

Instructions for Use:

BOHS Montessori Bead Stair

Product Overview

The **BOHS Montessori bead stair set** is a hands-on math tool designed for children ages 3-6. It includes color-coded bead bars and a wooden tray with numbered slots. Use this material to teach counting, sequencing, and early math skills at home or in the classroom.

Safety Notice

- **Supervision Required:** Beads are small parts and may pose a choking hazard. Use **BOHS bead stairs** only under adult supervision.
-

Getting Started

1. Unpack and Check:

- Remove all pieces of your bead stair set from packaging.
- Confirm you have bead bars for each number (1-10).

2. Setup:

- Place the wooden tray on a table or flat surface.
 - Arrange bead bars in numerical (and color) order.
-

How to Use

1. Counting

- Invite your child to place bead bars in order, counting aloud.

2. Matching Numbers

- Ask the child to find the bead bar that matches a given number or slot.

3. Sequencing

- Mix up the bars and challenge your child to put them in order.

4. Exploring Addition

- Combine two bead bars and count total beads together.

5. Fine Motor Skills

- Encourage placing and removing bars to strengthen hand and finger muscles.
-

Tips and Maintenance

- **Portable:** The BOHS bead stair set is small and easy to carry for travel or outings.
 - **Cleaning:** Wipe with a dry or slightly damp cloth. Keep dry.
 - **Storage:** Store all bead bars in the tray to prevent loss.
 - **Note:** Tray and bead bars are small—keep away from babies and toddlers.
-

Troubleshooting

- **Color differences:** Some sets may show slight color shade variations.
 - **Size:** The tray measures about 4.3 x 7 inches; pieces are designed for small hands.
-

Recommendations

- Highly recommended by educators for young children's math learning.
 - The BOHS Montessori bead stair is great for both home and classroom use.
-

Enjoy exploring math with your **BOHS Montessori bead stair!**
