WE'RE LEADING THE INDUSTRY
INTO UNCHARTED WATERS —
AND WE'RE DOING SO BECAUSE
IT'S THE RIGHT THING TO DO.

— Ed Peper, General Motors Fleet U.S. Vice President

OUR VISION

At General Motors, we envision a world of zero crashes, zero emissions and zero congestion

OUR PROMISE

Our goal is to provide great products and services, an exceptional customer experience and the innovative business solutions you need

GENERAL MOTORS FLEET

AIMING FOR A BETTER TOMORROW

In my 36 years with General Motors, I've never been more proud of my company. As we started a new decade, I was proud of our vision and the leadership role we had taken in defining the next age of transportation. Now, General Motors is leading in a whole new way.

At the onset of the COVID-19 pandemic, we took immediate action to produce ventilators for medical facilities caring for critically ill coronavirus patients, to provide masks for healthcare workers and to fund \$2.6 million in grants for non-profit organizations to help those in need.

As we work together to rebuild and recover where possible from the aftereffects of the pandemic, General Motors will continue to lead and provide assistance wherever possible. We'll also continue to aim toward our vision, which is crystal clear — a world with zero crashes, zero emissions and zero congestion.

Sure, it's aspirational but it's what drives everyone at General Motors. We have the energy, passion and confidence to not only transform our company, but to help create a world that's better for everyone.

I have two young children. I don't want them to look at me someday and ask, "Why didn't your company do something about the pollution in the air, the congestion in our cities or the vehicle crashes that take so many lives?" Our vision is to help with these. I want them to inherit a world that is better than today's, and I'm proud that my company isn't waiting for someone else to drive the change. We're leading the industry into uncharted waters — and we're doing so because it's the right thing to do.

As the industry evolves, your business and fleet vehicles will need to evolve as well. We, at General Motors Fleet, want to be with you on this journey. Our promise to you is to provide great products and services, an exceptional customer experience and the innovative business solutions you need to keep your business moving forward.

Our team of more than 300 dedicated fleet employees is here to help your business prosper. We're ready to help get your business back up and running, and we'll be there to help transform your fleet as the industry progresses forward.

You're important to us and we want to earn your business! So as you make plans to refresh your fleet this year, we hope you'll consider us, the Fleet team at General Motors.

Thank you,

ED PEPER

U.S. Vice President
General Motors Fleet

GM'S VISION

ZERO CRASHES

A WORLD WHERE PEOPLE LIVE
MORE MEANINGFUL LIVES

ZERO EMISSIONS

A WORLD WHERE THE
FUTURE IS ALL ELECTRIC

ZERO CONGESTION

A WORLD WHERE WE WILL TRAVEL MORE
SMOOTHLY AND QUICKLY TO OUR DESTINATIONS

THE FUTURE IS NOW

General Motors is committed to helping reduce costs and downtime for fleets. We have a lot of exciting news to come — and our product announcements will build on the technology we've worked hard to advance since launching the Chevrolet Bolt EV.

- The 2020 Chevrolet Bolt EV offers a remarkable EPA-estimated 259 miles of range¹ to keep your business moving
- General Motors has partnered with Qmerit to provide you with easy access to accredited home EV charging station installers right in your area

LEADING THE CHARGE

GM's new Ultium batteries will be unique in the industry because the large-scale, high-energy cells can be stacked vertically or horizontally inside the battery pack.

- Ultium-powered EVs are designed for Level 2 and DC fast charging
- Our truck platform is planned to have 800-volt battery packs and 350-kW fast-charging capability²

ALL-NEW MODULAR ARCHITECTURE

Globally, General Motors will introduce new EVs starting this year based on its highly flexible, third-generation global EV platform.

- The same platform and propulsion system can power work trucks, affordable transportation, luxury vehicles and high-performance machines
- The Cruise Origin — an electric and autonomous vehicle from GM's self-driving car subsidiary — is built on the new EV platform

“OUR TEAM ACCEPTED THE CHALLENGE TO TRANSFORM PRODUCT DEVELOPMENT
AT GM AND POSITION OUR COMPANY FOR AN ALL-ELECTRIC FUTURE.”

— Mary Barra, GM chairman and CEO

¹ Your actual range will vary based on several factors, including temperature, terrain and driving technique. ² Charging speed depends on charger capability.

