms you can easily power your favourite speakers. MaiA DS3 is handmade in Europe and available in an either black or silver finish. Magnetic wooden side panels available separately

- Stereo integrated amplifier with 9 inputs
- Powerful 140 watts per channel at 4 ohms
- PCM 1795DB 32bit/192kHz Delta-Sigma DAC
- BT 5.0 receiver with aptX, aptX HD, A2DP profile
- 9 different analog & digital inputs
- Sub output & variable output
- Phono input - MM & MC capable
- Dual mono design
- XMOS asynchronous USB 24bit/192kHz
- DSD capability (DSD64, DSD128; DSD256)
- Headphone output 2 x 430mW at 32ohm (1%THD)
- Trigger in- & output

1.199 €

### CD Box DS3

- HiRes capable CD player and DAC
- PCM up to 32/384 and DSD256 (DoP) - via USB input
- Four digital inputs (2x optical, coaxial, USB B)
- Two digital outputs (optical, coaxial)
- Line Level output (RCA)
- Excellent 4-layer suspended CD transport
- Blue Tiger CD-80 servo board for 1:1 CD playback
- Luxurious slot-in mechanism
- DC power supply (<1watt standby power consumption)
- High contrast dot-matrix display
- Trigger in and output
- Solid cabinet protects against vibration and interference
- Magnetic wooden side panels available separately

699 €

### CD Box DS2 T

- Three digital outputs (Optical, S/PDIF Co-axial and AES/EBU)
- Excellent 4-layer suspended CD transport
- „Blue tiger” servo board for 1:1 CD playback
- Luxurious slot-in mechanism
- DC power supply (<1 Watt standby power consumption)
- High contrast dot-matrix display
- Trigger in and output
- Massive 3 mm aluminium faceplate
- Solid cabinet protects against vibration and interference
- Magnetic wooden side panels available separately

649 €

### SOURCES

Phono Box DS3 B

The Phono Box DS3 B employs a true fully balanced gain stage design. Connect your turntable either with the 5-pin mini XLR cable or standard XLR cables & profit of the balanced signal path. Symmetrical, or also called balanced, transmissions consist of a hot and a cold (also called + and -) signal. Both signal chains effectively carry the same musical information.

- balanced XLR in- & outputs • 5-pin mini XLR balanced input • fully symmetrical & discrete gain stage • fully passive & discrete RIAA equalisation • fully discrete audio circuitry - NO Op-amps! • MM & MC capable • Balanced & single ended in- & outpus • Dual mono design • Continously variable input impedance loading
- Most precise MC cartridge matching • Superior low noise / low distortion • Trigger in- & output • Heavy aluminium casing protects against interference • Available in silver or black • Magnetic wooden side panels avaialable separately

599 €

Phono Box DS2

- Suitable for MM and MC cartridges • Precise RIAA equalisation • Dual mono circuitry for optimized channel separation • Selectable input impedance on front
- Selectable input capacitance on front • Low noise ICs • Gold-plated RCA in & outputs • Sandwich alu/metal casing protects from vibrations and electromagnetic interference • Weight: 1320 g (Alu); 1770 g (Wood) without power supply
- Magnetic wooden side panels avaialable separately

349 €

PHONO

Tube Box DS3 B

The Tube Boxes have been an integral part of our product portfolio for many years. Now, the new Tube Box DS3 B adds balanced in- and outputs to the beloved tube amplification. This precision tube phono preamplifier benefits from outstanding circuit technology from Dr. Sykora and uses ultimate components.

- Dual mono balanced tube phono-preamplifier • balanced XLR in- & outputs • more precise cartridge loading options • Precise RIAA equalisation • Ultra low noise circuitry • MM & MC capable • Balanced & single ended in- & outputs • Dual mono design • Continously variable input impedance loading • Superior low noise / low distortion • Subsonic filter • Aluminium casing protects against interference • Available in silver or black • Magnetic wooden side panels avaialable separately • Tube assembly: 2x E88CC / 6922 • Input impedance: stepless 10-1000 Ohms, fix 47 kOhms • Capacitance: 50 / 150 / 300 / 400 pF • Gain (+6dB using XLR Out): 40 / 45 / 50 / 55 / 60 / 65 dB • Output voltage typically: 500 mV/1kHz at 5mV/1kHz (at 40dB) • Subsonic filter: at 20Hz with 18dB/octave
- Weight: 1560g

899 €

MC Step Up Box DS3 B

PREMIUM BALANCED SOUND UPGRADE

Use the single-ended RCA, or go balanced with the XLR in- and outputs and benefit from a low noise interference free signal transmission. Switch the in- and outputs via the push buttons on the front. Additionally, you can set the gain level either on 24dB or 30dB. As there is no amplification, the MC Step Up Box DS3 B has a remarkable noise performance and a very low level of distortion. The sound with a Step-Up Transformer will be more lively, dynamic and natural.

