Signature Features

LARGE CAPACITY

- Our 28 cu. ft. large-capacity French Door has enough room to fit up to 28 bags of groceries.¹

¹ Grocery comparison based on each cubic foot of usable space equaling one paper bag.

ICE MASTER

- Our Ice Master makes 12 lbs. of ice per day with storage for nearly 10 lbs.²
- Space-saving design leaves more room in the refrigerator.

² Actual Dual Ice Master storage is 9.7 lbs.

COOLSELECT PANTRY™

- Provides additional temperature control for your food storage needs with Deli, Fresh and Chilled options.

Ranked “Highest in Customer Satisfaction with French Door Refrigerators, in a Tie.”*

SAMSUNG

28 cu. ft. French Door Refrigerator with CoolSelect Pantry™ and Dual Ice Maker

1. Measure the height, width and depth of the opening, making sure to include baseboards, molding tile, countertop overhang, etc. Check to be sure there is enough room to open the door (consider walls, islands or other obstacles when measuring).
2. Refer to illustration below to determine dimensions.
3. Allow 2.5" of clearance on hinge side of refrigerator when installing next to a wall where handle may make contact.
4. Allow 1" minimum clearance at rear for proper air circulation and water/electrical connections. Allow a 3/8" minimum clearance at sides and top for ease of installation.
5. Ensure each door and entryway in the home is wide enough for the refrigerator to be moved through easily.

1. Measure height including flooring. Be sure to allow for hinge clearance height if needed.

2. Measure width including countertop overhang.

3. Measure depth including molding or trim.

Technical drawings of the 2018 Ford Transit Connect van showing exterior and interior dimensions.

Exterior Dimensions (Left):

- Overall Width: 36"
- Wheelbase: 33 1/2"