TRUCKS BUILT TO DELIVER

General Motors Fleet trucks have the capabilities that can turn the biggest jobs into small ones. With smart features and helpful engineering and design elements, our trucks have what it takes to help keep your business moving.

2

BOX LENGTHS

5'2" / 6'2"

EFFICIENT MIDSIZE PICKUPS

The Chevrolet Colorado and GMC Canyon each offer an impressive, available 7,700-lbs. max. trailering capacity¹ and three engine options to help you get the job done.

6

ENGINE

Options

CAPABLE LIGHT-DUTY TRUCKS

There's no one tool that's right for every job. That's why the Chevrolet Silverado 1500 and GMC Sierra 1500 offer six engine options, along with the most functional bed of any competitor². Choose the right combination of power and efficiency for your needs.

5-YEAR / 100,000-MILE
WARRANTY³

Transferable Powertrain Limited
Warranty for select fleet vehicles

FULLY BOXED FRAMES
AND ROLL-FORMED, HIGH-
STRENGTH STEEL BEDS OFFER
DURABILITY TO HELP TACKLE
THE TOUGHEST JOBS

¹ Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. See dealer for details. ² Excludes other GM vehicles. ³ Whichever comes first. A "Qualified Fleet User" is defined as, subject to below exclusions, any company: (a) which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) principally for business use in its operation within the last 12 months; (b) that currently owns or leases five (5) or more medium duty trucks used in its company service; or (c) that currently owns or leases fifteen (15) or more cars and trucks used in its company service.

TECHNOLOGIES THAT CAN HELP REDUCE RISK

Protecting your fleet is as important to us as it is to you. That's why our lineup offers available safety and driver assistance technologies that can help drivers prevent collisions.

Many of our available active safety and driver assistance technologies have been shown to make a statistically significant impact in helping to reduce crashes, according to a recent study conducted by the University of Michigan Transportation Research Institute (UMTRI) in partnership with GM. Learn more about the study and its results at gm.com/safetystudy.

**LANE CHANGE ALERT W/

SOURCE: 2019 UMTRI Report.

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect performance. Read the vehicle's Owner's Manual for important feature limitations and information.

RESOURCES

OnStar® is available to help your drivers in the event of an emergency¹

SEE IT

AVAILABLE FEATURES THAT CAN HELP PROVIDE VIEWS AROUND THE VEHICLE

SENSE IT

AVAILABLE FEATURES THAT CAN WARN WHEN POTENTIAL DANGERS ARE DETECTED

HELP PREVENT IT

AVAILABLE FEATURES THAT CAN HELP ALERT AND ASSIST ON THE ROAD

AUTOMATIC EMERGENCY BRAKING

Available Automatic Emergency Braking works with Forward Collision Alert to help the driver avoid or reduce the severity of a front-end collision with a detected vehicle the driver is following. This feature works at speeds below 50 mph. Camera technology is used to automatically provide hard emergency braking or enhance the driver's hard braking.

REAR PARK ASSIST

When driving in Reverse at low speeds, available Rear Park Assist can provide distance alerts to nearby detected objects behind the vehicle to help the driver park and avoid them.

REAR CROSS TRAFFIC ALERT

When in Reverse, available Rear Cross Traffic Alert can provide alerts to help the driver potentially avoid crashing into approaching detected left- or right-traveling cross traffic (e.g., out of a crowded parking space or driveway with side obstructions).

LANE CHANGE ALERT WITH SIDE BLIND ZONE ALERT

Available Lane Change Alert with Side Blind Zone Alert can provide side-mirror visual alerts when a detected moving vehicle is quickly approaching or is in the driver's side blind zone. It can help a driver avoid lane change collisions.

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect performance. Read the vehicle's Owner's Manual for important feature limitations and information.

¹ OnStar plan, working electrical system, cell reception and GPS signal required. OnStar links to emergency services. Not all vehicles may transmit all crash data. OnStar Emergency Advisors are certified by the International Academies of Emergency Dispatch. See gmfleet.com/connectedservices for details and limitations.

READY TO WORK

When it's time to get the job done, General Motors Fleet is there with the accessories you need. Whether it's protecting and organizing your cargo, or simply making your vehicles more accessible, we've got you covered.

