Where to find important vacuum information

Keep this information

Write the model, type and serial number here:
Date of purchase (keep your receipt) _____
Model number and type _____
Serial number _____

Find these numbers on a label on the middle back side of the vacuum cleaner. Refer to these numbers when ordering parts and accessories or if service is needed.

This Owner’s Guide provides important instructions to prolong the life of your Eureka vacuum cleaner.

Registration: To register your product visit www.eureka.com and click on the ‘Register Your Product’ link in the top right corner.

Inspection: Carefully unpack and inspect your new Eureka vacuum cleaner for shipping damage. Each unit is tested and thoroughly inspected before shipping. For instructions regarding any shipping damage, call the Eureka Customer Service **HELPLINE** at **1-800-282-2886** immediately.

IMPORTANT SAFEGUARDS

When using an electrical appliance, basic precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING THIS VACUUM CLEANER WARNING

To reduce the risk of fire, electric shock, or injury:

- Do not use outdoors or on wet surfaces.
- **Do not leave vacuum cleaner when plugged in.** Turn off the switch and unplug the electrical cord when not in use and before servicing.
- Do not allow to be used as a toy. Close attention is necessary when used by or near children.
- Use only as described in this manual. Use only manufacturer's recommended attachments.
- Do not use with damaged cord or plug. If vacuum cleaner is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, call the Eureka Customer Service **HELPLINE** at **1-800-282-2886**.
- Do not pull or carry by cord. Do not use cord as a handle. Do not close a door on cord or pull cord around sharp edges or corners. Do not run vacuum cleaner over cord. Keep cord away from heated surfaces.
- Do not use extension cords or outlets with inadequate current carrying capacity.
- Turn off all controls before unplugging.
- Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
- Do not handle plug or vacuum cleaner with wet hands.
- Do not put any objects into openings. Do not use with any openings blocked; keep free of dust, lint, hair, and anything that may reduce airflow.
- This vacuum cleaner creates suction and contains a revolving brush roll. Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts.
- Do not place vacuum cleaner on furniture or stairs as the brush roll may cause damage. Use extra care when cleaning stairs. Place vacuum cleaner on floor with the handle in storage position while using attachments.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Do not use without dust cup, filter and screen in place.
- Belt pulleys can become hot during normal use. To prevent burns, avoid touching the belt pulley when servicing the drive belt.
- Do not use to pick up flammable or combustible liquids such as gasoline, or use in areas where they may be present.
- Store your vacuum cleaner indoors in a cool, dry area.
- Keep your work area well lit.
- Unplug electrical appliances before vacuuming them.
- **WARNING:** This product can expose you to chemicals including Styrene, which is known to the State of California to cause cancer, and Bisphenol-A, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

SAVE THESE INSTRUCTIONS

To **reduce the risk of electric shock**, this appliance has a polarized plug (one blade is wider than the other). This plug will fit in a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician to install the proper outlet. Do not change the plug in any way.

Motor

Do Not Oil the motor or the brush roll at any time. The bearings are permanently lubricated and sealed.

What comes in the carton

The below parts and accessories are included in all NEU180 series.
NEU180, NEU181, NEU181A, NEU182A, NEU182B, NEU185, NEU188, NEU188A, etc.

Parts

Hose

Handle

Upper Cord Hook

Lower Cord Hook

Important
safeguards

Vacuum cleaner

Accessories

Dusting brush

Upholstery tool

Crevice tool

The below additional accessory is also included with models:
NEU181, NEU181A, NEU188, NEU188A, etc.

Pet Turbo Brush

The below additional accessories are also included with models:
NEU188, NEU188A

Flexible telescoping crevice tool

Pet Turbo Brush

2-in-1 upholstery tool

Accessories may vary depending on which model was purchased.

How to assemble your vacuum cleaner

Vacuum cleaner with dust cup.

Slide handle into top of vacuum cleaner. Push down until it clicks.

Insert bent end of hose into opening at back of dust cup. Twist hose clockwise to lock.

Store accessories on back of vacuum cleaner.

Loop hose over hose retainer.

Push loose end of hose securely onto hose inlet.

Align upper and lower cord hooks and press to snap in place. Upper cord hook should rotate freely.

Wrap cord onto upper and lower cord hooks.

