## COMPONENTS

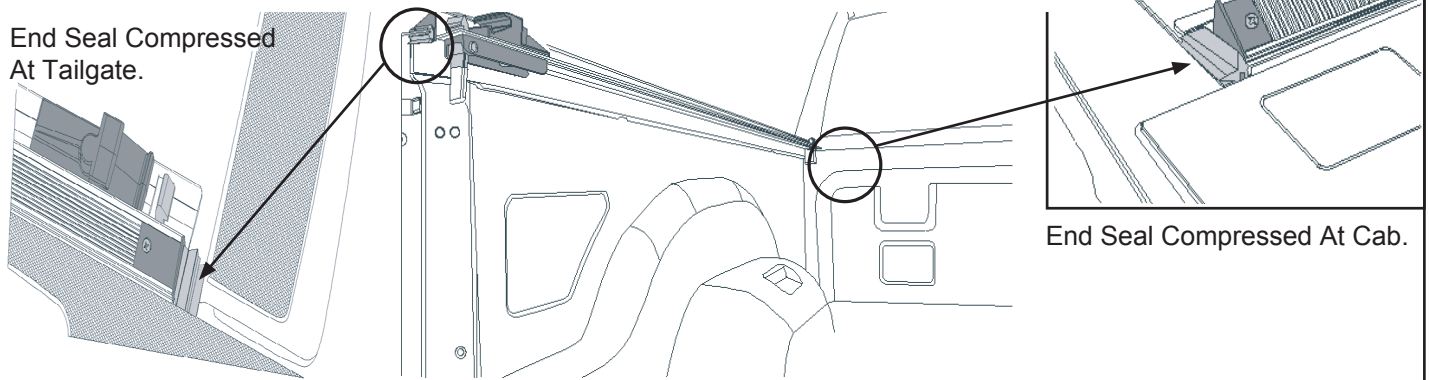

## TOOLS REQUIRED

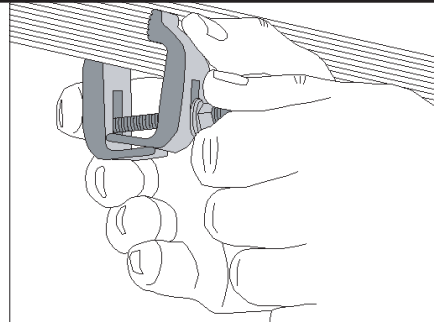

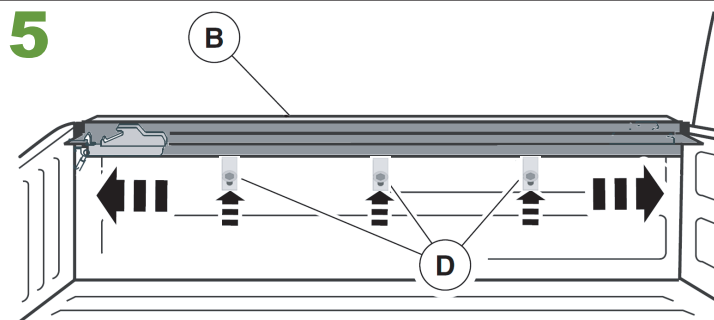

#### 4 With Tailgate Closed, Position Side Rail Compressing End Seals Equally Between Cab and Tailgate.

End Seal Compressed At Tailgate.

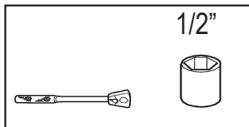

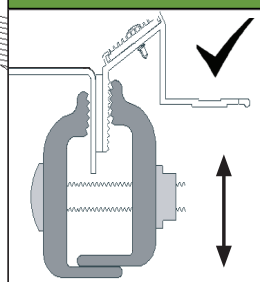

End Seal Compressed At Cab.

#### 5

LEVEL

When installing clamps, finger tighten nut holding back side of clamp. Be sure the teeth of the clamp engage with the grooves of the side rail. Hold the clamp firmly with one hand to tighten the bolt. Avoid twisting or rotating the clamp during this process.