ACCESSORIES

LEARN MORE AT
gmfleet.com/gm-accessories

¹ Most Chevrolet and GMC Parts and Accessories sold and installed on a Chevrolet or GMC vehicle by a Chevrolet or GMC Dealer or a Chevrolet- or GMC-approved Accessory Distributor/Installer (ADI) before delivery to the customer are covered under the applicable limited warranty. If Chevrolet Accessories or GMC Accessories are installed after vehicle delivery, or are replaced under the New Vehicle Limited Warranty, they will be covered, parts and labor, for the longer of the following: a) 12 months/12,000 miles (whichever comes first), or b) the balance of the applicable portion of the New Vehicle Limited Warranty. Chevrolet and GMC Parts sold over the counter, or those not requiring installation, will continue to receive the standard Chevrolet and GMC Dealer Parts Warranty of 12 months from the date of purchase, parts only, regardless of miles. Chevrolet and GMC warranties do not apply to Associated Accessories. See your dealer for details.

¹ Service varies with conditions and location. Requires active service plan and paid AT&T data plan. See gmfleet.com/connectedservices for details and limitations. Availability subject to change. ² Premium paint; additional cost. ³ Services subject to user terms and limitations. Certain services require working electrical system, cell reception and GPS signal. OnStar links to emergency services. Data plans offered by AT&T. See gmfleet.com/connectedservices for details. Availability subject to change. ⁴ Read the vehicle's Owner's Manual for important safety and driver assistance feature limitations and information. ⁵ Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. ⁶ Not compatible with all devices. ⁷ Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to my.chevrolet.com/learn/tires or see your dealer. ⁸ Map coverage available in the United States, Puerto Rico and Canada. ⁹ The system wirelessly charges one compatible mobile device. Some phones have built-in wireless charging technology and others require a special adapter/back cover. To check for phone or other device compatibility, see my.chevrolet.com/learn for details or consult your carrier.

AVAILABLE LIVERY PACKAGE

Includes Cadillac's Professional Vehicle Protection Warranty for 3 years or 150,000 miles¹²

¹ Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. ² Premium paint; additional cost. ³ Read the vehicle's Owner's Manual for important safety and driver assistance feature limitations and information. ⁴ Services subject to user terms and limitations. Certain services require working electrical system, cell reception and GPS signal. OnStar links to emergency services. Data plans offered by AT&T. See gmfleet.com/connectedservices for details. Availability subject to change. ⁵ Service varies with conditions and location. Requires active service plan and paid AT&T data plan. See gmfleet.com/connectedservices for details and limitations. Availability subject to change. ⁶ Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay is a trademark of Apple Inc. Siri, iPhone and Apple Music are trademarks of Apple Inc., registered in the U.S. and other countries. ⁷ Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running Android 5.0 Lollipop or higher. Data plan rates apply. Android Auto is a trademark of Google LLC. ⁸ Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. ⁹ If you decide to continue service after your trial, your selected subscription plan will automatically renew thereafter. You will be charged at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Some features, including streaming content and listening recommendations require GM connected vehicle services. All fees and programming subject to change. ©2020 SiriusXM Radio Inc. All rights reserved. ¹⁰ Not compatible with all devices. ¹¹ Map coverage available in the United States, Puerto Rico and Canada. ¹² Whichever comes first. See dealer for limited warranty details.

CAPABILITY AT YOUR COMMAND

Redesigned with a bold grille and a tailgate stamped with the Chevrolet name, the new 2021 Colorado is packed with features to help your crew work hard.

AVAILABLE TURBO-DIESEL

The available 2.8L Duramax® Turbo-Diesel engine offers your fleet an alternative fuel option along with up to 7,700-lbs. max. trailering capacity^{1,2} and up to 369 lb.-ft. of torque to help handle big hauling jobs.

READY TO WORK

Colorado is built for utility and designed for fleet needs. Its size and quiet cabin, combined with all the functionality of its bed and a rear-seat delete option that offers additional lockable cargo space, make this midsize truck the perfect choice for a wide variety of vocations.

2021 Colorado Work Truck Crew Cab Short Box shown. Pictured gear and supplies not included. See dealer for details.

THE TRUCK FLEETS WANT

Fleets across the country have come to depend on the Silverado 1500. For the 2021 model year, it offers new capabilities to help get the job done.

FLEET-FOCUSED PACKAGES

Silverado 1500 offers three fleet-specific packages — the Work Truck 2.7L Fleet Package, WT Fleet Convenience Package and the Fleet Comfort Package — so you can equip your truck with features that matter most.