- Lundahl LL1678 high quality audio transformer • Balanced in- and outputs • Fully passive signal path without power supply • Selectable transformer ratio 24 / 30dB • Superior sound quality • Transformer with mu metal shielding • Dual mono design principle • Low noise • Highest channel separation • Gold plated RCA terminals • Solid aluminium casing protects against interference • Heavy aluminium casing protects against interference • Available in silver or black • Magnetic wooden side panels available separately

899 €

PHONO

Power Box DS3 Sources

- Universal linear power supply for up to 5 components & 1 turntable • Purest & cleanest power using non-switching power supply • Not suitable for integrated & power amplifiers, receivers etc • Soft start system avoids current inrush in primary winding • Audio type toroidal transformer • Main isolating transformer with copper foil shielding • Secondary voltage rectification with precise regulation • High filtration capacity (10.000 µF) • Low ESR capacitors • Low noise components with surge protection • Input voltage: AC 115/230V, 50/60Hz IEC C15 connector • Output voltage ripple: < 1mV • Magnetic wooden side panels available separately

699 €

Power Box DS2 Amp

- Linear Power Supply Upgrade for Pro-Ject DS2 Series Power Amplifiers • Replaces original "switching" power supplies • Significant sound improvement with better dynamic and bass response, improved soundstage • Big toroidal transformer with copper shielding • Massive 3 mm aluminium faceplate • Solid cabinet protects against vibration and interference • Very low output impedance • Filtration capability 40.000 uF capacitors low ESR types • Weight: 4700g (aluminium) • Magnetic wooden side panels available separately

599 €

Magnetic Side Panels 99 €

Magnetic wooden side panels are now available for all DS2/DS3 products. The magnets inside the panel make the installation very easy & you can always change the style of your HiFi components.

## Amp Box RS

- Fully balanced double mono design (Pulse Wave Modulation) • Highly efficient conversion from mains to output power (92%) • 2 ohms drive capability • Tube buffer stage with reference quality • SMD construction for shortest signal paths
- Line level preamp inputs (RCA & XLR) • Top-quality speaker terminals • Metal casing protects against vibration and interference • DC power supply (< 1 Watt standby power) • 2x180/110 watts 4/8  $\Omega$  • Dimensions (with sockets): 206x72x220 mm (WxHxD) • Weight: 2120 g without power supply
- Available in silver and black

999 €

## AMPLIFIER

## CD Box RS2 T

- Ultimate CD Transport • Toploading CD drive • Magnetic clamp • Plays CD Audio, CD-R, CD-RW, Hybrid SACD • Blue Tiger CD-Pro 8 top loading module with suspension system and CD-84 servo board • I2S + Masterclock via HDMI connector • LCD screen displays time, tracks, text (if available) • Gravity design with central mass point • Supports: CD, CD-R, CD-RW (finalized) and Hybrid-SACD (44.1kHz/16bit CD layer only) • Digital outputs: AES3: 1 x balanced (AES/EBU) on XLR connector S/PDIF: 1 x optical (Toslink®) 1 x coaxial (RCA socket) I2S + Master Clock: 1 x HDMI connector • Aluminium IR remote included • Available in a silver or black high-quality aluminium chassis • Dimensions W x H x D (D with sockets): 206 x 78 x 200 (210)mm • Weight: 3.000g without power supply
- Available in silver and black

2.495 €

## SOURCES

## Pre Box RS2 Digital

- Dual Mono DACs: 2 x ESS9038Q2M 32-bit • PCM 32Bit/768kHz, DSD512 (over USB) • 7 digital inputs: i2S HDMI, AES/EBU, Toslink, S/PDIF coax, USB, Bluetooth
- 2 analogue inputs: unbalanced RCA, balanced XLR • 7 digital + 2 analogue filters • Unbalance RCA, balanced XLR, Headphone outputs • Hardware MQA Decoder and Renderer • Advanced upsampling and re-clocking for MQA and PCM
- Output stage switchable between tube and solid state • i2S + Masterclock connection over HDMI for use with CD Box RS2 T • IR remote in full aluminium chassis included • Available in silver and black

