Melissa, Madison, Princess.
Sew SCHMETZ!

The love of sewing and quilting knows no border. Designs, fabrics, and thread stitched with imagination create a vibrant world of creativity and friendship that soar beyond manmade borders. We may stitch alone in our sewing room but we celebrate our finished projects with friends.

Last week in Alberta and this week in Ontario, I witnessed the excitement and dedication of Fabricland store managers preparing for upcoming sewing trends. For all the fabric they sell throughout Canada, SCHMETZ needles are ready for every fabrication and project. I was delighted to present SCHMETZ at Fabricland regional meetings and provide additional education on the hardest working two-inch piece of steel in the sewing machine. Next time you find yourself in Canada, be sure to drop by Fabricland for your fashion fabrics ... and yes, they have quilting fabric too.

Who will win all these sewing goodies? To win you must answer Rhonda's mystery question in the live chat.

Special thanks to these companies for contributing to SCHMETZ Snippet Giveaway: [Shannon Fabrics](#), [Mary Mulari](#), [Taylor Seville](#), [Quiltni](#), [Quilting Daily](#), [Timeless Treasures](#), [Grabbit@ Sewing Tools](#), [SCHMETZ](#), [Tailor Novelty Notion Collection](#), [Amy Barickman](#).

SCHMETZ NEEDLE POINTS

SCHMETZ Stretch Needles

The SCHMETZ Stretch needle has a medium ball point, a smaller eye, and a deep scarf. Use on highly elastic knits, especially if the fiber content includes Lycra®, Spandex, or elastic.

SCHMETZ Jersey/Ball Point Needles

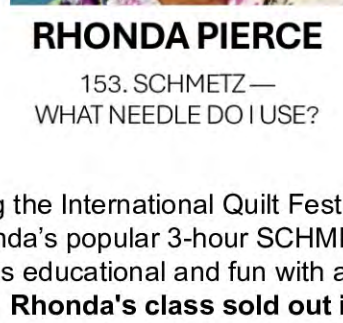

The SCHMETZ Jersey sewing machine needle is also known as a ball point needle. The medium ball point is designed to avoid breakage of knit fibers at stitch creation. Use on knit and stretch knit fabrics.

THIS IS MY HAPPY PLACE ORIGINAL Sewing & Quilt EXPO

Cincinnati, OH (Sharonville)
Sharonville Convention Center

What is the Needle Noter™?

Needle Noter™ consists of three moveable discs. The bottom disc tells you the application type of needle, the middle disc is the size of the needle, and the top disc indicates with an arrow which needle you put in the machine. Select your needle type by aligning the bottom two discs by type and size and spin the top arrow to note it. Then attach it to your machine and forget about it. [Click for more information.](#)
