You don't need the snow to celebrate in a winter wonderland. With fun and frosty VINTERFINT decorations and a little glow from STRÅLA lighting, it's easy to create a cool, magical scene at home.

## Colourful Christmas

Put the extra in Xmas with traditional designs taken to the next level. Bold patterns, pops of colour and a sprinkle of childlike wonder add a modern twist to cherished festive styles. Because 'less is more' clearly doesn't apply to Christmas.

## Playful Christmas

For those who don't feel the traditional festive vibe, we've teamed up an awarded Swedish designer for a fun and unconventional spin on Christmas decor. Bold shapes, curvy lines and vibrant colours set the mood for casual gatherings that just happen to fall around Christmas.

SPECIAL GUEST

# Evelina Kroon

Evelina Kroon is a cross-disciplinary artist living and working in Stockholm. With a background in illustration, she is known for her graphic punch and bold colour language. Evelina brings personality and energy to everything she creates. Her work blurs the line between art and design, adding depth, vibrancy and a sense of fun to everyday spaces.

We collaborated with Evelina to bring the joy of the holidays to life – infusing the VINTERFINT and STRÅLA collections with her strong graphic style. Her take on the festive season gives tradition a fresh twist, playing with pattern and scale.

**"My designs are timelessness with a twist. Using traditional Christmas colours but playing with scale creates something special. I hope these pieces become part of your holiday memories for years to come."**

SPECIAL GUEST

# Katie Kirk

Katie Kirk is an illustrator and graphic designer, and founder of a multi-disciplinary design studio based in Minneapolis. We teamed up with Katie to add her playful style into the VINTERFINT collection, bringing festive fun to your home and gift wrapping.

**"I love Christmas and IKEA, so contributing to the VINTERFINT, STRÅLA and VINTERSAGA collections felt like a dream. The design language is minimalist and geometric, inspired by modernism and folk art. In the patterns I play with scale and storytelling where the figures become part of a big and colourful Christmas celebration. I hope my playful design makes wrapping gifts, decorating and enjoying some treats more fun, so that you can celebrate Christmas with less stress and more joy."**