2.499 €

## DAC Box RS2

- Dual Mono DACs: 2x ESS9038Q2M • High Quality optionally selectable upsampling of PCM and/or MQA content with proprietary filtering • Advanced re-clocking powered by new XMOS chip with Mult-Core RISC architecture • 6 digital inputs: asynchronous USB, i2S HDMI, AES/EBU, Toslink, S/PDIF coax • Fully balanced double mono design • Output stage switchable between 6922 tube & solid state • Ultra-linear and ultra low noise • New high-quality display with responsive and fast UI design • High quality full Aluminium remote control included
- Available in silver and black

2.099 €

### Phono Box RS2

- Fully balanced, fully discrete phono preamp of the highest class • MM & MC capable • Fully balanced, true dual mono design • Fully discrete hardware design - NO Op-amps! • Fully passive RIAA & DECCA equalisation • Balanced XLR & unbalanced RCA In & Outputs • Unique continuously variable input impedance loading and channel balance control to match every cartridge to 100% (adjustment even while playing) • Superior low noise / low distortion • Metal casing protects against vibration and interference • Available in silver or black

1.599 €

### Phono Box RS

- MM & MC capable • True dual mono design • Balanced XLR & unbalanced RCA In & Outputs • Fully passive RIAA & DECCA equalisation • Unique continuously variable input impedance loading, matches every cartridge (adjustment even while playing) • RCA & XLR In & Out • Superior low noise / low distortion • Classy & elegant dip switches • DC power supply (< 1 watt standby power) • Metal casing protects against vibration and interference • Dimensions (with sockets): 206x72x210 mm (WxHxD) • Weight: 2000 g without power supply • Available in silver or black

999 €

### Power Box RS Amp

- Suitable for Pro-Ject Audio Systems power amplifiers • Replaces original "switching" power supplies • Almost double amplifier power output combined with Amp Box RS, Amp Box DS & Stereo Box RS (2x 200/120 watts 4/8 ohms) • Significant sound improvement with better dynamic and bass response, improved soundstage • Compatible with Amp Box RS, Amp Box RS Mono, Stereo Box RS but also with Amp Box DS or Amp Box DS Mono • Big toroidal transformer with copper shielding • Very low output impedance • Filtration capability 40.000 uF capacitors low ESR types • Dimensions: 201x72x195 mm (WxHxD) • Weight: 4800 g • Available in silver or black

699 €

### Power Box RS2 Phono

- All in one power supply for your phono setup • Powers any Pro-Ject 15V DC turntable • Powers any Pro-Ject phono stage • Cleanest power using non-switching power supply • Soft start system avoids current inrush • Audio type toroidal transformer • Main isolating transformer with copper foil shielding • Secondary voltage rectification with precise regulation • High filtration capacity (10.000 µF) • Low ESR capacitors • Low noise components with surge protection • Available in silver or black

899 €

Power Box RS2 Sources

- Purest & cleanest power using non-switching power supply
- Soft start system avoids current inrush in primary winding
- Audio type toroidal transformer
- Main isolating transformer with copper foil shielding
- Secondary voltage rectification with precise regulation
- High filtration capacity (10.000 µF for each output)
- Low ESR capacitors
- Low noise components with surge protection
- Available in silver or black

999 €

Power Box RS Uni TT

- Specially developed for turntables with heavy platters (RPM, Xtension & Signature Line)
- Purest & cleanest power using non-switching power supply
- Soft start system avoids current inrush in primary winding
- Audio type toroidal transformer
- Main isolating transformer with copper foil shielding
- Secondary voltage rectification with precise regulation
- High filtration capacity (10.000 µF)
- Low ESR capacitors
- Low noise components with surge protection
- Available in silver or black

549 €

Control it RS

- Control all of your DS/DS2 and RS/RS2 Box Design components with just one remote control.
- Version 2023 - reworked mechanics
- Replaces standard Box Design IR remotes
- more functions (e.g. Tube, Reclocking, etc.)
- extended range (up to 7m)
- Pre-programmed system remote
- Housing metal front made of brushed Aluminium
- Dimension: 200 x 50 x 8 mm
- Weight: 160g

279 €

# SPEAKERS

Speaker Box 3E Carbon

Stereo Box S3 BT

Speaker Box 3E

- Ultra compact speaker • 2-way bass reflex principle • Small size with big sound
- Low coloration and great transparency • Frequency response 55Hz - 20kHz • Gold-plated speaker terminal • Non-resonating MDF cabinet • Perfect for your home cinema & desktop use • Dimensions: 160 x 106 x 152 mm (HxWxD) • Weight: 1,37 kg each • Colour options: High gloss white, black, red and walnut

- 199 €
- 229 €

Speaker Box 3E Carbon

- Compact audiophile speaker • 2-way bass reflex principle • Audiophile flat frequency response • Cutting edge fiber glass carbon composite woofer • Highly detailed sound stage • Non-resonating MDF cabinet • Magnetic speaker grills included • Ideal desktop and home cinema speaker • Dimenson: 175 x 119 x 152 mm (HxWxD) • Weight: 1,69 kg each • Available in satin black, white and walnut