Store turbo brush on front of handle. Align brush opening with slot and push to snap tool into clip.

How to identify parts of your vacuum cleaner

**Headlights are included on select models only (NEU188, NEU188A).
Accessories may vary depending on which model was purchased.**

For filter maintenance instructions, see page 9

How to use your vacuum cleaner

Plug power cord into outlet.

Turn height adjustment knob to adjust from bare floors to high pile carpet.

Step on power switch to turn vacuum cleaner on. Step on again to turn off.

Step on handle release to lower handle into position for vacuuming floors.

Empty dust cup after every use

Press release button and lift off dust cup.

To empty debris, press lever to release bottom lid.

How to use accessories

CAUTION

When using tools, always place handle in upright position. Make sure vacuum cleaner is turned off while attaching tools.

- Place vacuum in upright position.
- Turn height adjustment knob to highest position.
- Pull up on hose connection to release hose end from hose inlet (Fig. 1).
- Push end of hose into top of handle and twist clockwise until it clicks (Fig. 2).
- Press handle release latch and pull out handle with wand (Fig. 3).
- To attach accessories, push desired tool onto end of wand (Fig. 4).
- To use accessories without handle and wand, push desired tool directly onto end of hose (Fig. 5).
- When finished using accessories, twist hose counterclockwise and pull off handle. Slide handle into top of vacuum cleaner and push down until it clicks. Push loose end of hose securely onto hose inlet. Store tools on vacuum cleaner back. (See page 5.)

Crevice tool (NEU180, NEU181, NEU181A, NEU182A, NEU182B, NEU185, etc.) -
Use for baseboard edges, corners, detailing chairs, sofas, dryer vents and tight spaces.

Upholstery tool (NEU180, NEU181, NEU181A, NEU182A, NEU182B, NEU185, etc.) -
Use for furniture, chairs, sofas and mattresses.

2-in-1 upholstery tool (NEU188) -
Use brush to vacuum upholstered surfaces or pick up debris. Use felt portion to clean delicate surfaces. Press thumb release and lift brush up and out of the way.

Flexible telescoping crevice tool (NEU188) - Press button and pull to extend tool to desired length. To use brush, pull to swivel into position. Use for baseboards, crevices and tight spaces.

Dusting brush (NEU180, NEU181, NEU181A, NEU182A, NEU182B, NEU185, etc.) -
Use for furniture, drapes, blinds, drawers and vents.

Turbo brush (NEU181, NEU181A, NEU188, NEU188A) -
Use to remove pet hair from stairs, carpet and upholstery.

Accessories may vary depending on which model was purchased.

How to maintain dust cup and filters

Dust cup – Empty after each use

Press release button and lift off dust cup.

Hold dust cup over wastebasket and press lever to release bottom lid. Debris will empty.

Close bottom lid until it clicks.

Washable dust cup filters – Clean monthly

Pull dust cup latch to lift up dust cup lid.

Lift out foam filter and shake off dust. Rinse foam filter and dry THOROUGHLY.

Grip tabs and lift out filter screen. Twist bottom of filter screen counterclockwise to unlock and pull apart. Shake off dust. Rinse screen and dust cup. Dry all THOROUGHLY. Reassemble screen; twist clockwise to lock.

Align tab on filter screen with slot on back of dust cup and drop into position.

Reinstall foam filter.

Close cover until it clicks.

Warning: Never operate vacuum cleaner without foam filter, filter screen and dust cup in proper position.

How to clear a blockage

⚠ CAUTION

Make sure vacuum is turned off and power cord is unplugged.

If vacuum is not cleaning floors, or if no suction at end of hose, check to be sure air path is not blocked.

- Press release button and lift off dust cup (Fig. 1).
- Empty debris. Hold over wastebasket and press lever to release bottom lid (Fig. 2).
- Check filter and filter screen. Remove any debris and shake off dust. (See maintenance instructions on page 9.)
- Loosen end of hose.
- Use a rod or similar blunt implement to clear a blockage in wand or hose. Flex hose to loosen debris (Fig. 3). Use caution if there is any risk that glass or nails could have become imbedded in hose.
- Use finger to check for debris in air path (Fig. 4).
- Reinstall filter and filter screen inside dust cup and position dust cup onto vacuum cleaner.