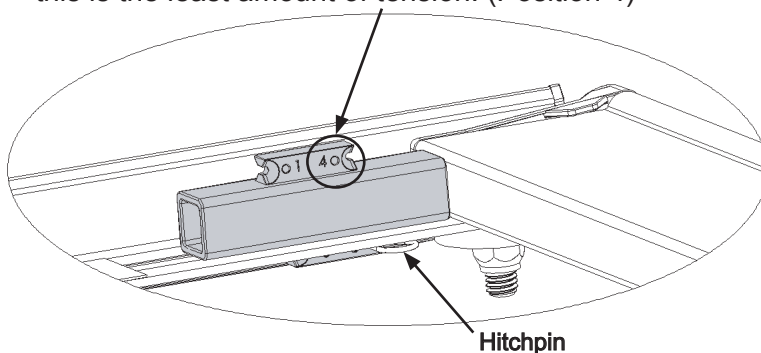

#### WARNING

Tighten clamps securely on side rails before driving vehicle.

#### 6 Repeat steps 3-5 on passenger side for item C. Proceed to step 7 when complete.

### SETTING TENSION ADJUSTMENT BLOCKS

#### 7 Cover tension is controlled by four position adjustable blocks. To start, place blocks in position shown below. With 4 on top and closest to front header. Secure blocks with hitchpin in #2 hole, this is the least amount of tension. (Position 4)

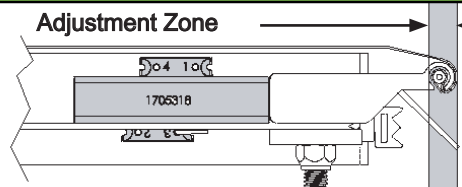

Hitchpin

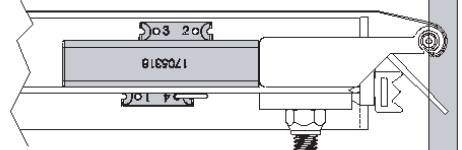

#### Setting cover tension

1. Set cover tension during warmest part of the day.
2. Roll cover up to adjustable block.
3. Pull Hitchpin and rotate blocks to the next position needed. Replace Hitchpin. **(Driver and passenger blocks must always be in the same position.)**
4. Close cover and re-check adjustment. Repeat until satisfactory tension has been achieved.