NEW SAFETY ESSENTIALS PACKAGE

Give your drivers added confidence with the new Safety Essentials Package, which includes Automatic Emergency Braking¹, Forward Collision Alert¹, Front Pedestrian Braking¹ and more. Available on Work Truck, Custom and Custom Trail Boss models.

¹ Based on a 3500 Reg Cab Dually with 6.6L Duramax® Turbo-Diesel V8 engine. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the vehicle's Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. ² These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the Vehicle Loading section of the vehicle's Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. ³ Premium paint; additional cost. ⁴ Read the vehicle's Owner's Manual for important safety and driver assistance feature limitations and information. ⁵ Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay is a trademark of Apple Inc. Siri, iPhone and Apple Music are trademarks of Apple Inc., registered in the U.S. and other countries. ⁶ Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running Android 5.0 Lollipop or higher. Data plan rates apply. Android Auto is a trademark of Google LLC. ⁷ Front recovery hooks are for vehicle recovery only. To avoid the risk of injury, never use recovery hooks to tow a vehicle. ⁸ Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. ⁹ Not compatible with all devices. ¹⁰ Service varies with conditions and location. Requires active service plan and paid AT&T data plan. See gmfleet.com/connectedservices for details and limitations. Availability subject to change. ¹¹ Map coverage available in the United States, Puerto Rico and Canada. ¹² Services subject to user terms and limitations. Certain services require working electrical system, cell reception and GPS signal. OnStar links to emergency services. Data plans offered by AT&T. See gmfleet.com/connectedservices for details. Availability subject to change. ¹³ Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. See your Chevrolet dealer for more details. ¹⁴ Requires additional installation. ¹⁵ Equipment from independent suppliers is not covered by the GM New Vehicle Warranty. GM is not responsible for the safety or quality of independent supplier alterations.

KEY STANDARD FEATURES

Features based on Sierra 2500 Heavy Duty with 1SA equipment group unless otherwise noted.

SAFETY + SECURITY

- Rear Vision Camera⁴ with pickup box
- Tire Pressure Monitoring System (excludes spare tire) with Tire Fill Alert, includes all wheels on DRW

PERFORMANCE

- 6.6L V8 gas engine (401 hp/464 lb.-ft. of torque) with 6-speed automatic transmission
- 4-wheel antilock disc brakes with Duralife™ brake rotors

Heavy-duty locking rear differential

- StabiliTrak® Electronic Stability Control System with Trailer Sway Control and Hill Start Assist

PRODUCTIVITY + DRIVE EXPERIENCE

- Apple CarPlay™⁵ and Android Auto™⁶ capable
- Cargo bed tie-downs (12)
- CornerStep rear bumper
- Folding rear bench seat
- Front recovery hooks⁷

- GMC Infotainment System⁸ with 7-inch diagonal color touch-screen
- Rubberized-vinyl floor covering
- Side BedStep
- Trailering mirrors
- USB ports⁹ (2)

KEY AVAILABLE FEATURES

Optional features and packages vary by trim level. See Order Guide for details.

- 6.6L Duramax® Turbo-Diesel V8 engine (445 hp/910 lb.-ft. of torque) with Allison® 10-speed automatic transmission

2-speed Autotrac® transfer case

- 4G LTE Wi-Fi® Hotspot capable, includes 1-month trial or 3GB of 4G LTE data (whichever comes first)¹⁰

- 120-volt power outlet, bed-mounted
- Automatic Emergency Braking⁴
- Bed View Camera⁴
- E85 FlexFuel capability
- Following Distance Indicator⁴
- Forward Collision Alert⁴
- Front and Rear Park Assist⁴
- GMC Infotainment System⁸ with 8-inch diagonal color touch-screen and Navigation¹¹
- GMC MultiPro™ Tailgate
- Gooseneck/5th-Wheel Prep Package
- HD Surround Vision⁴ with trailer camera provisions
- Hill Descent Control
- Integrated Power Take Off (PTO)
- Integrated trailer brake controller
- Lane Change Alert with Side Blind Zone Alert⁴
- Lane Departure Warning⁴
- LED Cargo Area Lighting
- Multicolor, 15-inch diagonal Head-Up Display
- OnStar®-embedded hardware, includes 3-month trial of Fleet Safety & Security Plan¹² and 3-month trial of Fleet Remote Access Plan¹²
- Pickup box delete
- ProGrade Trailering System (includes in-vehicle trailering app)¹³
- Rear-seat air vents (Double and Crew)
- Rear Camera Mirror⁴
- Rear Cross Traffic Alert⁴
- Safety Alert Seat⁴
- Snow Plow Prep Package
- Spray-on bedliner
- Trailer tire pressure and temperature monitors¹⁴
- Upfitter switches¹⁵ (5)
- X31 Off-Road Suspension Package

RESOURCES

READY TO WORK

The 2021 Sierra Heavy Duty is designed to stand up to the toughest jobs, with advanced trailering technologies and other options that help take that capability even further.

