DAY ONE SKILLS & PRODUCT BENEFITS:

• Anatomically Accurate Design

Features simulated teeth and bone surrounded by soft rubber gums

• Comprehensive Procedure Training

Enables practical simulation of essential skills including tooth extraction, periodontal probing, administering nerve blocks, and intubation training using detailed anatomical landmarks such as the tongue, epiglottis, esophagus, and trachea.

• Durable & Replaceable Components

Easily replaceable maxilla and mandible allow for repeated use and extended training versatility.

• Stable Setup for Hands-On Practice

Includes a table clamp and arm for secure model positioning during procedures.

Replaceable Parts:

Canine Clamp Arm | 1025637

Canine Dental Tongue | 1025647

Canine Surgical Mandible | 1025645

Canine Surgical Maxilla | 1025646

Canine Dental Laryngopharynx Component | 1025641

Canine Head, Black | 1025639

Canine Head, Brown | 1025640
