Macally Product Information

Warranty

Macally peripherals warrants that this product will be free from defects in title, materials and manufacturing workmanship for one year from the date of purchase. If the product is found to be defective then, as your sole remedy and as the manufacturer's only obligation, Macally will repair or replace the product. This warranty shall not apply to products that have been subject to abuse, misuse, abnormal electrical or environmental conditions, or any condition other than what can be considered as normal use.

Limitation of Liability

The liability of Macally Peripherals arising from this warranty and sale shall be limited to a refund of the purchase price. In no event shall Macally Peripherals be liable for costs of procurement of substitute products or services, or for any lost profit, or for any consequential, incidental, direct or indirect damages, however caused and on any theory of liability, arising from this warranty and sale. These limitations shall apply not with standing any failure of essential purpose of any limited remedy.

System Requirement

- Windows 7/8/10 and later
- Any desktop and notebook computer with a USB-A port available

Installation Instructions

The Macally RFDDKEY is pre-synced with the USB RF receiver dongle, and should be automatically recognized by the computer and does not require a driver. Simply follow the steps below and you are ready to go!

1. Locate the USB RF receiver dongle, in its plastic bag.
2. Plug the USB RF receiver dongle into the USB port of your computer.
3. Within 5 seconds after step 2, bring the keyboard very close to the receiver dongle and install "AAA" battery (included) in the battery compartment. (Or pull the white PULL film out if battery is inside the compartment already)
4. You are ready to use the RFDDKEY keyboard.

Hot Keys

8 hot keys on the top of the keyboard provide one-touch control of PC applications and enhanced productivity.

- Open default web browser
- Open mail
- Mute
- Volume down
- Volume up
- Play/pause
- Open default music player
- Open calculator
