## Storage series

### Care

Wood: Wipe clean with a cloth dampened in a mild cleaner. Wipe dry with a clean cloth.

Glass: Wipe clean with a cloth dampened in water or window-cleaner. Wipe dry with a clean cloth.

### Good to know

Tempered glass should be handled with care. All glass is fragile and a damaged edge or scratched surface can in exceptional cases cause the glass to suddenly crack and/or break.

You can convert any stackable unit into a standalone by adding the base frame in the compatible size (sold separately) or mount a stackable unit on a 47 cm (18½") deep cabinet to create a vertical combination.

Two people are needed for assembly of this furniture.

### Good to know

This furniture must be fixed to the wall with the enclosed wall fastener. Different wall materials require different types of mounting hardware. Use mounting hardware suitable for the walls in your home (not included).

To prevent a vertical combination from tipping over, stackable units which are 35 cm (13¾") deep must always be mounted on 47 cm (18½") deep cabinets.

For safety reasons, HAVSTA units are not to be hung on a wall.

Requires assembly.

### Numerous possibilities and combinations

The truly versatile HAVSTA series in solid wood gives you a number of possibilities and combinations in different sizes — and with different features and looks depending on your living space, needs and taste.

### All the features you need

Display the items you are proud of behind the glass doors or in shelving units and hide other things in the closed cabinets. Combine with a TV bench that keeps cables hidden.

### Flexibility

Choose standalones or go for one of the many combinations. Add units over time or rearrange the entire combination to adapt to your changing needs — regardless if it's your family or souvenir collection that grows.

# Integrated lighting

## Conventional or connected smart IKEA lighting?

Good lighting makes life easier and helps you set the right mood. The options here are made for furniture like HAVSTA. They let you light up your favourite pictures and collections, and enjoy the cozy reflected light. Also lighting makes finding things easier, on shelves or even inside cabinets. The TRÅDFRI LED driver for wireless control makes VAXMYRA, URSHULT

and LINDSHULT smart and gives it the ability to be wirelessly dimmed with the TRÅDFRI wireless dimmer and to be connected to the TRÅDFRI gateway. When you use the TRÅDFRI gateway, you can control TRÅDFRI connected lighting from the Home smart app in different ways together with other TRÅDFRI lighting in your home. All our lighting is energy-efficient LED, saving money on your electricity bills.

**VAXMYRA LED spotlight 2 pcs**, 6.8 cm (2 3/4"). Brightens up the inside of your cabinets and creates a cosy mood lighting. Easy to mount with double-sided tape or a screw. Matching cable trunking included. To be completed with ANSLUTA LED driver, sold separately. IKEA Model L1734 VAXMYRA.

Aluminium-colour	904.218.88
