Key Features

- 2-in-1 wireless charging dock and magnetic power bank.
- Magnetic Connectivity - attach any Qi-enabled smartphone* using a MagEZ Case or MagEZ Case Pro and iPhone 12 Series with or without a case.

*Not compatible with the Huawei P40 Pro, OnePlus 8 Pro, Samsung S20 Ultra, and Samsung Galaxy Note 20 Ultra.

- Compact and ergonomic design.
- Pass-through charging - charge your smartphone and power bank simultaneously.
- A re-usable gel pad allows you to adjust the placement of the dock.
- Built-in safety features.
- LED lights indicate charging status.

- With the slide-or-detach design, simply slide up to remove your phone with the MagEZ Juice 2 power bank attached, or lift off your device to detach your phone from the dock.

Compatibility

Compatible with all Qi-enabled devices with a MagEZ Case, including Apple's iPhone 12 Series with or without a case.

Quick Guide

- Preparing Your Phone to Use With MagEZ Juice 2

1. Install your MagEZ Case.

2. Simply use your iPhone 12 (with or without a case).

- **Charge Your Phone Using the MagEZ Juice 2 Power Bank**

1. Push the power button to turn on the power bank.

2. Attach the power bank to the back of your device.

- Using the MagEZ Juice 2 dock to charge:

1.Slide the power bank into the dock.

2. Attach your phone to the power bank.

3. Slide up your phone and power bank to remove them together.

4.Remove your phone to leave the power bank in the dock.

*Scan QR code for video instruction.

Buttons and LED Indicators

- When clicking the button once, the LEDs will light up as shown below:

Battery Percentage Indicator

0% ~ 25%

25% ~ 50%

50% ~ 75%

75% ~ 100%

*Applicable only when home button is clicked.

- When the MagEZ Juice 2 is plugged in the LED indicators will light up and blink based on the remaining battery.
- When charging your phone with the MagEZ Juice 2, the LED indicators will light up based on the remaining battery.

Warranty

At PITAKA, we are always striving to provide our customers with the best quality products. The PITAKA MagEZ Digital Travel Kit is guaranteed for 12 months from the date of purchase. The MagEZ Digital Travel Kit is warranted to be free of defects in materials and function under normal use. A defect is defined as an imperfection or flaw during the manufacturing process. Any change or modification of this device will void the warranty. The warranty is non-transferable and covers the original end-user purchaser. PITAKA will only authorize the warranty claim if the products were purchased from an official store or an authorized dealer. For full details regarding warranty terms and exclusions, please visit ipitaka.com/pages/shipping-warranty.

Exclusion

Damages do not include those resulting in abuse of the device, incorrect maintenance, alteration, misuse (including disassembly and drops), abnormal wear and tear, and cosmetic damages that do not affect functionality.

Important

1. Do not disassemble the MagEZ Juice 2 or attempt to modify it in any way.
2. Do not attempt to power the MagEZ Juice 2 with any connector other than Type-C connector.
3. Do not attempt to replace any part of the MagEZ Juice 2.
4. Do not keep the MagEZ Juice 2 in a high-temperature environment, including heat caused by intense sunlight or other forms of heat. Do not place it in fire or other excessively hot environments.
5. Dispose of the MagEZ Juice 2 in a bin specifically designed for batteries and electronics.

6.All parts of the MagEZ Juice 2 have undergone thorough quality assurance inspections. However, if you find that your MagEZ Juice 2 is excessively hot, emitting odor, misshapen, abraded, or other irregular operation, stop using the device immediately and contact the manufacturer.

7.If the MagEZ Juice 2 is intended by the purchaser to be used by a minor, the purchaser agrees to provide detailed usage instructions and warning to any minor prior to use. Failure to do so is the sole responsibility of the purchaser.

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

To maintain compliance with FCC's RF Exposure guidelines, this equipment should be installed and operated with minimum distance between 20cm the radiator your body: Use only the supplied antenna.

FCC ID: 2ARI5-MJ2-01