Warning: Never operate vacuum cleaner without foam filter, filter screen and dust cup in proper position.

How to maintain brushroll

⚠ CAUTION

Make sure vacuum is turned off and power cord is unplugged.

- Step on handle release to lower handle.
- Turn vacuum face down on floor.
- To avoid unnecessary service calls, check brushroll for debris.
- Use scissors to clip heavy threads or strings.

How to maintain turbo brush

Select models only (NEU182-NEU188 except NEU182A)

Grasp collar and twist to unlock cover. Lift cover up.

With cover open, use fingers or small brush to clear accumulated pet hair from bristles.

Close cover and twist collar to lock.

How to replace brushroll or belt

⚠ CAUTION

Make sure vacuum is turned off and power cord is unplugged.

- Step on handle release and lay vacuum cleaner face down.
- Use Phillips screwdriver to remove 6 screws from brushroll cover (Fig. 1). Lift off cover. Refer to Fig. 7 for location of screws.
- Rotate right end of brushroll and lift out (Fig. 2).
- Lift out left end of brushroll.
- To replace belt, position new belt around motor shaft (Fig. 3).
- Loop new belt around brushroll shaft at left end of brushroll (Fig. 4).
- To reposition brushroll into base, pull belt down and insert left end of brushroll first. Align brushroll end cap with slot so it fits into position (Fig. 5). Press right end of brushroll into position.
- To replace brushroll cover, align slot on cover with tab (Fig. 6) and snap cover into place. Replace 6 screws (Fig. 7).

Problem solving

Make sure vacuum is turned off and power cord is unplugged.

NOTICE : Thermal cut-off

This vacuum cleaner has a special thermostat that protects the vacuum in case of motor overheating.

If the vacuum suddenly shuts off, proceed as follows: 1) Push the power switch to off and unplug the vacuum. 2) Check the vacuum for a possible source of overheating such as a full dust cup, blocked hose or clogged filter. If these conditions are found, fix them and wait at least 30 minutes before attempting to use the vacuum. 3) After the 30 minute period, plug the vacuum back in and turn on the switch. If the vacuum still does not work, call the Eureka Customer Service **HELPLINE** at **1-800-282-2886**.

Problem	Solution
Motor will not start.	<ul style="list-style-type: none">• Push plug securely into outlet, try another outlet or check circuit breaker.• Step on power switch to turn vacuum on.• See detailed “thermal cut-off” instructions above.
Vacuum cleaner does not clean floors.	<ul style="list-style-type: none">• Empty dust cup, clean and/or change filter.• Clean or replace filter regularly to maintain suction.• Check vacuum height adjustment knob position.• Clean brushroll if needed. Page 11.
No suction at the end of hose or wand.	<ul style="list-style-type: none">• See other solutions above.• Remove clogs from the hose or wand that restrict the airflow. Page 10.
Burning smell; brushroll will not turn.	<ul style="list-style-type: none">• Check brushroll for debris.• Replace broken or out of shape belt. Page 12.
Vacuum is hard to push.	<ul style="list-style-type: none">• Adjust vacuum height knob to a higher position.• Check brushroll for debris and clean if needed. Page 11.
Turbo brush will not turn (select models: NEU182-NEU188 except NEU182A).	<ul style="list-style-type: none">• Check turbo brush for debris. Page 11.

The Eureka two-year limited warranty

Midea America Corp. ("Eureka"), subject to the terms and conditions herein, warrants this vacuum cleaner to be free from defects in material and workmanship for a term of two years from the date of original purchase when used in accordance with the Eureka operating and maintenance instructions and under normal household usage. This warranty is granted only to the original purchaser and members of immediate household, and is applicable only to original purchases from Eureka authorized resellers.

What Eureka will do:

Eureka will, at its option, repair or replace a defective vacuum or vacuum part that is covered by this warranty. Repairs may be performed using new or refurbished parts that meet or exceed Eureka specifications for new parts. If Eureka elects to replace the vacuum, the replacement may be a reconditioned unit. Depending on availability of products, Eureka reserves the right to provide you with a replacement product that is the same or similar, or substitute equivalent of the original product. As a matter of warranty policy, Eureka will not refund the consumer's purchase price.

