 - With Coanda Plus technology for far-reaching, even air flow around the room
 - Sleep mode for optimal comfort throughout the night

DIMENSIONS

Height	292 mm
Width	805 mm
Depth	200 mm

FEATURES & BENEFITS

UV Protect sterilisation

UV Protect helps to deliver clean air to your room using Health mode, with built-in LED UV lights that kill airborne Staphylococcus aureus bacteria and the H3N2 virus at more than 91% effectiveness under specific test conditions.*

Voice and remote control

Use the SmarthQ™ app to turn on your air conditioner from anywhere to ensure the perfect temperature when you get home, or use your Wi-Fi enabled air conditioner with Google Home or Amazon Alexa voice control.

Coanda Plus airflow

Engineered to send airflow further, an aerodynamic louvre design helps to circulate air evenly throughout room.

Sleep mode

Sleep mode supports your ideal sleeping environment, raising, lowering or maintaining the temperature throughout the night to ensure maximum comfort.

Turbo mode

With the Turbo function, the motor and fan work at a higher frequency so you can enjoy a cool or warm room within a much shorter time.

Healthier air

Your air conditioner will continue working efficiently to produce clean air with innovations such as a carbon filter and anti-bacterial silver ion coating that help to filter and kill bacteria.

Easy installation and maintenance

Designed to help your installer get the job done fast, your air conditioner comes with simple positioning specifications. The control board and

motor are also easily accessible for maintenance.

SPECIFICATIONS

Capacity

Cooling capacity (kW)	2.5kW