- 299 €
- 349 €

Speaker Box 5

- Audiophile bass-reflex design • Recommended amplifier power 10 to 150 watts • Magnetically shielded • Front cover with magnetic attachment
- Frequency response 55Hz - 20kHz • Gold-plated speaker terminal (single-wired) • Simple Wall-mount included • Speaker-Box Wall Bracket available as an option • Dimensions: 160x255x210 mm (WxHxD) • Weight: 4.2 kg • Colour options: High gloss white, black, red and walnut

○ ● ● ● 279 €

Speaker Box 10

- Audiophile 2-way design • Rear-ported bass-reflex cabinet • Recommended amplifier power 10 to 150 watts • 1" Silk dome tweeter • 2 x 4.5" paper cone midrange/woofers • Magnetic front grilles • Frequency range 50Hz - 20kHz
- Single-wired speaker terminal • Comes with adjustable spikes
- Dimenson:140x920x190 mm (WxHxD) • Weight: 11.7 kg, net each
- Colour options: High gloss white, black and red

● 599 €

Sub Box 50 E

- Audiophile subwoofer • Full sound for any room • Compact size • Perfect companion for Speaker Box 5 and 10 • Low and high level input • Three amplifier modes • Down-firing bass driver • Metal back plate • Ultra stiff non resonating MDF cabinet Dimensions: 205x280x205 mm (WxHxD) • Weight: 6.0 kg • Colour options: High gloss white, black and red

○ ● ● 299 €

Speaker Box 5 S2

- Audiophile bass-reflex design • Sophisticated internal bracing • Ultra stiff non resonating MDF cabinet • Audiophile direct-wired crossover - no PCB • Lead free solder • Ecofriendly glue from Kleiberit • Acoustically transparent front cover with magnetic attachment • Gold-plated speaker terminal (single-wired) • Handmade in Europe • Dimensions: 160x271x215 mm (WxHxD) • Weight: 4.9 kg
- Colour options: Satin White, Satin Black, Walnut, Eucalyptus, Satin Fir Green, Satin Steel Blue, Satin Golden Yellow, Wine Red

        649 €

Speaker Box 10 S2

- Audiophile 2.5-way design • Rear-ported bass-reflex cabinet • Sophisticated internal bracing • Ultra stiff non resonating MDF cabinet • Audiophile direct-wired crossover - no PCB • Lead free solder • Ecofriendly glue from Kleiberit
- Acoustically transparent front cover with magnetic attachment • Gold-plated speaker terminal (single-wired) • Handmade in Europe • Dimensions: 140x898x195 mm (WxHxD) • Weight: 12.7 kg, net each • Colour options: High gloss black and white and real wood finishes: walnut, eucalyptus

  999 €

Speaker Box 5 DS2

- Audiophile bass-reflex design • Sophisticated internal bracing • Ultra stiff non resonating MDF cabinet • Audiophile direct-wired crossover - no PCB • Lead free solder • Ecofriendly glue from Kleiberit • Acoustically transparent front cover with magnetic attachment • Gold-plated speaker terminal (single-wired)
- Handmade in Europe • Dimensions: 160x271x215 mm (WxHxD) • Weight: 5.0 kg • Colour options: High gloss black and white and real wood finishes: walnut, eucalyptus

# ACCESSORIES

Acrylic Platters

Acryl it is made from acrylic with satinised surface and brings a more liquid sound that leaves no space for platter resonances. Acryl it is able to improve overall performance significantly!

Model	Suitable for	Price
Acryl it E	Elemental, Essential III, Primary E, Juke Box E	129 €
Acryl it	T1, T2, E1, Juke Box E1, Debut Line, 1Xpression	129 €
Acryl it RPM 1 Carbon	RPM 1 Carbon	249 €
Acryl it RPM 3 Carbon	RPM 3 Carbon	299 €

Aluminium Sub Platters

The diamond cut aluminium sub-platter can be machined to much improved and lower tolerances and will be a substantial upgrade to regular sub-platters. It adds more mass to the entire platter and drive system, resulting in additional damping of noise and unwanted resonances. The improved tolerances during production will increase overall speed accuracy.