2020 GMC Sierra 3500 HD SLE Regular Cab Long Box DRW shown.

TWO FLEET-SPECIFIC PACKAGES

The Fleet Convenience Package and Fleet Comfort Package were designed with your business in mind. They offer features like a 10-way power driver seat and an EZ-Lift Power Lock and Release Tailgate to help keep drivers both comfortable and productive.

NEW SAFETY ESSENTIALS PACKAGE

Give your drivers the added confidence of Automatic Emergency Braking¹ and Forward Collision Alert¹ with the new Safety Essentials Package. Cruise control, steering wheel-mounted audio controls and a Driver Information Center are also included.

BUILT FOR TRAILERING

The Sierra Heavy Duty Gooseneck/Fifth-Wheel Prep Package offers a factory-installed hitch platform that's installed while the truck itself is being manufactured, eliminating the time-consuming aftermarket installation process.

BUILT TO GET THE JOB DONE

The 2021 Chevrolet Silverado 4500 HD, 5500 HD and 6500 HD Chassis Cabs are engineered from the ground up to help make your fleet more capable, more productive and more efficient.

7
CAB-TO-AXLE
Options

10
WHEELBASE
Options

5
AXLE-TO-END-OF-FRAME
Options

A. TILT FORWARD HOOD

Lightweight fiberglass tilt engine cover with integrated hand grips makes maintenance easy and efficient.

B. IMPRESSIVE MANEUVERABILITY

A wheel cut of up to 50 degrees creates a tight turning radius and allows for easy access to the engine bay during service.

C. PROVEN POWER

Standard Duramax® 6.6L Turbo-Diesel V8 engine paired with an Allison® automatic transmission offers your business the strength and versatility to get the job done.

D. BATTERY BOX

Easy-to-reach battery box with available auxiliary jump-start stud located below the driver side of the cab.

E. COMFORTABLE INTERIOR

Cabins that blend comfort with capability, featuring easy-to-reach knobs, buttons and interfaces and inlaid doors to help minimize wind noise.

F. CLEAN TOP OF FRAME

Single-piece frame rails with no welds or brackets and a clean top of rail allow for optimized upfit integration.²

1 Cargo capacity limited by weight and distribution. **2** These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. **3** Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo, and options or accessories may reduce the amount you can tow. **4** Maximum Gross Vehicle Weight Rating (GVWR). When properly equipped; includes weight of vehicle, passengers, cargo and equipment. **5** When properly equipped; includes weight of the vehicle and trailering combination, including the weight of driver, passengers, fuel, optional equipment and cargo in the vehicle and trailer.