This warranty does not cover:

- Normal wear and tear of the vacuum and vacuum parts that require replacement under normal use such as disposable dust bags, filters, drive belts, light bulbs, brush-roll, bristles, impellers and cleaning.
- Damages or malfunctions resulting from: improper or unreasonable use or maintenance, abuse, negligence, failure to follow instructions contained in any written materials that accompany the product, deterioration by reason of excess moisture, corrosive atmosphere, lightning, power surges, connections to improper voltage supply, unauthorized alteration, or other external causes such as extremes in temperature or humidity, modifications, scratches or discoloration, accidents, misuse, or acts of God. This warranty also does not cover damage resulting from repair or attempted repair by anyone other than Eureka or an authorized Eureka Warranty Station. This warranty is not applicable to any product that has been altered or on which the serial number has been defaced, modified or removed. Altering, erasing, or forging any proof-of-purchase documents voids any applicable product warranty.

Obtaining warranty service:

To obtain warranty service you must contact the Eureka Service Team, toll free, at 1-800-282-2886 or email customerserviceusa@midea.com, to discuss the warranty claim and procedures to be followed. All warranty claims must include submission of proof-of-purchase documentation. For additional information, you may also visit www.eureka.com.

Shipping charges:

You will be responsible for any initial shipping and insurance charges if the defective product(s) must be shipped for warranty service or warranty evaluation; however, Eureka or a Eureka Authorized Warranty Station will pay the return shipping charges if repairs are covered by the warranty. When returning parts for repair, you must include the model, type and serial number located on the rating plate. If any product submitted for warranty service is found to be ineligible, an estimate of repair cost will be furnished and the repair performed only if requested by the owner and upon receipt of payment or acceptable arrangements for payment.

Further limitations and exclusions:

Any warranty that may be implied in connection with your purchase or use of the vacuum, including any warranty of Merchantability or any warranty of Fitness For A Particular Purpose is limited to the duration of this limited warranty. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

Your relief for the breach of this warranty is limited to the relief expressly provided above. In no event shall the manufacturer be liable for any consequential or incidental damages you may incur in connection with your purchase or use of the vacuum. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This warranty gives you specific legal rights. You may also have other rights, which may vary by state.

IMPORTANT SAFEGUARDS

When using an electrical appliance, basic precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING THIS VACUUM CLEANER

Failure to follow the warnings and instructions may result in electric shock, fire and/or serious injury.

