### Don't add to the office noise

In an office environment, you don't need your printer adding to the office noise. The MFC-L3770CDW has been engineered to print up to 24 pages per minute at under 47dB - quieter than your daily office conversation. These industry leading specifications, make this colour machine perfect for desktop working.

### Designed with efficiency in mind

This robust multifunction desktop device is easy to use and simple to set up. With a host of time saving features including the 50 sheet 2-sided Automatic Document Feeder (ADF) making scanning or copying 2-sided documents even easier. Stay connected by using the Near-Field Communication (NFC) feature to print from your mobile simply by tapping near the device. Use the 30 sheet multi purpose tray to easily print on a wider range of media up to 163gsm.

### Add some colour to your business

Business isn't always black and white, print in full colour to add impact to those important documents. The MFC-L3770CDW offers up to 2,400dpi print quality, and uses LED technology to produce high quality professional prints. Colour doesn't stop at your printouts, this machine has a full colour 9.3cm colour touchscreen for quick and easy access to features.

### Save time and money

These desktop devices are fast, reliable and great value. The built in 250 sheet paper capacity allows you to keep working longer without having to replenish the paper tray. By using the high yield supplies, you won't have to spend time changing your toner as often, as well as achieving a competitive cost per page for both colour and mono. By boosting productivity, and reducing any down time, your office can run more smoothly.

1 Approx declared yield value in accordance with ISO/IEC 19798. 2 Calculated with 80g/m² paper.

3 Windows® & Mac® only. 4 Windows® only.

5 Optional download.

6 Maximum number of printed pages per month can be used to compare designed durability between like Brother products. For maximum printer life, it is best to choose a printer with a duty cycle that far exceeds your print requirements.

7 Requires Brother Software.

8 Must be web connected.

All specifications correct at the time of printing and are subject to change.
