CRYSTAL DROPLET EASY FIT USER GUIDE

Introduction

Thank you for purchasing this Crystal Droplet Easy Fit.
Please read the instructions carefully before use to ensure safe and satisfactory operation of this product.

Warnings

 This product is Class I and must be earthed.

This fitting should be fitted in accordance with IEE Regulations and the Building Regulations. If in any doubt, or where required by law, consult a competent person who is registered with an electrical self-certification scheme. Further information is available online or from your Local Authority. To prevent electric shock, switch off at the mains supply before installing or maintaining this fitting. Ensure other persons cannot restore the electricity supply without your knowledge. If you are in any doubt, please consult a qualified electrician.

If replacing an existing fitting, make a note of the connections. Always use the correct type and power bulb. Never exceed the power stated. When changing a bulb, always switch off at the mains and allow the old bulb to cool down before handling. Dispose of used bulbs carefully.

Caution! The bulb and surrounding parts can become hot during use

Parts list

Description	Image	Quantity
A Ring		1
B Ceiling body		1

Product assembly

Ensure the electricity is switched off at the fuse board.

Step 1

Remove the light bulb from the lamp holder (allow the bulb to cool down before handling).

Remove shade ring from lamp holder.

2

Step 2

Place top ring of the fitting over lamp holder, then secure fitting to lamp holder by replacing shade ring.

Ensure the shade ring is firmly screwed to lamp holder.

3

Step 3

Attach the correct type and wattage bulb to the lamp holder (bulb not included)

Switch on the electricity supply at the fuse board.