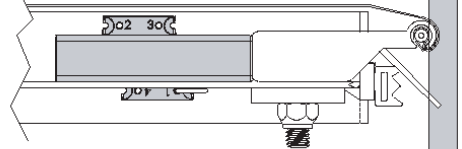

Position 1

Position 2

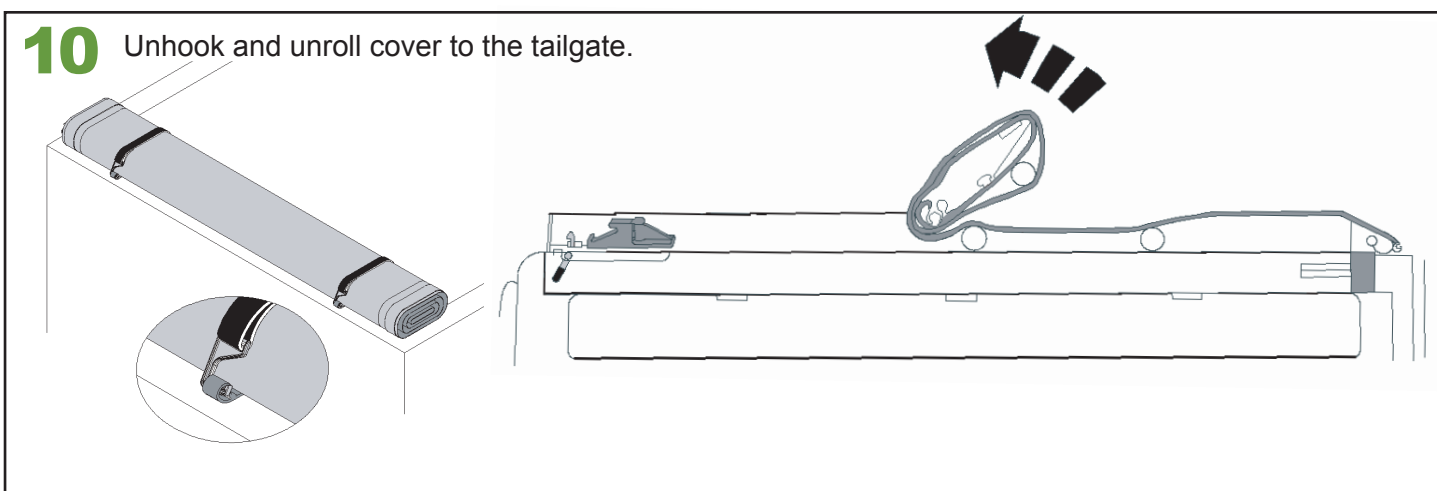

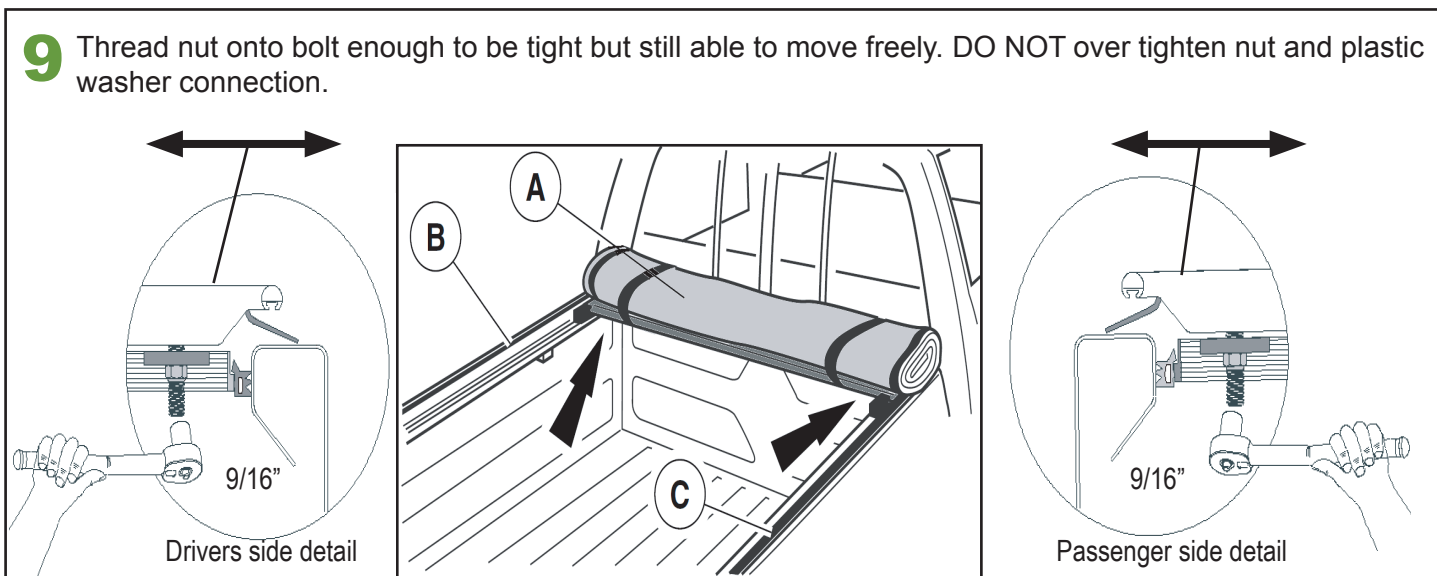

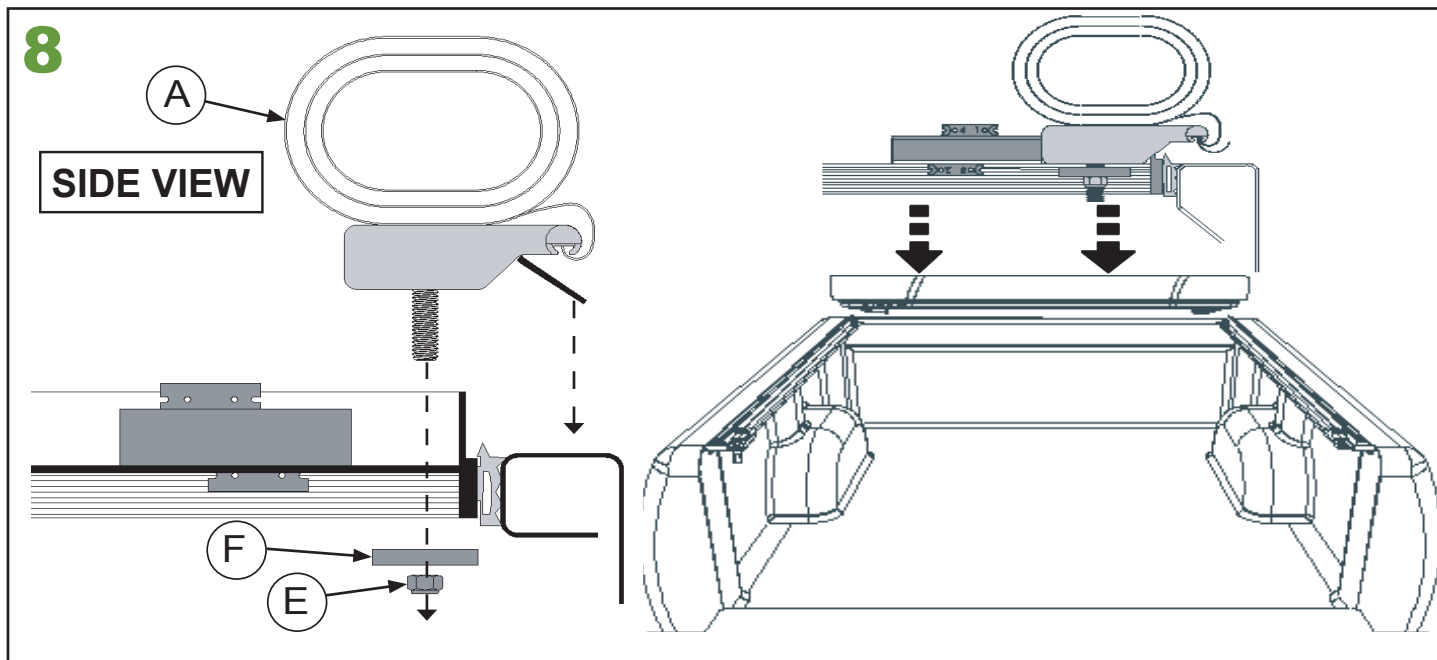

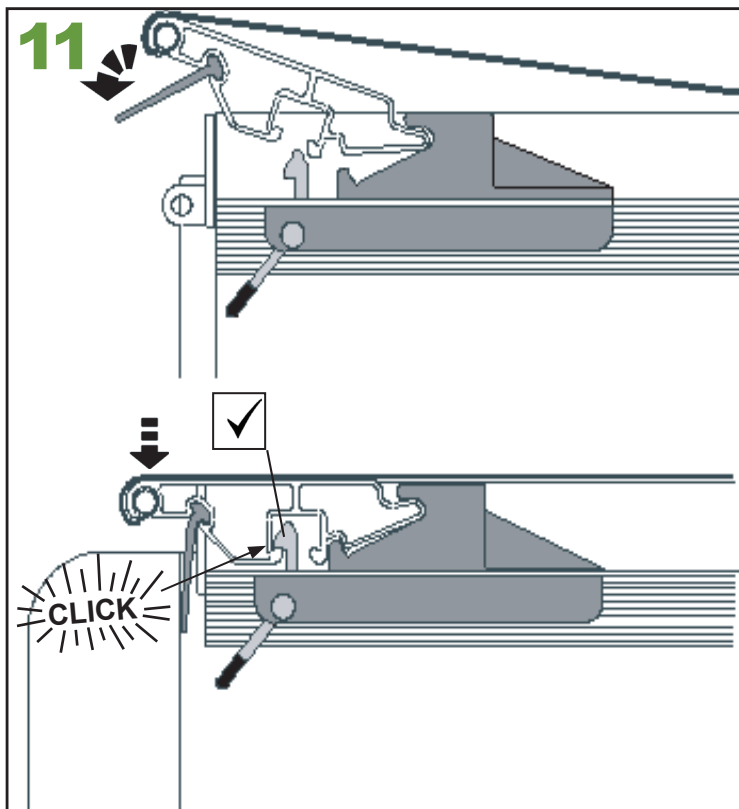

Position 3

Position 4  
Minimum

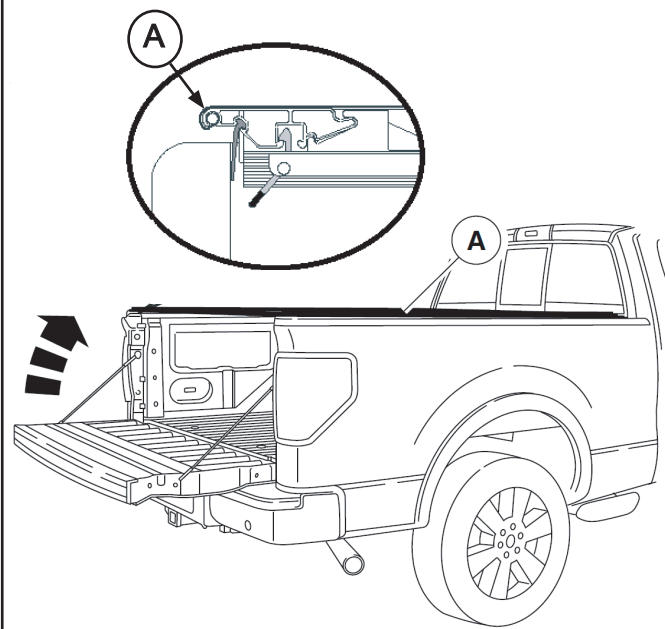