1. Whichever comes first. See dealer for limited warranty details.
2. Includes first required maintenance visit as stated in vehicle maintenance schedule. Maintenance visit consists of oil change, tire rotation and Multi-Point Vehicle Inspection. Service will be performed using ACDelco dexos1® Full Synthetic oil and ACDelco filter. Bolt EV maintenance consists of tire rotation and Multi-Point Vehicle Inspection. Service visit must occur within the first year of ownership from date of purchase. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9.
3. For Diesel models, maintenance includes first required maintenance visit as stated in vehicle maintenance schedule. Maintenance visit consists of an oil change, tire rotation and Multi-Point Vehicle Inspection and Diesel Exhaust Fluid (DEF) fill. Service will be performed using ACDelco dexos2 or Mobil Delvac™ 1300 CK4 oil and ACDelco filter and ACDelco Diesel Exhaust Fluid. Service visit must occur within the first year of ownership from date of purchase. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9.
4. Chevrolet Corvette maintenance includes one required maintenance visit as stated in vehicle maintenance schedule. Maintenance visit consists of an oil change and Multi-Point Vehicle Inspection. Service will be performed using Mobil 1 ESP 0W40 oil and ACDelco filter. Service visits must occur within the first year of ownership from date of purchase. Does not include air filters. See participating dealer for other restrictions and complete details. Excludes vehicles ordered with fleet delete option RY9.
5. Gasoline engine powered Low Cab Forward units are covered for 5 years/75,000 miles, whichever comes first. Certain commercial fleet and/or government fleet vehicles equipped with a gas engine, purchased under a qualifying fleet account number are covered for 5 years or 100,000 miles, whichever comes first. Diesel engine powered Low Cab Forward units are covered for 3 years/unlimited miles.
6. Whichever comes first. A "Qualified Fleet User" is defined as, subject to below exclusions, any company: (a) which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) principally for business use in its operation within the last 12 months; (b) that currently owns or leases five (5) or more medium duty trucks used in its company service; or (c) that currently owns or leases fifteen (15) or more cars and trucks used in its company service.
7. Tires also covered under the Bumper-to-Bumper Warranty but are prorated based upon mileage. See dealer for warranty details.
8. The tires supplied with Low Cab Forward Trucks are covered by Chevrolet against defects in material or workmanship for 2 years or 24,000 miles, whichever comes first. Wear-out is not considered a defect, and it may occur before the vehicle warranty expires. In this case, the owner is responsible to purchase replacement tires, or seek coverage solely from the tire manufacturer.
9. If the vehicle has a warrantable failure, see your Owner's Manual for full details on the Courtesy Transportation program.
10. During the 8-year/100,000-mile Electric/Hybrid warranty period, towing is covered to the nearest Chevrolet/GMC/Buick/Cadillac servicing dealer if your vehicle cannot be driven because of a warranted Electric/Hybrid-specific defect.
11. Low Cab Forward Truck sheet metal panels are covered against corrosion and rust-through for up to 4 years/unlimited miles.
12. Customer maintenance item after 7,500 miles.

FLEET ACCOUNT NUMBERS

ESTABLISHING A NEW GM FLEET ACCOUNT NUMBER (FAN)

A. DETERMINE IF A PROSPECT IS QUALIFIED:

Fleet Account Numbers are assigned to qualified fleet companies upon application to General Motors through the GM Fleet Account Number System (GMFANS).

ENROLLMENT TERMS AND CONDITIONS

A "Qualified Fleet User" is defined as, subject to below exclusions, any company: (a) which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) principally for business use in its operation within the last 12 months; (b) that currently owns or leases five (5) or more medium duty trucks used in its company service; or (c) that currently owns or leases fifteen (15) or more cars and trucks used in its company service. Vehicles must be titled/registered in the company name (personal vehicles are excluded). If a prospect is qualified as a fleet customer, a General Motors Dealer is required to submit a fleet enrollment application. Supporting documentation must be retained by the Dealer and made available to GM upon request (i.e., Titles, Registrations or Proof of Insurance). Requester may be asked for additional documentation. A Qualified Fleet User will not include: OEM and OEM Dealers; Dealer rental, Dealer lease, Dealer parts companies; used car businesses or dealerships; brokers; or any other similar entities as determined by GM in its sole discretion. Further, companies listed on GM's suspected exporter list will not be deemed Qualified Fleet Users, and if a FAN has already been issued, such FAN will be revoked.

New motor vehicles ordered under fleet must be delivered to the same Qualified Fleet User (same GM Fleet Account Number or FAN). Vehicles delivered to a qualified fleet customer, must be reported with a fleet delivery type. In addition, vehicles must be kept in fleet service by the same Qualified Fleet User for a minimum of six (6) months from the date of delivery unless a different fleet service requirement is specified in the official written program guidelines provided by GM.

The Qualified Fleet User, by executing the Enrollment Form, certifies it is a Qualified Fleet User, acknowledges the fleet program eligibility requirements specified therein, and agrees to comply with the requirements. Additional eligibility requirements for specific fleet programs, as issued by GM to its Dealers from time to time, will be made available to Qualified Fleet Users by the selling Dealer as required.

