

Even heating, with XL turntable

The Series 20 ReTurntable will start rotating as soon as the cooking process begins, meaning there's no need to manually turn food part way through. And removing your hot dish when it's done is easy, as the turntable always returns to its original starting position.

Product Benefits & Features

Simple solutions, with the microwave function

Effortless results are made easy with our microwave. Heat up from chilled, defrost from frozen, or reheat leftovers – all at the touch of a button.

- Microwave for fully integrated built-in installation
- Built-in possibilities in combination with other appliances: Over oven
- Door opening mechanism: Electronic
- Cooking modes: Microwave
- Microwave power: 900 Watt, 5 levels
- Quick start function at full power with 30 sec. intervals
- Automatic defrosting programs by weight
- Child lock
- End of cook cycle signal
- Automatic cooking programs by weight
- LED display
- Touch control power selection
- Electronic clock with timer
- 3 programmed functions can be put in a sequence
- Internal light
- Turntable diameter and material: 325 mm, Glass

EasyOpen, the touch-activated door

The microwave's touch-activated door opens instantly. As it is electronic, unlike the more common spring-loaded mechanism, it requires minimal effort to open the door.

Save your settings, with the Favourite Function

Save your preferred settings on the microwave and get cooking quicker, using the Favourites Function. You only need to programme the power and cooking time once, and then just touch the star shape to activate. Microwave cooking just got easier.

Defrost Programme, for frozen meals

Thaw frozen food, with the Defrost Programme, quickly and easily, with the microwave's Defrost Programme. Select your food type and its weight from the menu, and the microwave will automatically work out how long it will take.

Product Specification