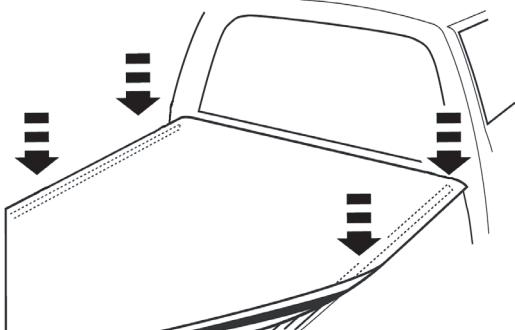

**12**

**NOTE:** Preferred method to close cover. Roll cover closed then close tailgate. Seal will be inside the tailgate. If tailgate has a key lock, truck bed cover is secured until tailgate is unlocked and opened.

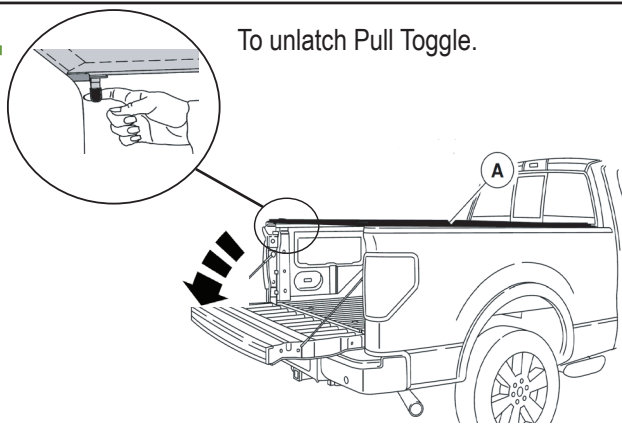

