NOTES

- This Charging Station cannot charge any Laptop, Computer.
- Not compatible with Qualcomm Quick Charge, and Xiaomi Air.
- Only the USB-C port supports fast charging.
- Use a USB-C to Lightning cable for Lightning devices with Power Delivery 3.0 fast charging, and use a USB-C to USB-C cable for Power Delivery 3.0 fast charging for your USB-C Devices.
(*USB-C to Lightning cable is not included in Package.)
- This Charging Station is Compatible with Note 10 / Note 10+ / S20 / S20+ / S20 Ultra, but the charging speed may be slower than the original 25W charger.

TROUBLESHOOT

Did you break something or need a spare part? Cables not enough?

We usually have the spare parts available:
Power Cords,
Cables(Apple Lightning, Micro USB, Type-C,
Wide Apple cables for old iPads / iPhone4)
Contact us at Service@soopii.cn,
we will be happy to replace it for you.

What to do if Charging Station is not working?

Check if the Figure-8 Female Connector is tightly connected into the socket of the Charging Station. Try other charging cables to connect the USB ports, to exclude if it's the problem of charging cables.

Item stopped working?

Don't worry, you have 1 year Warranty, and Lifetime Customer Care.
Contact us at Service@soopii.cn,
Within 24-hours, we will provide you Solution and Guidance to your satisfaction immediately.