The Qualified Fleet User further agrees to provide, upon request by GM or the selling Dealer, access to original business records confirming that vehicles were registered, used and transferred only in accordance with GM program requirements. In the event (1) a Qualified Fleet User orders new motor vehicles from a Dealer and identifies them as fleet units eligible for GM Fleet programs, and those vehicles are not used by Qualified Fleet User in accordance with program requirements, or (2) GM declares that any other actions of a Qualified

Fleet User are inconsistent with this program, GM will take appropriate action, in its sole discretion and with or without notice to the Qualified Fleet User, which may include the disqualification of the Qualified Fleet User and/or Dealer from future participation in fleet programs, and the issuance of chargeback against the Dealer or identified Qualified Fleet User for any special allowances, incentives, special option packages or other promotional programs which GM paid or credited to the Dealer or identified Qualified Fleet User as a result of inaccurate representations. In the event of such a chargeback to the Dealer, the Qualified Fleet User agrees to reimburse the Dealer.

B. IF A PROSPECT IS QUALIFIED:

A General Motors Dealer is required to submit an enrollment application through GM Global Connect. The enrollment application can be found on the GM Global FANS website. The following information is required:

1. Name of business
2. Physical address
3. Phone number
4. Copies of titles, registrations, or proof of insurance of minimum vehicle requirement, in the company name
5. Completed Qualified Fleet User Signature Form

Upon completion of the enrollment application on the website, Dealer will submit this document electronically. Upon processing, a General Motors FAN will be issued and the requesting Dealer will be advised of the FAN via online application and e-mail.

All supporting documentation of the prospect's fleet eligibility must be retained at the dealership submitting the enrollment application.

STANDARD FLEET ELIGIBILITY GUIDELINES

Unless otherwise indicated, the following eligibility guidelines will apply to all fleet incentive/allowance programs:

- A. The order period will begin with the announcement of the 2020 model year fleet incentive programs and end when Dealers are notified that 2020 model year orders are no longer being accepted by the respective GM Divisions.
- B. The delivery period is the start of 2020 production.
- C. Eligible vehicles must remain in service for a minimum of six (6) months (even if the retail alternative incentive is selected). However, if a vehicle has been damaged beyond repair (i.e., fire, frame or water damage, etc.) and documentation is available to support the condition, this provision will be waived.
- D. All qualified fleet orders for eligible models received from Dealers must contain a valid fleet order type.
- E. All qualified fleet orders for eligible models received from Dealers must contain the GM Fleet Account Number (FAN) of record and the FAN account name.

- F. Dealer Order Acknowledgments must be checked to verify accuracy of orders submitted.
- G. Dealer orders currently on hand or in the system that qualify under these programs, except that they do not contain the appropriate processing options, can be amended or canceled and reordered if they have not been approved for production (preferenced). This is the ordering Dealer's responsibility.
- H. Vehicles delivered to unqualified customers are ineligible, and the Dealer's open account will be debited for the amount of the credit and any other fleet allowance paid. Failure to comply with these guidelines may also result in the Dealer being disqualified from future participation in fleet programs and/or termination of the Dealer's Sales and Service Agreement. Failure to report a FAN and valid fleet delivery type on the delivery record, if required by the GM Division, will automatically generate a debit to the Dealer's open account.
- I. Eligible passenger car deliveries must be made to the ultimate customer through a dealership representing the GM marketing division. Passenger car deliveries made through any entity or individual other than the General Motors Dealer are ineligible for payment. Eligible light-duty truck orders may be delivered through body builders if the end user is a qualified fleet or political subdivision, including the federal government.
- J. Dealers must take full responsibility for including the proper processing option on the orders. No additions or changes will be accepted after orders are approved for production (preferenced).
- K. Fleet orders submitted with both a fleet processing option and any ineligible fleet or retail incentive option will be rejected with an error message.
- L. Acceptance of an order on any vehicle line does not constitute a commitment to build or to build in a requested time frame.
- M. Those orders not produced during the 2020 model production period will be canceled. There are no provisions for Dealers to receive any allowance for those canceled orders.
- N. Order Workbench delivery codes reported by Dealers must be the same as the Order Workbench codes provided in incentive program guidelines.

IMPORTANT

Information contained in this reference guide is intended to be a quick reference digest only. In no way does it supersede program Dealer letters or guidelines. To assure accuracy, check official documents before placing any orders. Specific questions or requests for assistance should be addressed to GM Fleet.

BUSINESS CHOICE OFFERS

FLEXIBLE SOLUTIONS FOR YOUR BUSINESS

2020 vehicles shown with upfits from an independent supplier and are not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety and quality of independent supplier alterations.