**13**

**NOTE:** Secure hook fastener and loop fastener by pressing down along entire length of both side rails before driving vehicle. This will prevent wind lifting the cover and causing damage.

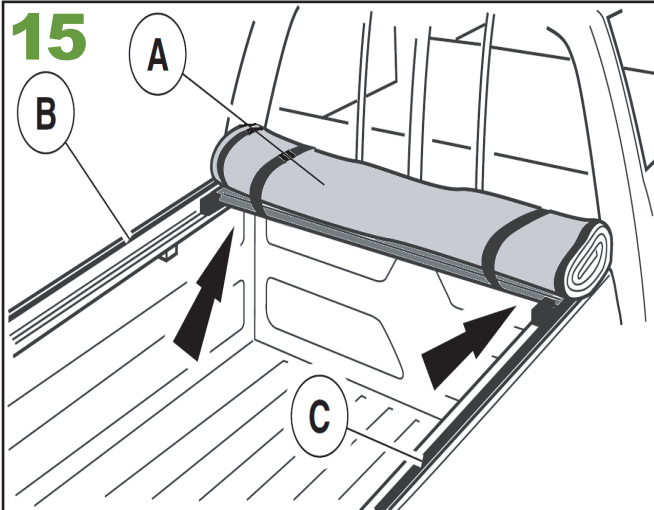

**14**

To unlatch Pull Toggle.

