SERVICE

- During the free warranty period, if the product breaks down during normal use, we will offer free maintenance for the product.
- Natural disasters/man-made equipment failures, disassembly and repair without the permission of our company, no warranty card, products beyond the free warranty period, etc., are not within the scope of free warranty
- Any commitment (oral or written) made by the third party (including the dealer/service provider) to the user beyond the warranty scope shall be executed by the third party
- Please keep this warranty card to ensure your rights
- Our company may update or change the products without notice. Please refer to the official website for the updates.

RECYCLING INFORMATION

All products marked with the symbol for separate collection of waste electrical and electronic equipment (WEEE Directive 2012/19 / EU) must be disposed of separately from unsorted municipal waste. To protect your health and the environment, this equipment must be disposed of at designated collection points for electrical and electronic equipment designated by the government or local authorities. Correct disposal and recycling will help prevent potential negative consequences for the environment and human health. To find out where these collection points are and how they work, contact the installer or your local authority.

Add Devices

- Connect the gateway to the power supply and connect it to the home 2.4GHz band router through the cable;
- Confirm that the indicator (green light) remains illuminated (If the indicator is in another status, press and hold the reset button until the green light remains illuminated)
- Make sure that the mobile phone is connected to the home 2.4GHz band router. At this time, the mobile phone and the gateway are in the same local area network;
- Open the "My Home" page of the App and click the "+" button on the upper right corner of the screen;
- "Smart Gateway" will appear on the "Select type of device" page, click "Add";
- If "Smart Gateway" is not found on the "Select type of device" page, select "Smart gateway" in "Frequently added" and follow the App's instructions.

Product Specifications

Product name	Wired Smart Gateway
Electrical Parameters	DC 5V 1A
Operating temperature	-10°C-55°C
Operating humidity	10%-90% RH(no condensation)
Wireless Protocol	ZigBee 3.0
Product Size	91*91*15mm
Product Weight	182g

Packing list

- Wired Smart Gateway
- Instruction manual x 1
- Power cable x 1
- Adapter x 1 (optional)
- Network cable x 1

Product Description

The smart gateway is the control center of the ZigBee device. Users can design and implement smart application scenarios by adding ZigBee devices

3