The 2020 BUSINESS CHOICE OFFERS¹ can give you the best value on the vehicles you count on to keep your business moving. With cash allowances on either eligible GM Accessories or Upfits, you have more ways to get a deal on the purchase of your new Chevrolet or GMC truck or van or a Chevrolet Bolt EV.

Add your best available retail offer to your deal and discover a value that simply can't be beat.

BUSINESS CHOICE OFFERS

ACCESSORY
CASH ALLOWANCE²
on eligible accessories

OR

UPFIT CASH
ALLOWANCE²
on eligible upfits³

¹ 2020 GM BUSINESS CHOICE PROGRAM REQUIREMENTS: The 2020 GM Business Choice Program is valid from 1/3/2020 to 1/4/2021. Customer must purchase or lease their vehicle during the program period and be prepared to provide proof of business ownership. Vehicle must be used in the day-to-day operations of the business and not solely for transportation purposes. This program may not be compatible with other offers or incentive programs. Consult with your Chevrolet or GMC Dealer for program compatibility and other restrictions. For complete program requirements, including information regarding offers, vehicles, equipment, options, warranties, and ordering, consult your Chevrolet or GMC Dealer. ² Eligible purchases must be equal to or greater than the amount of the cash allowance. Accessory Cash Allowances require purchase of eligible accessories from your Chevrolet or GMC Dealer. ³ Upfits are provided by independent suppliers. GM is not responsible for the safety or quality of design features, materials or workmanship of any alterations by any such supplier. Not available with some other offers. Take delivery by 1/4/2021.

ABOUT THIS GUIDE

We have tried to make this guide comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this guide and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings, prototypes and laboratory tests.

Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of release, please check with your GM Dealer for complete details. Competitive comparison claims are based on most current competitive information. GM reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

The vehicles described in this guide are equipped with engine and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers, and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly. Some of the equipment shown or described throughout this guide may be available at extra cost, and/or supplied by an independent supplier.

See your local General Motors Fleet Account Manager or Dealer Fleet/Commercial Sales Manager, or go to gmfleet.com for up-to-date information.

COPYRIGHT AND TRADEMARK

Copyright 2020 General Motors. All Rights Reserved. All text, images, graphics and other materials in this Guide are subject to the copyright and other intellectual property rights of General Motors LLC. These materials may not be reproduced, distributed or modified without the express written permission of General Motors LLC.

The marks appearing in this guide including, but not limited to: (i) GM and the GM Logo; (ii) Chevrolet, Buick, Cadillac and GMC and their respective logos, emblems, slogans and vehicle model names and body designs; and (iii) other marks such as ACDelco, Active Fuel Management, GM Fleet, Duralife, Duramax, Dynamic Fuel Management, ECOTEC, Magnetic Ride Control, QuietTuning, Rainsense, Regen on Demand, SkyScape, SmartSlide, StabiliTrak, UltraView, Vortec, Z71 and ZR2 are trademarks and/or service marks of General Motors LLC, its subsidiaries, affiliates or licensors. OnStar and the OnStar emblems are registered trademarks of OnStar LLC.

Apple CarPlay is a trademark of Apple Inc. Siri, iPhone and Apple Music are trademarks of Apple Inc., registered in the U.S. and other countries. Android and Android Auto are trademarks of Google LLC. Brembo is a registered trademark of FRENÍ BREMBO S.P.A. The Bluetooth word mark is a registered trademark owned by Bluetooth SIG, Inc. Wi-Fi is a registered trademark of Wi-Fi Alliance. Bose and Centerpoint are registered trademarks of the Bose Corp. SiriusXM, the SiriusXM logo, channel names and logos are trademarks of SiriusXM Radio Inc. and are used under license. HD Radio is a registered trademark of iBiquity Digital Corporation in the United States and/or other countries. Blu-ray and its logo is a trademark of the Blu-ray Disc Association. Allison Transmission is a trademark of Allison Transmission, Inc. Goodyear is a trademark of the Goodyear Tire & Rubber Company. RECARO is a trademark of Recaro Holding GmbH. Michelin Pilot and SelfSeal are registered trademarks of Michelin North America.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials, or workmanship of any alterations by such suppliers.

Sitting too close to an airbag when it deploys can increase the risk of serious injury or death. Always properly wear your seatbelt. See Owner's Manual for more information.