**15**

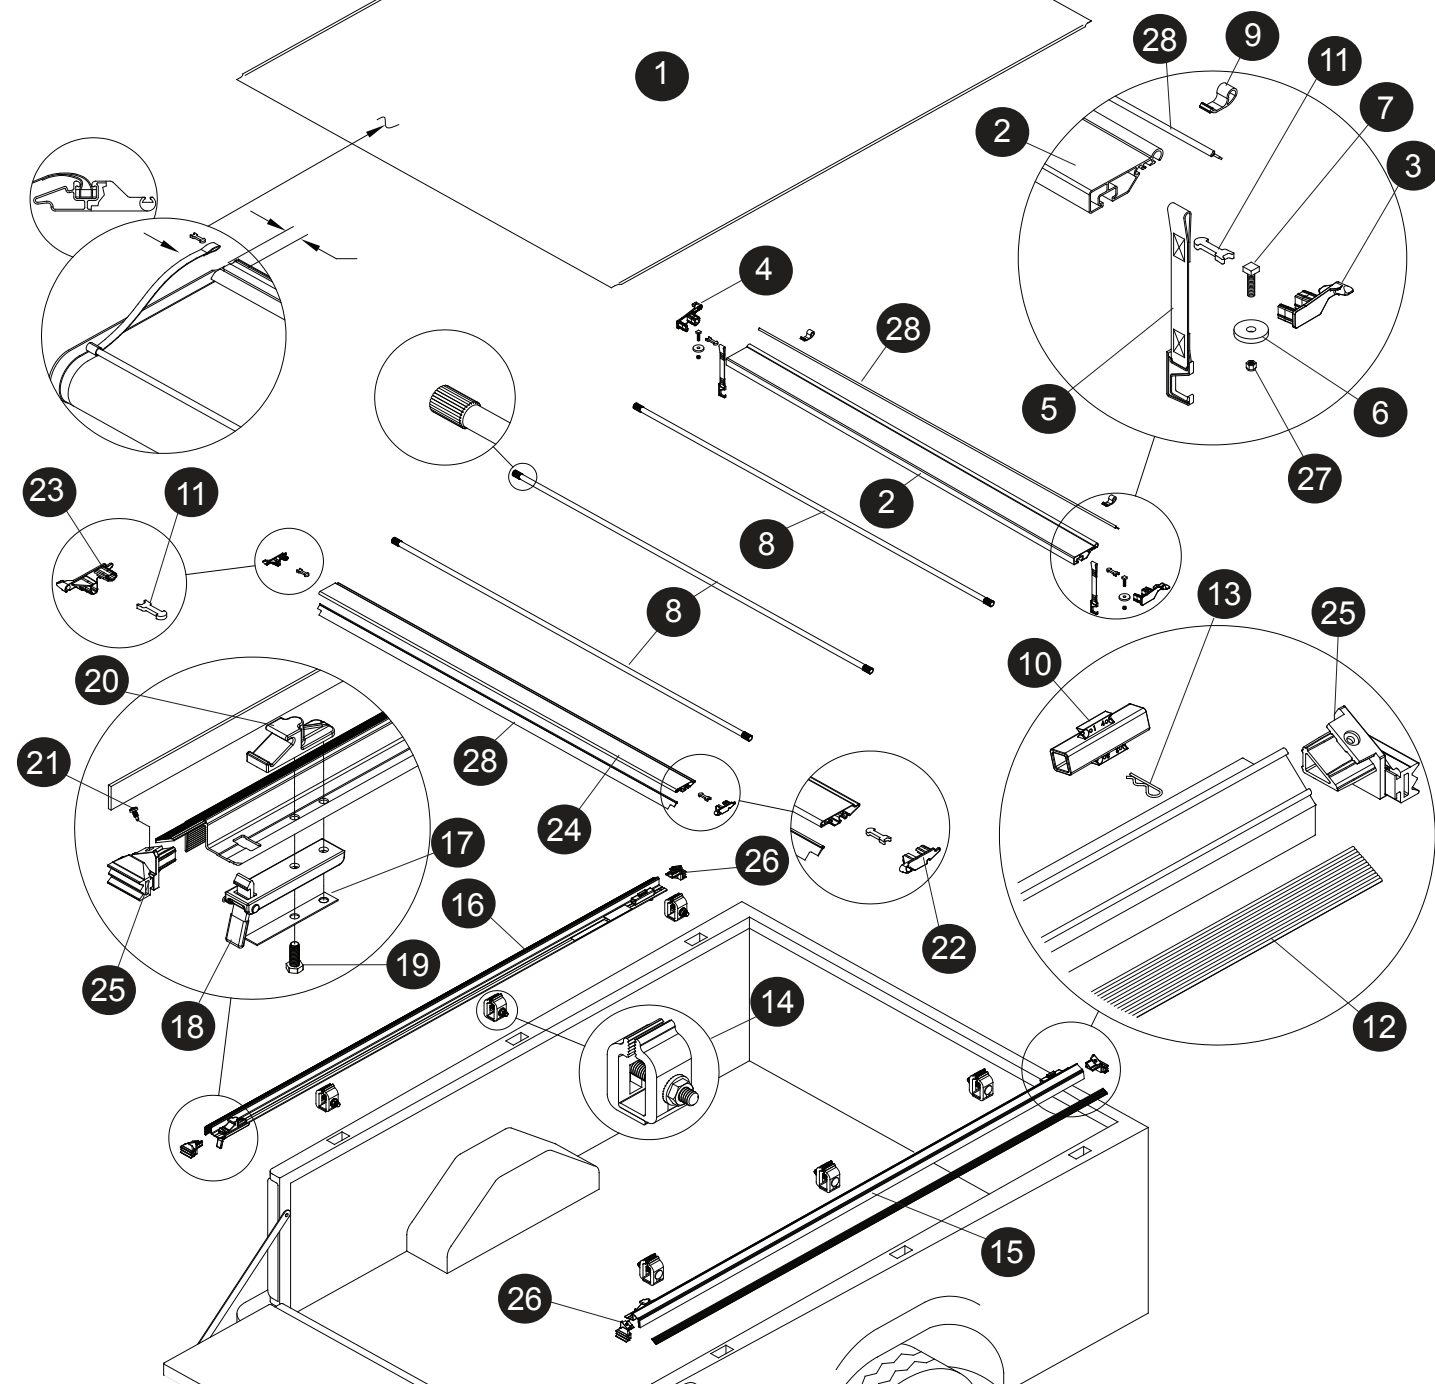

## CAUTION

ROLL COVER TIGHT AND SECURE BOTH RETAINER STRAPS. **DO NOT** STOW COVER AGAINST CAB WINDOW.

To stow cover open roll cover to the front. Secure both hooks **DO NOT** stow cover against cab window.

**LIMITED LIFETIME WARRANTY:** The full hardware kit including rails, clamps and bows carries a lifetime warranty, while the fabric cover is warranted for 10 years. Warranty is to the original consumer purchaser and is not transferrable. Gator Covers warrants this product to be free of defects in material and workmanship at the time of purchase by the original retail consumer. Gator Covers disclaim any other warranties, express or implied, including the warranty of fitness for a particular purpose or an intended use. If the product is found to be defective, Gator Covers may replace or repair the product at our option, when the product is returned prepaid, with the proof of purchase. Alteration to, improper installation, or misuse of this product voids the warranty. Gator Covers liability is limited to repair or replacement of products found to be defective, and specifically excludes liability for any incidental or consequential loss or damage

## WARNING

**Tighten clamps securely on side rails before driving vehicle, to prevent cover from blowing off.**

## SAFETY INSTRUCTIONS

1. Do not place objects on or against cover or framework.
2. Do not tie cargo to cover framework.
3. **Never** allow children or pets to occupy pickup box while cover is closed.
