Capture crystal clear footage in 1080p FHD @ 30 FPS

PARKING MODE

The X9 offers parking mode features such as event recording, motion detection & parking, and X-Vision modes.

◀ X-VISION

Surrounding brightness is automatically adjusted within 5 seconds in parking mode

◀ MOTION & EVENT RECORDING

During parking mode, a motion or impact is automatically saved as event recording

ADAS

Road Safety Warning Systems

The X9 is equipped with Road Safety Warning Systems that provide audio and visual alerts for Lane Departure (LDWS), Front Collision (FCWS) and Front Vehicle Departure (FVDW). It detects road markings and gives voice warnings to the driver if the vehicle begins to stray from its lane or when it is at risk of an imminent crash.

LDWS

Lane Departure Warning System

FCWS

Forward Collision Warning System

FVDW

Front Vehicle Departure Warning

WI-FI CONNECTION AND IROAD APP

The X9's built-in Wi-Fi can conveniently connect automatically to the mobile app upon opening, making it simple to pair the unit with your device to review or extract footage from the camera.

Manage all settings such as ADAS, resolution, sensor, time, sound, cut off voltage and more through the app.

What's more, the latest version of the firmware is regularly updated through the server once connected.