Model	Price
Debut Alu Sub Platter	149 €
The Classic EVO Alu Sub Platter	149 €
X1/X2 Alu Sub Platter	149 €

Ground it

- Vibration protection gives undisturbed music experience
- Support platform for many turntables or other equipment
- Prevents the transmission of vibrations

Model	Dimensions	Weight	Price
Ground it E	500 x 65 (45) x 400 mm incl spikes (without spikes)	4 kg	159 €
Ground it deluxe 1	500 x 65 (45)x 400 mm incl spikes (without spikes)	11,6 kg	449 €
Ground it deluxe 2	435 x 65 (45)x 340 mm incl. spikes (without spikes)	8,5 kg	399 €
Ground it deluxe 3	500 x 65 (45) x 400 mm incl. feet (without feet)	13,5 kg	799 €
Ground it Carbon	500 x 65 (45) x 400 mm incl spikes (without spikes)	14,5 kg	1.299 €

Record Weights

Record pucks use weight to secure a record against the turntable. This improves the sound performance of the turntable in terms of timing and sound depth.

Model	Weight	Colour	Material	Price
Record Puck E	190gr	Silver or Black	Aluminium	29,90 €

Adapt it

- Adaptor for use with 7-inch single records • Locates record centrally on turntable
- No plastic - precision CNC-machined • Non-magnetic aluminium
- Suitable for all brands and types of record players • Available in silver, black, acryl

Silver: 12,90 €  
Black: 12,90 €  
Acryl: 14,90 €

Damp it

- Special absorber feet for effective decoupling • Made from hightech TPE (thermoplastic elastomers)
- Prevents transmission of mechanical vibration
- Optimised to absorb frequencies from 20-500 Hz • Especially for bookshelf speakers, Disc players, turntables, tube amplifiers and more
- Extremely cost-effective sound upgrade • Available single (bulk) or package containing 4 pieces

4 pieces / 25 €

Headshells

- Fits all tonearms with SME mounting standard • 1/2 inch cartridge mount
- Low resonance construction • Non magnetic • Azimuth adjustment with screw on side
- Built-in fingerlift

Slip Mats

Soundtuning with turntable mat! Every material has its own character. Experiment and descide what you prefer!

Model & material	Price
Felt Mat in different colours	9,90 €
Cork it	25 €
Cork & Rubber it 1mm	49,90 €
Cork & Rubber it 3mm	65 €
Leather it	49 €

Clamp it

- Sound improvement for all turntables • Reduces unwanted resonances while playback
- Fast and easy mounting • Fine-adjustment of thightening force
- Full metal accessory with leather coating • Diamond cut finish

99 €

High Power it

- Proper grounding dramatically reduces grounding hum of „floating mass“ systems/amplifiers
- 3 pin DC power supply with ground connection • Delivers cleaner current and more power to all Pro-Ject turntables
- Input: 100-240V AC, 1.0A, 50-60Hz • Output: +15V DC, 2.0A • Output power: 30W max. • Diameter DC plug: 2.1mm • Dimensions: 85 x 47 x 33 mm • Weight: 180 g (w/o power cord)

34,90 €

### Cloth it

The perfect cleaning tool to polish your turntable and HiFi electronics. Made of microfiber material, purpose selected for the correct and non-abrasive cleaning of the satin and high-gloss finishes of our turntables.

12,90 €

### Clean it

- Smooth cleaner for diamant stylus • Conductive carbon fibers
- Eliminates static charges • Removes finest dust particles

9,99 €

### Grease it

- To be used with inverted bearings • Helps a smooth movement
- Pre-filled syringe • Easy handling

17,90 €

### Lube it

- High-tech lubricant for constant velocity

22,90 €

### Adjust it

- Suitable for all Pro-Ject tonearms • Allows fine adjustment of bearings, if misadjusted • Caution: for qualified personnel only • Includes 2 inserts for different bearings • Full metal (aluminium & brass)

29 €

### Align it S

- Multiple protractors on one template • Tool for cartridge alignment and adjustment • Suitable for other manufacturer's tonearms • Suitable for tonearms between 8" and 12" effective arm-length

39,90 €

### Align it DS3

- Suitable for all Pro-Ject turntables • All adjustments on one tool: Overhang, azimuth and tangentiality • 3 different geometries: Baerwald, Löfgren B, Stevenson • Alignment curves for 8,6", 9", 10" and 12" tonearm • Detailed alignment instructions and guidance on how to choose the geometry that suits your listening habits most!