4. Cover is not airtight. Special care is required to keep cargo clean and dry.
5. Fabric cover won't prevent theft of contents inside truck box.
6. Cover must be rolled fully open and secured with retainer straps when towing vehicle backwards.
7. Opened cover must be secured with both retainer straps when driving vehicle.
8. Cover must be rolled fully open and secured with retainer straps if any part of the truck bed cover is worn or damaged.

## OWNER/USER RESPONSIBILITIES

It is the responsibility of the owner/user to read this manual and comply with the operating procedures. The owner/user is also responsible for inspecting their truck bed cover system, and for having parts repaired or replaced when worn or damaged.

Failure to follow safety instructions and warning labels could result in failure of your cover system and/or personal injury.

## MESSAGES TO INSTALLER

- Always wear safety glasses and/or other necessary protective equipment when installing your truck bed cover system.
- These instructions are complete for most pickup models. Additional instructions are included, if required for your pickup. Please read entire manual before installing your truck bed cover system.

## COVER MAINTENANCE

Vinyl cover can be hand washed with mild soap and water or cleaned in a car wash. Thoroughly rinse cover to remove any soap residue. Cover can be treated with any vinyl protectant made for truck bed covers. **Never use any vinyl conditioners (ie, Armor All®) that contain silicone, petroleum, or citrus based products on your truck bed cover as they may crack and shrink the vinyl.**
