<h2>Activity</h2> <p>You can check your daily activity progress in terms of the steps taken, distance covered, calories burned and active time.</p>  <p>Heart Rate</p> <p>ColorFit Brio supports 24/7 heart rate tracking. You can select the measurement frequency in the app settings. To measure your heart rate in real time, go to the Heart Rate monitor and tap on 'Tap to measure'. You can view the all-day data on the watch and app.</p> <p>Note: Make sure your arms and wrists are still and there is no space between your watch and the wrist.</p> 	<h2>Stress</h2> <p>ColorFit Brio supports 24-hour stress level measurement and viewing of all-day measurement data. To measure the stress levels real time, go to the Stress Level feature and wait for it to measure. Note: Make sure your arms and wrists are still and there is no space between your watch and the wrist.</p>  <p>SpO2</p> <p>ColorFit Brio supports viewing of the highest and lowest values of Blood Oxygen level of the day and the measurement data throughout the day. To measure your blood oxygen level real time, go to the Blood Oxygen monitor and let it measure. Note: Make sure your arms and wrists are still and there is no space between your watch and the wrist.</p> 	<h2>Breathe</h2> <p>The Breathe feature helps you adjust your breathing rhythm as per your convenience. You can choose from 3 speeds (fast, moderate and slow) to adjust your breathing duration. After the session, you can also see the change in the beats per minute. Go to the Breathe feature, choose the time duration and speed and tap on start to enter the cycles of breathing and inhalation. Note: During this period, if you swipe right or press a button, breathing is interrupted and you can choose to practice again or complete the cycle.</p>  <p>Sleep</p> <p>You can view your most recent sleep record and sleep quality in various sleep stages in the NoiseFit app. The feature will measure the device records of the user's sleep cycle, sleep states (light sleep and deep sleep), wake time and REM.</p>  <p>Stopwatch</p> <p>A stopwatch can be set on the watch. You can also set lap times in the stopwatch.</p> 	<h2>Weather</h2> <p>ColorFit Brio supports 5-day weather viewing in a location of your choice as long it is synced with the NoiseFit app. You can view today's current weather and for the next 4 days. Open the Weather app on your watch and change the location to see the weather of your current location.</p>  <p>Music</p> <p>You can control your favourite songs and podcasts that play from your phone, right on your wrist as long as the watch is connected with the NoiseFit app in your phone. You can play/pause music, go to next/previous track and increase/decrease volume.</p>  <p>Cycle Tracker</p> <p>You can manage your cycles better by predicting your cycle based on recorded data. Fill in the cycle length, duration and the date of your period and set. Note: This feature is available only for females.</p> 	<h2>Flashlight</h2> <p>You can use this feature to turn on the screen brightness and see your surroundings better. Go to the Flashlight. Tap to turn on.</p>  <p>Quick Settings</p> <p>You can swipe from the watch's home screen to gain Quick Settings access.</p> <ul style="list-style-type: none"> Battery Airplane Mode Screen Lock Find Phone <p>You can make your phone ring using the watch when the watch is connected to the app. Click the icon to stop the ringing.</p> <p>DND</p> <p>Tap on the DND to turn it off or on.</p> 	<h2>Device Information and Tips</h2> <p>Device Information</p> <p>The ColorFit Brio Smart Watch contains the following:</p> <ul style="list-style-type: none"> 1.52" IPS Display Blood Oxygen Monitor Stress Monitor IP68 waterproof 50 Sports Modes 20mm Quick Change Pins <p>The ColorFit Brio smartwatch stores your activity data for up to 7 days in between the time you sync your watch to the NoiseFit app. Activity data includes your steps, distance, calories, active minutes, heart rate, sleep duration and workout data. We recommend syncing the watch to the App daily.</p> <p>Tips</p> <p>How do I update my ColorFit Brio?</p> <p>ColorFit Brio estimates how many calories you've burned based on the physical data you entered when you set up your account.</p> <p>How does the watch estimate how many calories have been burned?</p> <p>ColorFit Brio estimates how many calories you've burned based on the physical data you entered when you set up your account.</p> <p>How do I find my watch's current firmware version?</p> <p>You can find the watch's current firmware on the watch. Go to Settings on the NoiseFit app. Select Device information, choose Check for updates and update if any update is available.</p> <p>How do I save battery?</p> <p>Follow these simple steps to save ColorFit Brio's battery.</p> <ul style="list-style-type: none"> Minimise the screen brightness Limit the notification you receive from the NoiseFit app. <p>How does the watch estimate how many calories have been burned?</p> <p>ColorFit Brio estimates how many calories you've burned based on the physical data you entered when you set up your account.</p>	<h2>How do I change my activity goals?</h2> <p>You can do it through the NoiseFit app. Go to My Profile, Go to Setup and select My Objectives. Do not expose ColorFit Brio to extremely high or low temperatures. Charge the battery in a cool, ventilated room. Do not open, crush, bend, deform, puncture or shred secondary cells or batteries. In the event of a battery break or leak, prevent battery liquid contact with skin or eyes. If this happens, immediately flush the area with water (DO NOT RUB THE EYE) or seek medical help. Keep the batteries out of children's reach and in a safe place to prevent danger. Do not place the batteries in the water. Do not short-circuit. Short-circuiting may damage the battery. Short-circuiting can occur when a metallic object, such as coins, causes the direct connection of positive and negative terminals of the battery. <p>Customer Support</p> <p>If you experience any problem with the watch, it may be fixed by restarting your watch.