WARNING

- Prevent unintentional starting. Ensure the switch is in the off-position before picking up or carrying the appliance. Carrying the appliance with your finger on the switch or energizing appliance that has the switch on invites accidents.
- Do not touch nozzle when the vacuum cleaner is on. Danger.
- Do not put any object into openings. Do not use with any openings blocked; keep free of dust, lint, hair and anything that may reduce air flow.
- Do not use outdoors or on wet surfaces.
- Do not operate the vacuum cleaner or charger if it has been damaged in any way. If vacuum cleaner is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, call the Eureka Customer Service **HELPLINE** at **1-800-282-2886**.
- To avoid excessive heat and damage to the unit or battery, the vacuum cleaner will not operate while charging.
- Do not allow to be used as a toy. Close attention is necessary when used by or near children.
- Use only as described in this manual. Use only manufacturer's recommended attachments.
- Recharge only with the charger specified by the manufacturer. A charger that is suitable for one type of battery pack may create a risk of fire when used with another battery pack."
- Do not pull or carry the charger by cord, use cord as a handle, close a door on cord, or pull cord around sharp edges or corners. Do not run appliance over cord. Keep cord away from heated surfaces.
- This charger is not intended for use by travelers.
- Do not use extension cords or outlets with inadequate current-carrying capacity for the charger.
- Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
- Do not handle charger or vacuum cleaner with wet hands.
- Use appliances only with specifically designated battery packs. Use of any other battery packs may create a risk of injury and fire.
- **DO NOT MUTILATE OR INCINERATE BATTERIES. THEY BECOME DANGEROUS AT HIGH TEMPERATURES.**
- Liquid ejected from the battery may cause irritation or burns. If the liquid gets on the skin, (1) seek medical attention, (2) wash quickly with soap and water, and (3) neutralize with a mild acid such as lemon juice or vinegar. If the liquid gets into the eyes, flush them immediately with clean water for a minimum of 10 minutes.
- When battery pack is not in use, keep it away from other metal objects, like paper clips, coins, keys, nails, screws or other small metal objects, that can make a connection from one terminal to another. Shorting the battery terminals together may cause burns or a fire.
- This product is functioning at temperature range within 40°F - 104°F.
- Do not use a battery pack or appliance that is damaged or modified. Damaged or modified batteries may exhibit unpredictable behavior resulting in fire, explosion or risk of injury.
- Do not expose a battery pack or appliance to fire or excessive temperature. Exposure to fire or temperature above 266°F may cause explosion.
- Follow all charging instructions and do not charge the battery pack or appliance outside of the temperature range specified in the instructions. Charging improperly or at temperatures outside of the specified range may damage the battery and increase the risk of fire.
- Have servicing performed by a qualified repair person using only identical replacement parts. This will ensure that the safety of the product is maintained.
- Do not modify or attempt to repair the appliance or the battery pack except as indicated in the instructions for use and care.
- The terminals on both the vacuum cleaner and battery should be kept free and clean of objects. Do not insert metal objects inside the terminals.
- This vacuum cleaner creates suction. Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Do not use without filters in place.
- Use extra care when cleaning stairs.
- Do not use to pick up flammable or combustible liquids, such as gasoline, or use in areas where they may be present.
- Store vacuum cleaner and charger indoors in a cool, dry area. To avoid electric shock and/or cleaner damage, do not expose to weather elements.
- Keep your work area well lit. Unplug electrical appliances before vacuuming them.
- Overcharging, short circuiting, reverse charging, mutilating or incinerating the cells and the batteries must be avoided.
- If a cell or a battery has leaked or vented, it should be replaced immediately using protective gloves.
- If and when necessary, these cells or batteries must be replaced with identical new ones from the same manufacturer. If a cell or a battery to be replaced is connected with other cells or batteries in series, it is recommended that the other cells or batteries be replaced with new ones at the same time.
- Reverse polarity installation of the cell or the battery in the end product must be avoided.
- Do not incinerate this appliance even if it is severely damaged. Contact local waste facility before discarding in trash.
- **WARNING:** This product can expose you to chemicals including Di(2-ethylhexyl)phthalate (DEHP), which is known to the State of California to cause cancer and to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

SAVE THESE INSTRUCTIONS

What comes in the carton

Hand vacuum

Wall mount

2 screws &
drywall anchors

Important
safeguards

Motorized floor nozzle

Crevice tool

2-in-1
upholstery tool

Charger

Wand

How to identify parts of your vacuum cleaner

Cordless vacuum cleaner

Hand vacuum

For filter maintenance instructions, see page 9

Easy assembly

1. Slide wand onto hand vacuum until it clicks (Fig. 1).
2. Push wand into motorized floor nozzle until it clicks (Fig. 2).

How to install wall mount

- Choose location near power outlet. Locate point high enough on wall to allow wand and motorized floor nozzle to hang freely.
- Place mount against wall and use pencil to mark drill holes.
- Drill holes (with 1/4" bit) and insert drywall anchors. Insert screws through holes on mount and tighten until firmly attached (Fig. 3).

How to charge battery and store accessories

- Place assembled vacuum cleaner on wall mount.
- Plug charger into power outlet and then into charger port on handle (Fig. 4).
- Loop charger cord into clips on sides of wall mount.

Battery indicator lights show level of charge (Fig. 4):

- A. Half charged
- B. Fully charged

- Indicator lights stop blinking when fully charged.
- Charge battery fully before using for the first time. This may take up to six hours.

How to use cleaner for cleaning floors

1. Click power button once to start (Fig 1). Vacuum starts on High mode. Use Low/High button to switch between modes.
2. Using motorized floor nozzle, glide back and forth on area to be cleaned. Avoid oversized or sharp items (such as screws) with cleaner.
3. Twist wrist to engage swivel function.
4. When done, click power button once to stop motor.

Empty dust cup after every use

1. Click the dust cup release button, located on the front of the handle just above the dust cup and pull dust cup out. (Fig. 2).
2. Press lever to release bottom lid of dust cup to empty debris. (Fig. 2)
3. To place the dust cup back, angle it forward so the lower hook catches in the slot and then gently push it back towards the wand until you hear click indicating it is locked in place. (Fig. 3)

How to use hand vacuum and accessories

⚠ CAUTION

Moving parts! Always turn off hand vacuum before attaching accessories.

