

This technical drawing illustrates the structural components of a greenhouse, numbered 1 through 13. The main structure is a semi-circular arch with vertical supports. The components are labeled as follows:

- 1: Top arch structure.
- 2: Upper side panel.
- 3: Vertical support structure.
- 4: Lower side panel.
- 5: Top arch structure.
- 6: Upper side panel.
- 7: Vertical support structure.
- 8: Lower side panel.
- 9: Top arch structure.
- 10: Upper side panel.
- 11: Vertical support structure.
- 12: Lower side panel.
- 13: Inset detail showing the joint between the vertical support and the side panel, featuring a bolt and nut.