79 €

### Align it PRO

- Suitable for all Pro-Ject turntables • High-precision alignment setup
- Super fast workflow • All adjustments on one tool: Overhang, azimuth and tangentiality • Baerwald geometry • Alignment for 8,6", 9", 10" and 12" tonearms
- Detailed alignment instructions and tonearm geometry explanation included

149 €

Level it

- Spirit level for optimum positioning of a turntable

34,90 €

Strobe it

- Control of turntable speed

29 €

Mount it

- Anti-magnetic precision screws • Stable installment of a cartridge • Made of stainless steel • Perfectly stable mounting of a cardridge • Three different sizes • Including allen key

15,90 €

Measure it E

- 4 digit LCD display with backlight • 4 weighing modes • Wide capacity 0 - 5g • Calibration weight • Precision data readouts with low variance • Auto calibration function • Auto power off after 30 seconds • Low power consumption • Button cell batteries included

24,90 €

Measure it S2

- Electronic stylus balance • 4 digit LCD-Display with backlight • Capacity 0 – 5g • Variance  $\pm 0,001g$  • Auto calibration function • Auto off after 120 seconds • Replacement batteries supplied

109 €

Measure it DS

- Capacity 0.01 - 200g • Precision 0,01g • Pre-calibrated at factory for ultimate precision • Scale design optimized to work with any cartridge and tonearm combination • Non-magnetic scale surface especially important for MC cartridges • Auto off after 60 seconds • 2x AAA batteries included • LCD screen with back lighting

49,90 €

Q up

- Automatic tonearm lifter for manual turntables • Lifts tonearm, when it moves to the end of a record • Extends stylus life • Suits nearly all tonearms and manual turntables • Adjustable trigger sensitivity • No AC or battery power needed • Easy to mount, no additional tools necessary

59 €

VTA it

- With the Pro-Ject VTA it, the vertical tracking angle of the tonearm can be adjusted. You can then use upgrade platters, mats and cartridges. VTA it is compatible with Debut I-III, Debut Carbon, Debut Carbon EVO, Essential I-III (only in the standard configurations). A Philips # 1 screwdriver & 5.5 mm nut driver wrench are required for installation.

19,90 €

Difficulty  Expert

Installation Time **20 min**

Brush it

- Carbon-fibre brush for record cleaning

14.99 €

Brush it Premium

- Metal brush with grounding cable • Conductive carbon fibers • Metal handle

24.99 €

Sweep it E

- Record broom • Gently cleans your vinyl while playing • Heavy weight stand for secure standing • Uni-pivot design • Brush made of natural hair

99 €

Sweep it S2

- Premium Record broom • Gently cleans your vinyl while playing • Heavy weight stand for secure standing • Neodymium magnet stabilization • Uni-pivot design • Brush made of natural hair • Height adjustable

129 €

VC-S 7" Kit

- Optimized cleaning efficiency for 7" records • 2 different versions suitable for alu & synthetic flange assembly versions of VC • Vacuum arm for 7" records including short adhesive velvet strips • Clamp for 7" records (standard clamp will not fit) • Wash it vinyl cleaning concentrate (100ml bottle)

119 €

VC-E2

- Improved cabinet design • magnetic clamp for quicker cleaning • improved vacuum steam outlet • self-adhesive arm strip for better cleaning • 5 mm aluminium composite panels • Superfast & superstrong cleaning • Removes cleaning fluid (Wash it) residue free • 0,5l tank for vacuumed cleaning liquid • Completely dry record within 2 rotations • Eco friendly, non-alcoholic, premixed new cleaning fluid Wash it 2 • Removes static load of vinyl records • Clamp seals record label from cleaning fluid

450 €

VC-S3

- Improved cabinet design • magnetic clamp for quick cleaning • silent mode operation • motor speed regulation • 1300W vacuum with power regulation • self-adhesive arm strip for better cleaning • 5 mm aluminium composite panels • Superfast & superstrong cleaning • Superior motor for long lifetime • Big 2,5l tank for vacuumed cleaning liquid • Completely dry record within 2 rotations • Removes static load of vinyl records • Removes cleaning fluid (Wash it) residue free • Eco friendly, non-alcoholic, premixed new cleaning fluid Wash it 2 • High-end build-quality

699 €

Spin-Clean

- Record Washer System • Clean records sound better and help to protect the stylus from dust • Spin Clean is suitable for all kinds of records: LP's, 45's, 78's

Spin Clean Record Washer System MKII:

- Washer basin and lid
- Washer fluid 4oz
- One pair brushes MKII
- One pair rollers MKII
- Two washable drying cloths

99 €

Spin Clean Record Washer System MKII Package LE:

- Translucent washer basin and lid
- Washer fluid 4oz
- Washer fluid 32oz
- Two pair brushes MKII
- One pair rollers MKII
- Seven washable drying cloths

199 €

Wash it 2

• Ready to use • Wash it cleans vinyl records & shellacs • Wash it contains only high-purity components • Eco-friendly - Non-toxic - Non-flammable • Dissolves a wide range of impurities including fat/grease • For very dirty records repeat the cleaning process • Evaporates quickly and leaves zero residues • Optimum application temperature 20 - 40 degrees • Optimum storage temperature 10 - 25 degrees

