DIMENSIONS

Height	35 7/16 - 36 7/32 "
Width	23 7/8 "
Depth	24 3/32 "

FEATURES & BENEFITS

Cooking Flexibility

This freestanding gas range has four functions with pre-set temperatures, including Bake, Broil and Convection Bake allowing you to use a variety of cooking styles.

Sized To Suit

Designed for multi-shelf cooking, this freestanding range provides 2.5 cu ft of total capacity, enough room for a large family roast.

Precise Control

The consistent flame and heat distribution of the gas burners combined with highly responsive dials offer precise heat control. Perfect a slow simmer for sauces or an intense heat for searing steaks.

Easy Cleaning

Cleaning is quick and simple. The cooktop is easy to clean as it is made from a single piece of stainless steel that contains spills. The oven door and its inner pane of glass can be removed for easy cleaning.

Safe And Sound

The double glazed door keeps the heat on the inside, protecting your hands and surrounding cabinetry. The gas cooktops flame failure safety device automatically turns off the gas if the flame is accidentally extinguished.

Complementary Design

With their black reflective glass and stainless steel finish, our freestanding cookers are designed to match the rest of Fisher & Paykel's kitchen appliance family.

Controls		Rangetop features		Where applicable:
Automatic cooking/minute timer	•	Cast iron trivets	•	All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.
Electronic clock	•	LPG / Natural Gas compatible	•	
Oven features		Rangetop Performance		
Cooling Fan Warning Light	•	Number of burners	4	
Electronic ignition	•			
Oven functions		Safety		Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
Bake	•	ADA compliant	•	
Broil	•	Advanced cooling system	•	
Convection bake	•	Anti-tilt bracket	•	
Defrost	•	Door and cavity cooling system	•
