QLED

The Hisense QD6 Series gets you in on all the action. QLED Color displays over a billion brilliant shades of color on your screen, making your favorite games, shows and movies feel even more real. Dolby Vision HDR and Dolby Atmos immerse you in a world of dynamic images and all-encompassing sound, so you can see every blade of grass and hear every call of the ref.

QLED Color

See the exact hue of every blade of grass on the field and every line on the court. QLED Color is made up of quantum dots—very small particles with the ability to display over a billion shades of color. This feature renders every frame with rich, vibrant and realistic color, ensuring that even the most minute details stand out.

AI Picture with AI 4K Upscaler

Stream your favorite live sports with striking clarity. AI 4K Upscaler uses machine learning models to enhance low-resolution content to near 4k quality. Watch beloved movies, home videos and TV broadcasts with sharper edges, more detailed textures and improved visual quality.

Game Mode Plus with VRR

Get ready to game on! Game Mode Plus with Variable Refresh Rate and Auto Low Latency Mode make for a smooth, lag-free playing experience. Eliminate screen tearing and reduce input lag, while showing your opponent who's boss. And, the 100QD6QF supports, even faster, 144Hz Game Mode Pro.

Dolby Vision • Atmos

Never miss a minute of the action—from your couch. Dolby Atmos, the next evolution of surround sound, creates a moving and immersive audio experience, for every call of the ref and cheer of the fans. And Dolby Vision, with more flare and more depth, enhancing the detail of the picture, down to each shadow cast on the field.

AI Smooth Motion

Experience the crispest passes and most fluid plays. AI Smooth Motion is powered by MEMC, AI Noise Reduction and a built-in highly responsive panel to create a clear, blur-free picture.

Fire TV

Get right to the good stuff. Fire TV puts your favorite apps front and center on one main home screen. So you can quickly find shows, movies, and live TV you love without the endless scrolling.
