USB-C2 Input	5V/2A, 9V/2A, 12V/1.5A
USB-A Output	5V/3A, 9V/2A, 10V/2.25A, 12V/1.5A (PD20W Max)
USB-C1 Output	5V/3A, 9V/2.2A, 12V/1.67A
Product Weight	310g
Product Dimensions	28*71*106mm

Charging the Power Bank

1. Use the type-C charging cable to charge the power bank.
2. It is recommended to connect the power adapter to charge the power bank.
3. It can also be connected to the USB port of a computer to charge the power bank.
4. When fully charged, the indicator light of the power bank stays on and is white.

5. Shuts continuously.

Charging Other Devices

1. Power bank is used to charge digital products like mobile phones.
2. Connecting your power bank and mobile phone with the power cable, mobile phone is charged by power bank automatically.

Note

1. If the power bank cannot be charged offline, check if the mobile phone cannot charge through power bank, please check if the connection cable is normal and firm. If charging process is unsuitable or fails, it is recommended to use a regular brand power adapter to charge the power bank.
2. There is a conversion rate of power bank, so the capacity of power bank is much larger than rechargeable capacity.
3. If the power bank cannot be turned on for short circuit protection due to improper operation, please charge the power bank to activate it.

Safety Information

Warning: Failure to follow these safety instructions may result in fire, electric shock, damage or malfunction:

Place the power bank in a dry, ventilated environment.

Do not expose the power bank to high temperatures or water.

Do not drop, fall, or disassemble the product, repair the power bank by yourself.

Do not expose the power bank to fire, high temperature, or water.

This product is unsuitable for young children or persons with physical, mental, or sensory disabilities (including babies) under supervision.

Do not place the power bank in damp conditions, unused or in parks or areas with children to ensure safety.

Do not let children or persons who cannot understand this device use it as a toy.

Please put the power bank at a temperature range of 10-35°C.