The hand vacuum can be used with or without tools.

- To use without tools, press release button and remove wand. Collect debris directly with hand vacuum nozzle (Fig. 4).
- To use tools with wand, press release button to remove motorized floor nozzle. Slide tool onto end of wand until it clicks (Fig. 5).
- To use tools with hand vacuum only, press release button to remove wand. Slide tool onto hand vacuum until it clicks.

Crevice tool:

Cleans hard-to-reach areas such as corners, baseboard edges, dryer vents, chairs and sofas.

Use with or without wand.

- **2-in-1 upholstery tool:** Use brush to vacuum blinds, vents or upholstered surfaces. Use felt portion to clean delicate surfaces. To switch between felt and brush portions, press thumb release and slide brush up or down.

How to use hand vacuum and motorized floor nozzle

Ideal for cleaning stairs.

- Press release button to remove wand from hand vacuum. Attach motorized floor nozzle directly to hand vacuum until it clicks.
- Click power button once to start. Vacuum starts on High mode. Use Low/High button to switch between modes depending on suction power desired.

How to maintain your vacuum cleaner

CAUTION

Never operate vacuum cleaner without all filters, filter screen and dust cup in proper position.

WARNING: Moving parts!

Recharge cleaner after each use.

Dust cup – Empty after each use

Click the dust cup release button, located on the front of the handle just above the dust cup and pull dust cup out.

Press lever to release bottom lid of dust cup to empty debris.

Washable dust cup filter – clean monthly

1. Click the dust cup release button, located on the front of the handle just above the dust cup and pull dust cup out.
2. Lift out pre-motor filter and shake off dust frequently. Every three months rinse filter and dry THOROUGHLY.
3. Reattach filter and Cyclone.
4. Click dust cup back into place on unit.

Washable post-motor filter – clean every 6 months

1. Twist filter cover and remove.
2. Lift out post-motor filter.
3. Shake to remove dust.
4. Every 6 months, replace filter or rinse and dry THOROUGHLY.
5. Reposition filter and cover and twist to 'lock.'

How to maintain brushroll

To avoid unnecessary service calls, periodically check brushroll for debris. If brushroll gets clogged it will automatically shut off. Turn vacuum off and unplug before attempting to remove clog.

Washable brushroll – clean frequently

CAUTION

Make sure vacuum cleaner is turned off and not plugged into a power source.

WARNING: Do not attempt to remove belt. Call the Eureka Customer Service HELPLINE at 1-800-282-2886.

Step on floor nozzle to lower handle. Turn vacuum face down on floor. Use scissors to clip heavy threads or strings.

If debris cannot be removed easily, locate the brushroll release tab on the right side and open the brushroll cover. Remove the brushroll and clear any tangled hair and remaining debris.

To reassemble:

1. Align one end of brushroll with floor nozzle gear.
2. Press other end into slot.
3. Replace brushroll release tab into slot and press down to click it into place.

The Eureka 1.5 year limited warranty

Midea America Corp. ("Eureka"), subject to the terms and conditions herein, warrants this vacuum cleaner to be free from defects in material and workmanship for a term of one and a half years from the date of original purchase when used in accordance with the Eureka operating and maintenance instructions and under normal household usage. This warranty is granted only to the original purchaser and members of immediate household, and is applicable only to original purchases from Eureka authorized resellers.

What Eureka will do:

Eureka will, at its option, repair or replace a defective vacuum or vacuum part that is covered by this warranty. Repairs may be performed using new or refurbished parts that meet or exceed Eureka specifications for new parts. If Eureka elects to replace the vacuum, the replacement may be a reconditioned unit. Depending on availability of products, Eureka reserves the right to provide you with a replacement product that is the same or similar, or substitute equivalent of the original product. As a matter of warranty policy, Eureka will not refund the consumer's purchase price.