250 ml	7,90 €

Hear it One Anniversary

- Smart, audiophile & comfortable
- Classic design
- Adjustable leather-coated headband
- Soft leather ear cushions (memory foam)
- Textile coated cable made from oxygen-free copper (HP-OFC)
- Gold plated 3.5mm jack plug
- High gloss & metal finish

99 €

Hear it Two

- Super loud – super light – super cool (107 dB)
- Lightweight design (77 g)
- adjustable ear-cushion position
- flat transport possible
- high wear comfort
- 3.5 mm jack plug
- 3 colour options: red, white, black

   59,90 €

Dustcovers

- Clear acrylic dustcover for turntables:

Model	Dimensions	Price
Cover it E	471 x 103 x 331 mm	99 €
Cover it RPM 1/3	436 x 133 x 386 mm	99 €
Cover it RPM 5/9	498 x 179 x 348 mm	169 €
Cover it 1	525 x 290 x 425 mm	279 €
Cover it 2.1	460 x 250 x 365 mm	279 €
Dustcover Metallica	480 x 480 x 135 mm	199 €

WMI RACK 5/4

Wall mount equipment rack

<b>Size</b> 530 × 1000 × 406 mm	<b>Space between wall and shelf for cables</b> 50 mm
<b>Weight</b> 12.6 kg	<b>Maximum weight load per shelf</b> 50 kg
<b>Shelf Surface</b> 498 × 355 mm	Adaptor plate (Pair of 2 pcs): 99 €
<b>Maximum height between shelves</b> 167 mm	
<b>Colour Options</b>   Black or White: 599 €	

Wallmount it

• Resonance-free wall mount for turntables & Hifi • WMI wall mounts use rigid steel frame construction • Height-adjustable spikes to level the board

Tristand

• Premium rigid steel speaker stand • Clean design with intelligent features • Reissue of a Pro-Ject classic • Solid steel frame construction

**Colour Options**   Black or White: 399 €

# 24 EVO TONEARMS

## An Evolutionary Tonearm Range

Our new EVO tonearm ranges employ two different quality level bearing blocks, two shapes, three lengths and two finishes. That gives you a total of 24 different arms to choose from. Pro-Ject has been designing tonearms for more than three decades. We have tested many arms in listening and measuring sessions with close to 50 cartridges of different types and technology.

MC 1

• Moving Coil principle • Spherical on alu cantilever • Output voltage = 0.4 mV at 3.54 cm/s • Frequency response = 20-20kHz (+/- 1dB) • Cartridge weight = 5 g • Recommended tracking force = 1.9 g • Silver grey colour • Designed in EU

299 €

MC 2

• Moving Coil principle • Elliptical on alu cantilever • Output voltage = 0.3 mV at 3.54 cm/s • Frequency response = 20-20kHz (+/- 1dB) • Cartridge weight = 5 g • Recommended tracking force = 1.9 g • Golden yellow colour • Designed in EU

399 €

MC 3

• Moving Coil principle • Pro-Ject specific „Hyper-Spherical“ • Output voltage at 1 kH = 0,4 mV (3,54 cm/sec) • Frequency response = 20-20kHz (+/- 1dB) • Recommended tracking force = 2g • Cartridge weight = 9.6g • ARMCO pure iron cross coil • Cryogenic treated cantilever • 1/2 inch mounting standard • Full aluminium body • Steel Blue colour • Dimensions, without connection pins and stylus (W x H x D) = 17x12.5x21mm • Designed & assembled in EU

599 €

MC 9

• Moving Coil principle • Pro-Ject specific „Special-Elliptical“ • Output voltage at 1 kH = 0,35 mV (3,54 cm/sec) • Flat frequency response • Frequency response = 20-20kHz (+/- 1dB) • Recommended tracking force = 1.8g • Cartridge weight = 9.6g • Full aluminium body • Telar 57 coil • Cryogenic treated cantilever • 1/2 inch mounting standard • Black colour • Dimensions, without connection pins and stylus (W x H x D) = 17x12.5x21mm • Designed & assembled in EU

1.399 €

Lead it C

Headshell cable made from high-purity copper • Upgrade for your SME heads-hell • Spring connector technology • Easy installation - perfect contact • High purity 99,999% OFC copper leads • 7 x 0,1mm core strand construction • Gold plated beryllium copper connectors • Colour coded cables

15 €

Lead it Premium Silver

Headshell cable made from high-purity silver • High end upgrade for your SME headshell • Spring connector technology • Easy installation - perfect contact • High-purity silver conductors • 7 x 0,08 mm core strand construction • Gold plated beryllium copper connectors • Colour coded cable

29 €

Pin it

• Headshell Connector Pins • includes 8 pieces • Perfect fit • easy installation • Beryllium Copper • Perfect connection • Spring contact technology

9.90 €

Headshell Spacer Carbon

These headshell spacers made out of carbon fibre allow you to precisely adjust the height of your cartridge. Especially usefull, as this might spare you from needing lower the VTA of your tonearm when changing cartridges. Using these spacers can also improve headshell resonances.

