

May 16<sup>th</sup>, 2022

Dear Valued Customer,

On behalf of the entire Maxtec team, I would like to begin by thanking you for your business and continued loyalty. As you know, we at Maxtec are highly passionate about our business, our customers, and the patients we serve, together.

Throughout recent global events, we've all experienced the instability across the supply chain for countless components and materials. Our priority has always been, and continuous to be, to serve our customers and those in need of our products. The continuous supply of products have been a challenge due to global supply chain shortages. Throughout the COVID-19 pandemic, Maxtec has put in place many improvements to mitigate risks of shortages along with necessary changes to allow us to absorb many of the price increases that has been passed onto us.

Unfortunately, we felt it necessary to implement a price increase starting July 1, 2022 to ensure the stability of our supply while upholding our quality.

At Maxtec, we remain committed to serving our customers and our patients and we look forward to many years of continued success, together. Should you have any questions, please contact Maxtec Customer Service at (800) 748-5355 or [customerservice@maxtec.com](mailto:customerservice@maxtec.com).

Sincerely,

A.J. Skaggs

General Manager