This warranty does not cover:

- Battery module and battery components. The battery module and its components are covered by a separate one-year limited battery warranty.
- Normal wear and tear of the vacuum and vacuum parts that require replacement under normal use such as disposable dust bags, filters, drive belts, light bulbs, brush-roll, bristles, impellers and cleaning.
- Damages or malfunctions resulting from: improper or unreasonable use or maintenance, abuse, negligence, failure to follow instructions contained in any written materials that accompany the product, deterioration by reason of excess moisture, corrosive atmosphere, lightning, power surges, connections to improper voltage supply, unauthorized alteration, or other external causes such as extremes in temperature or humidity, modifications, scratches or discoloration, accidents, misuse, or acts of God. This warranty also does not cover damage resulting from repair or attempted repair by anyone other than Eureka or an authorized Eureka Warranty Station. This warranty is not applicable to any product that has been altered or on which the serial number has been defaced, modified or removed. Altering, erasing, or forging any proof-of-purchase documents voids any applicable product warranty.

Obtaining warranty service:

To obtain warranty service you must contact the Eureka Service Team, toll free, at 1-800-282-2886 or email customerserviceusa@midea.com, to discuss the warranty claim and procedures to be followed. All warranty claims must include submission of proof-of-purchase documentation. For additional information, you may also visit www.eureka.com.

Shipping charges:

You will be responsible for any initial shipping and insurance charges if the defective product(s) must be shipped for warranty service or warranty evaluation; however, Eureka or a Eureka Authorized Warranty Station will pay the return shipping charges if repairs are covered by the warranty. When returning parts for repair, you must include the model, type and serial number located on the rating plate. If any product submitted for warranty service is found to be ineligible, an estimate of repair cost will be furnished and the repair performed only if requested by the owner and upon receipt of payment or acceptable arrangements for payment.

Further limitations and exclusions:

Any warranty that may be implied in connection with your purchase or use of the vacuum, including any warranty of Merchantability or any warranty of Fitness For A Particular Purpose is limited to the duration of this limited warranty. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

Your relief for the breach of this warranty is limited to the relief expressly provided above. In no event shall the manufacturer be liable for any consequential or incidental damages you may incur in connection with your purchase or use of the vacuum. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights. You may also have other rights, which may vary by state.

The Eureka 12-month limited battery warranty

Midea America Corp. ("Eureka"), subject to the terms and conditions herein, warrants this Battery Module to be free from defects in material and workmanship for a term of one year from the date of original purchase when used in accordance with the Eureka operating and maintenance instructions and under normal household usage. Problem solving

Make sure vacuum cleaner is off and charging plug is unplugged.

NOTICE : Thermal cut-off

This vacuum cleaner has a special thermostat that protects the vacuum cleaner in case of motor overheating. **If the vacuum suddenly shuts off**, proceed as follows: 1) Check the vacuum for a possible source of overheating such as a full dust cup, blocked wand or clogged filters. If these conditions are found, fix them and wait at least 30 minutes before attempting to use the vacuum. 2) After the **30 minute** period, press the power button. If the vacuum still does not work, call the Eureka Customer Service **HELPLINE** at **1-800-282-2886**.

Problem	Solution
Motor will not start	<ul style="list-style-type: none"> • Make sure cleaner is fully powered. • Push charger securely into electrical outlet, try another outlet or check circuit breaker. • See detailed “thermal cut-off” instructions above.
Charging indicator lights are not lit while charging	<ul style="list-style-type: none"> • Make sure charger is securely inserted into electrical outlet. • Make sure charging plug is securely inserted into handle. • Indicator lights stop blinking when fully charged.
Not enough suction power	<ul style="list-style-type: none"> • Empty dust cup and clean or change filters. See page 9 for maintenance instructions. • Make sure cleaner is fully powered. Charge battery. • Remove clogs that restrict the airflow.
Not enough running time	<ul style="list-style-type: none"> • Make sure cleaner is fully powered. • Charge battery for up to six hours before using.
Brushroll will not turn	<ul style="list-style-type: none"> • Check brushroll for debris. See page 9 for maintenance instructions.

Discarding the vacuum and battery pack

Before you discard this vacuum, dispose of battery in an environmentally safe manner. Do not discard battery with your regular household trash.

Important battery disposal information.

To find a disposal location nearest you, call 1-800-822-8837.

To preserve natural resources, please recycle or dispose of expired battery pack properly. This product contains a lithium-ion battery. It must be disposed of properly. Local laws may prohibit disposal of lithium-ion batteries in ordinary trash. Consult your local waste authority for information regarding available recycling and/or disposal options.