Set includes 4 thicknesses: 1,5 / 2 / 2,5 / 3 mm

59 €

Pick it PRO Balanced

• Moving Magnet principle • Stylus type = Elliptical • True Balanced compatible MM cartridge • Very detailed with low distortion • Simple and fast mounting • 1/2 inch mounting standard • Threaded holes for simple mouting without nuts • As with most MM cartridges, stylus can be exchanged • Made in Europe

249 €

Pick it PRO

• Moving Magnet principle • Stylus type = Elliptical • Very detailed with low distortion • Simple and fast mounting • 1/2 inch mounting standard • Threaded holes for simple mouting without nuts • As with most MM cartridges, stylus can be exchanged • Made in Europe

199 €

Pick it S2 MM

• Moving Magnet principle • Split pole pins enables frequency responses that compares very well to MC cartridges • Suitable for low to medium tonearm masses • 1/2 inch mounting standard • High trackability • Pick it S2 MM should be connected to phono MM inputs • As with most MM cartridges, stylus may be exchanged • Made in Europe

119 €

Pick it S2 C

• Moving Magnet principle • Simple and fast setup • High output voltage Ideal for medium weight tonearms (15-20g) • Very dynamic • Suiteable for MM phono stages • Needle can be exchanged if needed • Robust Polycarbonate body • As with most MM cartridges, stylus may be exchanged • Made in Europe

129 €

Pick it 2M Silver

• Moving Magnet principle • Coil windings made from pure silver to achieve higher quality and more dynamic playback compared with conventional MM cartridges • Suitable for low to medium tonearm masses • 1/2 inch mounting standard • High trackability • 2M Silver should be connected to phono MM inputs • As with most MM cartridges, stylus may be exchanged

199 €

Pick it 25A

• Moving Magnet principle • Coil windings made from pure silver to achieve higher quality and more dynamic playback compared with conventional MM cartridges • Suitable for low to medium tonearm masses • 1/2 inch mounting standard • High trackability • Pick it 25A should be connected to phono MM inputs • As with most MM cartridges, stylus can be exchanged

69 €

Pick it Mono

• Moving Magnet principle • Mono Phono Cartridge • The perfect partner for mono records • Suitable for low to medium tonearm masses • 1/2 inch mounting standard • High trackability • Pick it Mono should be connected to phono MM inputs

99 €

Pick it MM EVO

• Moving Magnet principle • Stylus type = Elliptical • Very detailed with low distortion • Simple and fast mounting • 1/2 inch mounting standard • Threaded holes for simple mouting without nuts • As with most MM cartridges, stylus can be exchanged • Made in Europe

149 €

# Why quality cables are important?

Cables are not able to make your sound system sound better, but they ensure that **every detail** and information **of the signal** is transmitted to the dedicated receiving device. Using a poor cable can limit your whole HiFi setup and definitely can be the bottleneck of your sound experience.

Our new Connect it cable lineup **covers all your needs** and not only offers different connection types & technologies, but also various conductor & plug materials. It perfectly matches each quality levels of our products.

With our **experience of 30 years** in HiFi we developed four cable lines which cover all your needs for analogue audio systems.

High quality materials

Metal plugs & highest purity conductors

Connector diversity

XLR, mini XLR, 5P DIN and more

Made with care

Technically correct & beautiful optics

# E

High Performance signal cables, optimized for use with turntables and other audio components. These highly flexible and perfectly shielded cables offer low capacitance without any coloration in sound. „**State-of-the-Art**“ components for leads, dielectrics and plugs were chosen after intense listening tests.

# RS

The Connect it **RS** line represents our top-notch cables. The signal lines are made out of highest-grade silver strands which results in a lower resistivity and better conductivity compared to copper. The low capacitance reduces high-frequency attenuation and ensures perfect transmission over the entire frequency range.

1	Line RS RCA	0,41 / 0,82 / <b>1,23</b> / 1,85m	MSRP 499,00€ - 799,00€	EAN ( <b>1,23</b> ): 9120122294017
